

THE KING'S COUNTY GUARDIAN

Office in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

The latest news, first of all.

All amounts for Guardian advertising and subscriptions in Montague and vicinity should be paid to W. A. Johnstone, agent.

Montague dealers are paying 42 cents a bus for oats, 22 to 25 cents a bus for potatoes, 22 cents a lb for butter, 23 cents a doz for eggs, \$10 a ton for hay, 9 cents a lb for pork, 16 cents a lb for turkey, 12 cents a lb for geese and ducks and chickens 6 to 10 cents per lb.

Leslie and Miss McMillan will have the sincere sympathy of their many friends in Bloomfield and Elmsdale, in the loss they have sustained, by the death of their little child. In spite of all the skill and care he received he gradually grew worse and passed away in the presence of sorrowing parents and friends. The funeral was held on Friday and the services were conducted by Rev. J. H. MacIntyre.

On the evening of December 15th a very pretty wedding was solemnized at the home of Wm and Mrs. MacIntyre, Hillcrest Farm, Montague, when their daughter, Miss Margaret, was united in marriage to James Ross Shidow of Millview. The bride was attended by her cousin, Miss Alice Gordon, while Frank MacIntyre, brother of the bride, supported the groom. The bride, who looked charming, entered the room leaning on the arm of her father to the strains of the Lohengrin wedding march played by Miss Mima Bourke. The ceremony was performed by the Rev. P. A. Wightman, the pastor of Montague Methodist church, in the presence of the near friends and relatives of the contracting parties. After the ceremony a sumptuous supper was served in the dining room. The remainder of the evening being pleasantly passed with games and music, the company broke up after wishing Mr and Mrs. Shidow long life, prosperity, and happiness. The bride was the recipient of many useful and valuable presents, among which was a beautiful parlor suite of furniture from her father, and a costly set of furs from her groom. The happy couple left on the following day for their future home in Millview.

All amounts for Guardian advertising and subscriptions in Souris and vicinity should be paid to A. J. McDonald, agent.

A deep gloom has been cast over Mount Hope and adjacent settlements by the passing away from time to eternity of Margaret J., wife of James Robertson, which deserves more than a passing notice. The deceased was a woman of more than ordinary cheerfulness and kindness of disposition. The writer recalls the time (21 years ago) when she came to this settlement, a young woman with her husband, and she soon made her presence known for good. In suffering and affliction she cheered all with whom she came in contact with her helpful words, always remembering the shyness and uncertainty of life. She left a great number of friends, and few if any enemies. After a week's illness of pneumonia she died as she lived, trusting in the finished work of her Redeemer. On Wednesday, the 23rd Dec, her remains were laid to rest in the Burial Cemetery followed by a large concourse of sorrowing friends and neighbors. Rev. M. S. McLeod conducted a solemn service at the house and grave. She leaves to mourn a sorrowing husband, one son, Charles in B. C., Ethel May who just arrived from Boston in time for the funeral, and Mrs. E. A. home. Also an aged mother, Mrs. Thomas, Mayfield; two brothers, Alex, Mayfield; and William in Boston, and three sisters, Caroline, Mrs. G. Robertson, St. John, N. B., Alice and Ethel in Boston. The pall bearers were John McInnes, James McLeod, A. McDonald, H. Dockendorf, Mount Hope, Daniel Earty, Harrington and John St. Melure, Albion.

The N. T. C. REPORTS PROGRESS ON RAILWAY

OTTAWA, Dec 31.—"Progress" reports by the National Transcontinental Commission for the year just closing show that 330 miles of track exclusive of the sidings have been laid during the year, making a total of steel track laid between Moncton and Winnipeg, approximately 700 miles. About 400 miles more are graded, leaving 800 miles still to be graded. The expenditure during the year has been \$20,000,000 and 17,000 men have been employed.

DISCOVERY OF REMARKABLE RELIC

PARIS, January 1st.—North Siberia was a happy hunting ground of the mammoth and other prehistoric beasts of huge size. That is why to-day the following relic is greatly favored by those who seek relics of the animals of many centuries ago. Scientists dug up the flesh of a mammoth, with a part of the skin and flesh and one eye cavity in a good state of preservation. The right hind foot was next found, this also being well preserved. The hair still clinging to it was from five to six inches in length. This excellent state of preservation is not uncommon as might be imagined. These prehistoric remains are found in other parts of Europe, but they are most abundant in the frozen region of European and Asiatic Russia, about the mouths of rivers flowing into the icy sea. Indeed there is scarcely a river in Siberia in whose bed or on whose banks these remains have not been found, as well as in the adjacent plains, in connection with bones of other animals now strangers to the climate. In fact, fossil ivory is so abundant and so well preserved in some parts of Siberia as to furnish a considerable amount of traffic. The most remarkable discovery of a mammoth was that of a carcass found by a Tungus fisherman in a block of ice on the border of the Arctic sea in 1799, near the river Lena. In the course of a few years this immense mass became thawed so that its contents could be more closely examined. It was found to be a mammoth, having the flesh and soft parts well preserved. In 1846 these remains were found to be yet in a good state of preservation, except for such of the more exposed portions as had been eaten by bears dogs and other carnivorous animals. The bones were collected and taken to the museum at St Petersburg, where the mounted skeleton may now be seen in a nearly perfect state. The tusks of this animal weighed 300 pounds; but then, a full-brown mammoth various from nine to eleven feet in height.

