Border Clashes Heighten Tension In Far East

TRAWLER CREW SNATCHED FROM DEATH

DRAMATIC RESCUE OFF SABLE ISLAND

Canadian Trawler Arrives In Nick of Time In Answer To Hurried SOS Calls.

(C. P. By Guardian's Special Wire) HALIFAX, Feb. 12.—Snatched from the sinking trawler Gertrude M. Faucit, 30 miles south west of Sable Island, a crew of American fishermen were safe aboard the Canadian trawler Lemberg tonight as a United States coast guard cutter sped toward the scene of rescue.

But Captain Patrick McHugh knew he could not hold out long. Later messages told anxious coast guard officials and wireless operators afloat and ashore that the Faucit's engine rooms were filling with water.

The American trawler Holy Cross.

This change is being made in order to take advantage of the Wednesday evening crossing for expeditious movement of livestock by the railway. Watch for Marketing Board weekly announcements in this paper. L-943.

NEW MAYOR AND CITY COUNCILLORS ELECTED YESTERDAY

Mr. P. W. Turner Carries Mayoralty By 229 Majority. Messrs. Dougan, MacIntyre, Chandler, Foster, MacLeod and Laphorn Elected Councillors.

Mr. Percy W. Turner, Mayor of Charlottetown by a majority of 229 votes in the civic election yesterday. The contest drew 1,620 voters to the polls.

Ward Two electors chose Dr. F. Charles Dougan as their representative on the city board, giving him a majority of 43, while in Ward Four two newcomers to civic politics—Dr. Heath MacIntyre and Mr. R. C. Chandler—triumphed over Mr. Robert Ratray, a veteran councillor.

Ward Five's three City Council representatives for the next two-year term will be Messrs. Ernest A. Foster, George W. MacLeod and Henry Laphorn who were elected in a close race.

In Ward One Councillor Andrew A. Hennessey was returned by acclamation on nomination day, Feb. 5, and in Ward Three Councillor G. VanDersteele also had no opposition.

The three members of the City Board of Commissioners for Sewers and Water Supply—J. A. Webster, Hugh Connors and G. D. Wright—received acclamations on nomination day.

Mayor-elect Turner, who is also district governor of the International Rotary Club for the Maritimes and Newfoundland, led in the voting for the mayorality in all but one of the 12 polls.

Dr. Heath MacIntyre polled the largest vote—265—in Ward Four, a contest for the seat left vacant by the retirement of Councillor Robert Ratray. Mr. R. C. Chandler, former president of the Provincial Canadian Legion division, was elected to the other Council seat in the Ward with a vote of 242 and a majority of 63.

Councillors J. E. Blanchard and Arthur A. MacDougall, and Mr. Vincent Blake were defeated in Ward Five.

The largest vote in the Ward was accorded Mr. Ernest A. Foster, with 344 votes and a majority of 17, while Mr. MacLeod had 363 votes and a majority of 16.

Mr. Henry Laphorn had 385 ballots in his favor—a margin of eight over defeated Councillor Blanchard who drew 347 votes.

VOTES BY WARDS

The following was the results of the voting by wards in the mayor-

ally contest yesterday:

Table with columns: Ward, Candidate, Votes, Majority. Includes sub-tables for Councillors by Ward and a Re-count Likely section.

OIL EMBARGO DEPENDENT ON U.S. ATTITUDE

League Experts Investigating Practicality of Oil Sanctions Make Report.

(A. P. By Guardian's Special Wire)

GENEVA, Feb. 12.—Official report of experts examining practicality of an oil embargo against Italy today that if the additional sanction were imposed by the League states "it would be effective if the United States were to limit their exports to Italy to the normal level of their exports prior to 1935."

After weeks of deliberation, the committee expressed the opinion that if the embargo were unilaterally applied and under conditions prevailing now, it would become effective within about three and a half weeks.

But, the experts reported, if the sanction is imposed by League states alone the only effect it would have on Italy "would be to render the purchase of petroleum more difficult and expensive."

Thus what attitude the Congress of the United States takes in neutrally legislation, involving oil shipments, presumably will be a deciding factor in whether the League adds oil to the list of sanctions now in force against the member nation it has declared to be an aggressor.

