

**EVER SINCE**

We have been in the grocery business for over 20 years and we have made a specialty of good coffee but we have never sold better coffee than we are selling right now. Our customers are not only satisfied with it, they're pleased with it, that's what they tell us and that's what they tell their friends, and when their friends try it they talk about it too. Now coffee must be mighty good when everybody keeps on talking about it. If you will try a pound of our coffee you will find that everything you heard about it is true.

FOLLOWING is John Wheatley's annual prize list for 1901, \$40.00  
For largest and best flock of turkeys raised 1901 by exhibitor \$ 10.00  
Second do do 7.00  
Third do do 5.00  
For largest and best flock geese raised 1901 by exhibitor 8.00  
Second do do 6.00  
Third do do 4.00  
Total \$ 40.00  
As there were some complaints about exhibiting old birds in previous years, this year instead of judging by weight, Mr. Wheatley will give the above prizes for the largest number, quality also to be considered. All birds must be raised in 1901, by the exhibitor. This will prohibit any old birds from entering the contest, and encourage the farmers to raise larger flocks. Last year the quantity and quality were far ahead of any previous year, and with a little care and encouragement the poultry industry of this province will advance with phenomenal strides.

EXTENDING THE KING'S TITLE.  
LONDON, July 16.—(Special.)—Many persons favor the King extending his title to "Sovereign Lord of Canada, Australia and South Africa."  
Some want the sons of the Duke of Cornwall called respectively Prince of Australia and Prince of Canada.  
SHOT AT A CABINET MINISTER.  
PARIS, July 16.—(Special.)—Madam Olgevska shot at M. Baudin, Minister of Public Works while he was driving to a cabinet meeting. The shot missed.

It is believed she shot at Delache for not giving attention to some small grievances of hers.

A Convention of the Kensington S. S. District will be held in the Presbyterian Church, Kensington on Monday Aug. 12th. Program will be given later.  
REV. Geo. Huestis in writing a Nova Scotia Journal says:—My visit to P. E. Island was very profitable. It was looking its best. The incipit and increasing glories of May and June, respecting external and vegetable excellence culminated under the influence of the additional oratoric in the breath of July, to the highest point of excellence.  
This lovely plateau of a submarine mountain has with great propriety been called "The Garden of the Gulf." I doubt if there be anywhere in our wide Dominion any place with the same area of acres and population, that produces as large a quantity of cereals and other kinds of food for man and beast, as this Island. Take one illustration of its products. More than half a million dollars worth exported of cheese and butter during the last year. The prohibitory law recently in operation in this city is doing its work effectively. The back door of the saloon may be occasionally entered, but not so frequently as in the front door, a few months ago. Temperance principles are extending and triumphing.
