LIVESTOCK

(Canadian Press)

MONTREAL, April 17—Offerings on the two local livestock markets today totalled 100 head. Receipts were composed of 4 calves, 83 hogs and 13 sheep. In addition, about 300 cattle were held over from Monday's and Tuesday's markets.

The four calves were sold at $8.50 and the balance of the stock was not sold at time of writing.

MONTREAL EXCHANGE

(C. P. By Guardian's Special Wire)

MONTREAL, April 17—Interest continued slack on the Montreal Stock Exchange today and as a result price changes were confined to minor fractional amounts with only one or two features brightening a dull list. Volume was slightly heavier than yesterday.

Absence of any particularly stimulating business news was reflected in a noticeable lack of interest. The market continued in the wake of Wall Street, where prices failed to show signs of buoyancy.

Power issues were again irregular. Only minor movements were reported in the hydro group on the Montreal bond market and traders appeared more than willing to neglect utilities until the outlook became more certain. Canadian Hydro Electric preferred rose 7-8 at 44 and Montreal Power showed a small gain while Shawinigan was narrowly lower.

Strength was again noted in a number of textiles with Canadian Celanese stocks the main leaders. Celanese common advanced 1-2 at 21 1-2 and the preferred shares a point at 106. Sales were 12,029 shares; bonds $7,175.

MORNING MARKET LETTER

NEW YORK, N. Y., April 17—Little change occured in the market yesterday. The Industrials recovered from the first hour to sell off, while the rails were virtually unchanged all day. The chemical group largely accounted for the strength in the Industrial list. The Oils also, however, were relatively strong. Wheat and some other commodities have been strong lately which, coupled with the action of the chemicals and metals, has brought out discussion of an inflation market. The market still appears to be in fairly good position, but unless the rails show more strength within the next couple of days, a reverse picture may be presented.

Laidlaw and Company.

SUMMARY

NEW YORK, N. Y., April 17—"Iron Age" says steel demand is well maintained and ingot output has risen 1-2 point to 46 1-2 per cent of capacity.

Amn. Petroleum Institute estimates gasoline stocks in week ended April 15th at 56,108,000 barrels decrease of 23,000 from previous week.

Delaware and Hudson Feb. net loss $294,134 after charges vs $183,792 in Feb. 1934, two months net loss $602,540 vs $342,920.

Chesapeake and Ohio March surplus $2,900,666 after charges vs $3,087,592 in March 1934, three months surplus was equal to 92 cents a common share vs. 92 cents in first three months of 1934.

Department of Agriculture predicts somewhat higher wheat prices and continues high livestock prices for the next month. Dept. reports the general level of farm prices is somewhat higher at present than a month ago, while during the next few months farm prices generally, especially farm crops will be largely influenced by weather conditions.

SEC announced regulations to govern trading on exchanges in the form of 16 suggested rules, largely regulating floor trading operations with the request that every National Securities Exchange Incorporate in their rules the recommendations made by the Commission.

U. S. Electric Power output in week ended April 13th was up 5.1 per cent., over like 1934 week vs. an increase of 5.2 per cent in previous week.

BANON SAYS

MONTREAL, Que., April 17—A sharp advance in Allied Chemical and renewed strength in the silver and oils were the outstanding features of yesterday's session. The rest of the list however, churned around and in general failed to make any headway.

Yesterday's marked irregularity adds to the evidence favoring a minor setback from the current level. Quick traders might accept partial profits here and re-instate on a reaction.

Gold shares extended their advance slightly yesterday. Market action of golds is moderately bullish and the probabilities favor further advance from the current level. On minor dips the following may be considered as buys: Dome, McIntyre, Wright Hargreaves, Hollinger, Teck Hughes, Central Patricia and Can Malartic.

Banon.

BANON'S "NOON LETTER"

MONTREAL, Que., April 17—Signs of resistance to advance continue to appear and some reaction from the current level remains a likelihood.

A material change in the Rayburn Public Utility Act of 1935 from its present form was predicted by T. Hobard Porter, President of the American Waterworks and Electric Co., at its annual meeting held on Tuesday.

Writing in the magazine "Steel", Colonel Leonard P. Ayers states that the profit deadline for the steel industry is 41.7 percent operating capacity. He calculates that the industry breaks even at this rate of capacity.

Silver shares reacted in the last few days in sympathy with a dip in the price of silver. This may be regarded as a temporary setback since the outlook is decidedly in favor of materially higher prices for the white metal during 1935.

Jamaica Public Service and subsidiary companies reports 1934 gross earnings of $829,751 against $802,259 in 1933. $1.75 earned on common against $1.48 in 1933.

Southern Canada Power Co reports March net earnings at $100,357 as compared with $114,519 in March a year ago.

Canada's external trade in March totalled $106,071,105 increase of $936,629 over year ago. Customs and excise revenue lower.

The sustained activity being witnessed in motor and auto accessories shares may be traced to the general expectation that such production in May will equal the output of the current month. The outlook for both these divisions remain bullish, but the diversified output of the accessory companies over those of the motors accounts for the greater speculative popularity of the shares of the former division.

Seasonal demand and signs that gasoline prices will likely experience further advances are factors behind the strength currently being witnessed in Standard Oil of New Jersey. The Companies operations during 1934 show a substantial improvement as compared with 1933. It is estimated that earnings for the year will be about $1.45 a capital share which would compare with earnings equal to 97 cents a share in 1933.