Inspired Italian sources have repeatedly warned that as oil sanctions would mean a blockade and a blockade would mean a European war.

Covering the possibility of substitutes being used for oil, the committee said the embargo would be strengthened if it were extended to cover industrial alcohol and benzol.

The committee eliminated from the draft of the report a statement which emphasized that Venezuela has not applied existing economic sanctions against Italy. Venezuela, a large oil producer, is merely in the committee of 12 as an observer.

Figures before the committee, the report continued, it is clear that the quantity of products available for export from the United States greatly exceeds Italy's possible demands.

Italy's normal consumption of oil in recent years has increased and of her late husband, Mr. Charles Patterson makes the following provisions:

To Zion Presbyterian Church, Charlottetown, the sum of \$400.00. To the Women's Missionary Society of Zion Church the sum of \$400.00. To the Prince Edward Island Hospital the sum of \$400.00. To the Prince Edward Island Protestant Orphanage the sum of \$400.00.

The residence and property at 17 King Square is bequeathed to Mrs. H. Roy Cromwell, formerly Miss Molly Currie, who since the death of her mother, made her home with her aunt, Mrs. Patterson.

Two Die In Blast

CHICAGO, Feb. 12.—Two workmen were killed and a score reported tonight in an explosion in a sanitary district tunnel at South Kedzie Avenue and West 9th Street.

First reports to police said the blast appeared to have been caused by dynamite, presumably in the course of the work.

The West Side Hospital said two men were dead when they arrived here, but their identifications were not immediately available.

Extension Of Smelt Fishing Season Granted

(C. P. By Guardian's Special Wire)

OTTAWA, Feb. 12.—An extension of one week has been authorized in the smelt fishing season in New Brunswick and Prince Edward Island, Hon. J. E. Michaud, Minister of Fisheries, announced today.

Under the regulations the season ends on Feb. 15, but this year fishing will be permitted until and including Feb. 22.

The extension, Mr. Michaud said, had been granted following strong representations made to him by the members of Parliament for the smelt fishing districts in the two provinces. They urged the position of the fishermen made it necessary that they be given an opportunity to add to their earnings through an additional week's fishing.

EIGHT DIE IN NEW JERSEY HOTEL FIRE

(A. P. By Guardian's Special Wire)

LAKEWOOD, N. J., Feb. 12.—In the glare of searchlights firemen looked in the ruins of the Victoria Mansion Hotel tonight for the bodies of eight persons, missing after a fire in which eight others perished, and a score were injured, eight seriously.

Chief of police Walter Curtis said he had checked other hotels and against a list of known occupants of the three-story, 65 room building, and was convinced all those missing were lost in the flames.

Three of those who lost their lives were identified as Mrs. Ruth Sherman, 23; Mildred Fischer, 22; and Harry Ehrlich, 29, all of New York.

The bodies of the other five recovered dead were so badly burned they were considered unlikely they would be identified. One was that

General Business Improvement Noted By Eastern Trust

(C. P. By Guardian's Special Wire)

HALIFAX, Feb. 12.—Hon. W. D. Ross of Toronto, former Lieutenant Governor of Ontario, and Hon. Michael Dwyer, Nova Scotia's Minister of Mines, were added to the board of directors of the Eastern Trust Company at the annual general meeting of shareholders here today.

All the former directors were re-elected.

Noting an improvement in general business, Hon. F. B. McCurdy, P. C., the President, said the company was in the strongest position in its history.

Eastern trusts and agency accounts had increased to \$40,377,960.24, an increase of \$2,322,638.56 over the preceding year. The total of all assets had reached \$35,520,182.40 an increase of \$3,692,792.92.

After laying aside a reserve of \$270,000 for tax levies, writing off of office premises and fixtures, providing for all known losses which occurred during the year, paying the regular dividends, carrying forward a profit and loss balance of \$23,515.06 and writing down long held assets by \$3,508, the reserve fund was strengthened by the transfer to it of \$25,000.

Wants Hauptmann To Reveal Truth

(A. P. By Guardian's Special Wire)

TRENTON, N. J., Feb. 12.—Lloyd Fisher, one of Bruno Hauptmann's attorneys, predicted today any effort to get Hauptmann to change his story was doomed to failure.

