SKIN TROUBLE on the Scalp

SKIN DRIED AND CRACKED AND HAIR FELL OUT—CURED BY DR. CHASE'S OINTMENT.

Eczema is annoying and distressing at any time, but doubly so when it gets into the scalp and causes the hair to fall out. Here is a grateful letter from a lady who was cured by using Dr. Chase's Ointment. The Hon. Hector Currie, Tolbovery, Ont., writes:—"I was cured of a disagreeable skin disease of the scalp by using Dr. Chase's Ointment. The trouble started with itching and pain in the scalp, the skin would get dry and crack, and at times would bleed, and the hair would fall out. I tried three doctors without benefit, and suffered for three years. Reading in the almanac about Dr. Chase's Ointment, I began its use, and am now completely cured. The hair has grown again, and I am as well as I ever was. You are at liberty to use this letter, for I am glad to recommend so excellent a treatment."

Dr. Chase's Ointment has no rival as a cure for itching skin disease.

ROOFING

The General says:

There's a reason for the big demand for our roofing in spite of the European war. It is because we combine in our products the two great essentials that guide consumers in the choice of their goods—highest quality and reasonable prices.

Certain-teed

Quality Roofing Durability Guaranteed

is our leader; it represents the last word in the manufacture of modern, scientific roofing; its quality is the very highest that can be made anywhere in the world, and it is sold at a reasonable price.

If you have to be shown, remember we back up our statements by a regular guarantee in writing that 1-ply will last 5 years, 2-ply 10 years, and 3-ply 15 years, and that we stand behind this guarantee with the biggest roofing and building paper mills in the world.

LITTLE MEN IN BIG JOBS.

One of the great criticisms of the American Government is that political offices are too frequently filled by inferior men, whose character and capacity do not properly fit them for the business of passing just and wise laws. These men creep into Congress and the State Legislatures by "playing to the gallery" for votes and popularity, and instead of helping to pass good laws for the greatest good of the greatest number of people, seek merely to advance their personal power and prestige by advocating laws that ignore fundamental principles of business and are economically unsound and destructive in their effect on everybody. Congress legislation is given in return for political debts, and special laws are often favoring political henchmen or "crony" contractors at home. Such men may gain some temporary advantage but are always discovered and eventually retired. Those who have made long honorable records in public life were above this type.

Economic conditions adjust themselves under the best any kind of laws, and in the long run, the order of things is bound to equalize in some form of a square deal. Class legislation always reacts on the people who are supposed to benefit by it.

What we need in our legislative halls is a class of men who do not seek to advance special interests or who do not seek too much personal prestige, men who are level-headed, honest and unprejudiced on any social, political or economic question, familiar with the fundamental principles of business and industry and are willing to work for favors toward no one and a square deal for all.