MARKET GOSSIP

MINING

(Canadian Press)

TORONTO, April 17—The mining section of the Toronto exchange reflected weakness in metal prices today, a majority of the silver and base metal shares registering narrow losses while the golds held almost steady. Senior golds were slow with exception of Pioneer which advanced 25 cents on good turnover and the penny golds made up for the listless performance of a majority of the medium-price gold issues.

For the fourth day in succession the silvers weakened but on much reduced turnover. Eldorado eased back 7 cents, Nipissing 5, Bear a point and Peterson-Cobalt 1-4. A drop in the quotation on bar silver was evidently the main depressing factor. Broken lots of Noranda traded quite actively and the price was pulled down 50 cents.

NEW YORK, April 17—Slightly lower rates prevailed in the foreign exchange market today.

The pound sterling, moving within a narrow range, closed at $4.85 1-4 for a loss of half a cent. The Canadian dollar extended its discount from 1-4 to 5-16 per cent while the French franc, closing at 6.59 1-4 cents, showed a loss of .00 1-2 of a cent.

MONTREAL, April 17—Currencies closed irregular on Montreal foreign exchanges today with the pound sterling showing a small decline, the United States dollar a narrow gain and the French franc holding unchaged from yesterday.

The pound lost 1-16 of a cent at $4.86 15-16 while the dollar was up 3-32 of one percent, at 11-32 of one per cent premium. The franc continued at 6.62 cents.

RAIL SHARES LEAD MARKET DROP ON N.Y.

(By Frank MacMillen, Associated Press Financial Writer)

(A. P. By Guardian's Special Wire)

NEW YORK, April 17—Selling of rail stocks and bonds finally got on the speculative nerves today and all sections of the stock list dipped in the late trading.

The periodic nervousness over the carrier situation which has set off selling several times in recent weeks came to the fore again as the Chicago & Northwestern announced its intention of postponing payment of the interest due on May 1 on its 4 3-4 per cent convertible bonds.

By focussing attention on a known weak spot in the financial picture, the anouncement was sufficient to reverse the moderate showing of strength which had appeared in some other sections of the stock market in early dealings, and fractional losses were the rule among leading equities at the close.

The grain markets were likewise an unsettling factor. Rail trouble afflicted the bond market, as it did the stock list.

In the Canadian list Ford of Canada "A" droped about a point while the "B" shares were up as much. Other Dominion issues showed losses ranging up to 1 1-4 points in the case of Hiram Walker. These included Dominion Stores, International Nickel, Noranda, Distillers-Seagrams and Imperial Oil. Canadian Pacific and Dome Mines were slightly higher.

At no time during the session could liquidation of stocks have been termed urgent. The turnover on the stock exchange although a little higher than on Tuesday, aggregated only 855,540 shares. The Associated Press average for 60 stocks declined .6 of a point at 38.1. Industrials and rails gave more ground than utilities, but even the latter were soft for the most part.

CANADA SECOND LARGEST GOLD PRODUCER

(C.P. By Guardian's Special Wire)

OTTAWA, April 17 — Canada claims to be the second largest producer of gold in the world, being slightly ahead of the United States. South Africa heads the list by a large margin.

Russia, however, claims to have exceeded Canada last year, but the figures available here do not bear out this assertion.

IN MEMORIAM

MRS. ANGUS MACDONALD

There passed peacefully away at her home in Springton, on March 24th, 1935, Anne Matheson, widow of Angus MacDonald.

Her life was one of unselfish service for others, and she endeared herself to all, by her kind and gentle disposition.

She was a woman of sincere piety and death had no terrors for her, and bid her family not to mourn as she was going "Home."

She had been ill four days of pneumonia, loving hands did their utmost to prolong her stay, but God willed otherwise, and her gentle spirit took its flight to Him whom she had always loved and served.

Mrs. MacDonald was born in the Isle of Skye, Scotland, November 20, 1848, and was therefore eighty-six years and five months. She had a very retentive memory, and retained her faculties until within a few moments of her passing.

She leaves to cherish the memory of a kind and loving mother, four daughters and three sons, namely: Mrs. William J. Halliwell, Springton; Mrs. Gordon E. Waddell, Kelly's Cross; Mrs. Angus R. MacDonald, Thistle and Shamrock; Mrs. William P. Cameron, Albany; John M., Eckville, Alberta; Donald M., Edmonton, Alberta, and Malcolm A., on the homestead. One daughter predeceased her forty-five years ago. Thirty-two grandchildren mourn the loss of one, whom they held so dear.

One sister Mrs. Dougald MacPherson, Hartsville, and the following brothers survive, John Matheson, Emerald; Angus Matheson, Springfield and Colin Matheson, Port Elgin, N. B.

She was tenderly laid to rest amid a bower of flowers in Springton Cemetery, besides her husband who predeceased her twenty-three years ago.

A very large concourse of friends and relatives, attended the funeral, which was held March 26th. The inspiring and comforting services at the house and grave, were conducted by Rev. R. H. Stavert, Hunter River, assisted by Rev. Dr. Genge, North Tryon, and Rev. Arthur Wallis, Bradalbane. Rev. R. H. Stavert sang very feelingly "Will the circle be Unbroken."

Mrs. MacDonald was a staunch Presbyterian and always remained true to the faith of her fathers.

The pall bearers were: Messrs. William J. Halliwell, Gordon E. Waddell, Angus R. MacDonald, William P. Cameron, Patrick McGee and Neil Nicholson; the first four being sons-in-law of the deceased.