They Keep The Brakes Set And So Can Never Do Their Best

Many men, and more women, go through life like a train with the engine tugging, but the brakes hard on. They never get anywhere near top speed, because they are never really well. Probably they do not own even to themselves that they are sick, but they scarcely know what it is to really "feel good". Always there is headache, or that "dragged out feeling" which makes good work, either mental or physical, utterly impossible. The most common trouble with all these people is that they have Constipation. Their systems are poisoned with the waste matter, which stays in the blood, instead of being promptly removed by the bowels. Harsh purgatives are worse than no treatment at all, because they weaken and irritate the bowels, instead of curing the trouble. The natural and permanent cure for Constipation, is "Fruit-a-tives". "Fruit-a-tives" combines the well-known laxative principles of apples, oranges, figs and prunes. So perfect is the combination, that "Fruit-a-tives" acts like the fresh fruit, by stimulating the sluggish liver to supply the proper amount of bile to move the bowels regularly. The most stubborn cases of Constipation promptly yield to the curative and corrective effects of "Fruit-a-tives". 50c. a box, 6 for \$2.50, or trial box, 25c.—at dealers or from Fruit-a-tives Limited, Ottawa.

They Keep The Brakes Set And So Can Never Do Their Best

CHICAGO, Jan. 1.—The gospel of "votes for women" will be spread through Illinois by means of the drama. Three companies are on the point of being organized in Chicago for amateur performances of plays dealing with suffrage. They will be produced on an elaborate scale. The performers, managers, stage hands and property holders are to be drawn from the ranks of the suffragist party exclusively. "THE D & L" EMULSION may be taken with most beneficial results by those who are run down or suffering from after effects of a gripe.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this is inflamed, the tube becomes closed and deafness is the result. It is entirely cured by the use of the Deafness Cure, which restores the normal condition. Hearing will be restored forever. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circular, free. E. J. CHENEY & Co., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

SUNDAY SCHOOL LESSON

JANUARY 9. BAPTISM AND TEMPTATION OF JESUS. Matt. 3:13-17—4:1-11. GOLDEN TEXT. "In that He himself hath suffered, being tempted, He is able to succour them that are tempted."—Heb. 2:18. POINTED SUGGESTIONS. By Rev. D. W. Snider.

Jesus numbers Himself with the transgressors by submitting to, and indeed, requesting a baptism that was a confession of sin, and which was unto repentance. As a mother shares the shame of her prodigal boy or wayward girl, though her personal conduct is above suspicion or reproach, so it would appear that the consciousness of the sins of men whom He came to redeem so shadowed the spirit of Jesus that He sought the baptism of cleansing which they needed while He consecrated Himself to fulfill all righteousness. The humiliation of the manger-cradle, of which the babe Jesus was unconscious, while He thus from the attainable heaven He became manifest in the flesh, was a humiliation which was voluntarily taken when upon the threshold of His sacrificial ministry and borne with unwavering willingness until His death upon the Cross. He became poor.

But His humiliation into the place of the sinful was His exaltation. The Spirit descended upon Him and became in fullness His indwelling Guest, so that from the hour that the amazed John the Baptist granted the request of the Sinless One for a sinner's baptism, it was evident to all that the Man of Nazareth went about, even as He went into the wilderness, led by the Spirit. When the character is sealed and set in holiness it is pledged to victory.—One day it shall be able to say, "I glorified Thee on the earth, having accomplished the work which Thou hast given me to do."

While that is so the devil does not seem to be aware of it. None are exempt from his strategic endeavors. He is prepared to try conclusions with

Don't Fool with Grippe. YOU can check Grippe, Bronchitis, Croup, and many other similar troubles if you take Johnson's Anodyne Liniment internally. As soon as your eyes water and your head and bones ache, you know you're in for Grippe. That's the time to use this famous 99-year-old remedy. It also affords quick relief from Colic, Cholera Morbus, Cramps, etc., when taken internally. Inflammation, sprains, burns, cuts and bruises, etc., should always be treated with

JOHNSON'S ANODYNE LINIMENT. 25c and 50c a bottle. I. S. JOHNSON & CO., Boston, Mass. Faryens' Pills are best of all laxatives. Sure relief from Constipation, Biliousness, etc.

Charlottetown BUSINESS COLLEGE. TEACHERS AND TYPEWRITING. The above institution re-opens on Tuesday, January 4th, 1910. Intending students should enter on or as soon after the opening as possible, for delays are dangerous. The vast amount of work accomplished during the first part of the Collegiate term, as evidenced in the Xmas report is the result of practical courses in the hands of a large staff of thoroughly competent and enthusiastic teachers with facilities second to no institution in Canada. Special class-rooms are now ready for those who require special instruction or coaching. Another Typewriting department has been opened, equipped with the very latest and best machines made, and a large supply of machines are kept in stock for those who wish to put in extra practice at their boarding houses. While everything is done to assist and forward the interests of the students, our tuition rates, owing to the large patronage are lower than is charged by many institutions having little or no equipment. As there will be a great demand for skilled labor next spring, NOW is the time to prepare for the harvest. Our Trembley Special Course, for those who cannot remain longer, is just what is required to fit you for a position. REMEMBER! The school you attend will have much to do with your employment, for it will be your recommendation to the business world. Where is the Charlottetown business College, not known? For rates with full particulars apply at once to