Fisher visited Hauptmann for an hour in the death house at State Prison shortly after Samuel S. Leibowitz, New York criminal lawyer, conferred with Hauptmann's wife, Anna in New York and announced he would enter the case "if Hauptmann would tell the truth."

Eight Japanese Killed In Latest Border Episode

Tokyo Government Officials Anxious To Localize Incidents And Prevent Serious Russo-Jap Complications.

(A. P. By Guardian's Special Wire)

TOKYO, Feb. 13.—(Thursday)—Japanese general headquarters at Hsinking, Manchoukuo, announced today that one Japanese officer and seven Japanese soldiers were killed in the bloodiest battle of the year-long Russo-Japanese friction on the border between Manchoukuo and Outer Mongolia.

The Domei (Japanese) News Agency said the general headquarters announcement stated that the Mongols apparently suffered many casualties in the conflict Wednesday, in which a Japanese-Manchoukuo column recaptured the town of Olahudka, southwest of Lake Bor.

The Outer Mongolians were said to number at least 200 and to have been armed with two cannon and many machine-guns. It was reported they retreated into Mongolian territory after several hours of heavy fighting at Olahudka, which is claimed by both Manchoukuo and Outer Mongolia.

The official communique said one Japanese officer and three Japanese soldiers were wounded.

The newspaper Asahi reported that two Soviet airplanes flew over Manchoukuo territory during the battle and bombed the Japanese and Manchoukuo soldiers, but that there were no casualties from this attack.

No Planes Mentioned

The communique and other accounts, however, did not mention participation of planes in the fighting.

The Japanese and Manchoukuo were reported in the communique to have captured one cannon and one machine-gun and other Mongol arms.

Major Sugimoto commanded the Japanese-Manchoukuo forces, the strength of which was not stated. The Japanese apparently bore the brunt of the fighting, as it was announced the Manchoukuo losses were only seven wounded.

Dispatches from Manchoukuo have reported a rapid succession of border conflicts and have stated that tension has increased with the demand of Japanese and Manchoukuo militarists for military action on a large scale against Mongolia and Soviet Russia.

Anxious to Localize Trouble

All indications, however, were that leaders of the Tokyo government, and even some militarists, were anxious to localize the incidents to prevent a more serious situation arising.

Prior to the latest clash, War Minister Kawashima said: "I do not consider war between Japan and Russia to be impending. We have no idea of taking any military initiative with respect to Russia."

"However, if events move in such a way as to compel us to change this attitude, we must do what we can to cope with the situation."

Vernacular newspapers stated that Premier Okada, after Wednesday's cabinet session, asked Foreign Minister Koki Hirota to remain and discussed the Russo-Japanese situation with him at length.

These papers reported that the Premier promised full support for Hirota's efforts to prevent the friction increasing and attaining the proportions of war.

(A Soviet newspaper yesterday accused Japanese of attempting to provoke a "war scare" in the Far East to prevent the French Chamber of Deputies from ratifying the Franco-Soviet mutual assistance pact. France, however, under terms of the treaty is not compelled to come to Russia's aid if she is attacked by Japan.)

Compromise Proposal Made By France At Naval Parley

(A. P. By Guardian's Special Wire)

LONDON, Feb. 12.—A new proposal for Great Britain and the United States each to build only two 35,000-ton battleships within the next six years was disclosed "favorably" at private meetings today behind the scenes of the four-power naval conference.

The plan would also involve completion of two French and two Italian ships of the same tonnage, already ordered, and would establish a building holiday on replacements of existing battleships of the four nations.

GRAND ORANGE LODGE TO MEET HERE IN JUNE

(Special to The Guardian)

TORONTO, Ont., Feb. 12.—At the annual meeting of the Grand Orange County Lodge of Toronto, Mr. W. W. MacPhee, formerly of Charlottetown and a native of Prince Edward Island, was elected County Master by acclamation, and he will head the Toronto delegation of Orangemen who will attend the annual session of the Grand Orange Lodge of British America, which will meet in his native province and home city in June of this year.

The County Orange Lodge of Toronto is the largest County Lodge in the Orange Order, and at the annual meeting over a hundred primary lodges were represented.
