IN MEMORIAM

MRS. JERRY GALLANT

A very sad death occurred at North Rustico on Jan. 30th, when Charlotte, beloved wife of Mr. Jerry Gallant, passed away at the early age of 37 years. She was a devoted wife and mother and her place in the home can never be filled. She died fortified by the rights of the Holy Catholic Church, of which she was a devoted member. She leaves to mourn, besides her disconsolate husband, four children aged from 2 to 6 years, besides two infants, twin daughters, one day old, who well never know their mother's loving care.

There are also left three brothers, Michael Blaquier, Angus Blaquier, and Jerry Blaquier, all of North Rustico, besides three sisters, Mrs. Cyril Gallant, Mayfield; Mrs. Andrew Dolron, Mayfield; and Mrs. Andrew Martin, Charlottetown, to all of whom sincerest sympathy is extended.

The funeral took place on Wednesday afternoon, at St. Joseph's Church, where a very large concourse of neighbors and friends paid their last respects.

The funeral services were conducted by Rev. Father Chaisson. The pall bearers were Messrs. Henry Pineau, Robert Arsenault, Joseph L. Gallant, Leonard Bute, Edgar Dolron and Jerome Gallant. May her soul rest in peace.

MRS. WALTER LANE

The death took place at the Charlottetown Hospital on Tuesday Jan. 10th, of Susan, beloved wife of Mr. Walter Lane, in her 42nd year, after an illness of about two months.

Although not in robust health for several years, she seemed to be improving in the fall, but she took a turn for the worse, and passed away on the above mentioned date. A kind and loving wife, and mother she will be sadly missed by her sorrowing husband, and family of one son, and three daughters, namely, Walter Jr., of the S. S. Montcalm; Mary E., Margaret and Muriel at home; also two sisters in the United States and two brothers at Rocky Point.

The funeral which took place on January 11th, was by boat to Rocky Point, thence to New Dominion Cemetery.

The service at the home was conducted by Rev. D. M. Lamont of the Church of Scotland. The funeral was very largely attended by sympathizing friends. Among the beautiful floral tributes received was one from the crew of the S. S. Hillsboro, of which Mr. Lane is first mate.

The following acted as pall bearers: Allison McMillan, Charles McMillan, Douglas, Angus McEachern and Irving McDonald.

The Guardian extends its sincere sympathy to the bereaved family.

An Old Recipe to Darken Hair

By JANICE RANDALL

Almost everyone knows that Sage Tea and Sulphur, properly compounded, will bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get the hair to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, for only 75 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, thick and glossy and you look years younger.

President Discusses Naval Program

(Special to The Guardian) WASHINGTON, Jan. 31.—Discussing for the first time the administration's warship construction program, President Coolidge declared tonight that it was the intention to build ships as fast as the condition of the treasury would warrant.

In an address at the semi-annual business meeting of the government, in which he stressed economy and asserted that it would be better to have no tax reduction than too much, the President, by inference replied to congressional critics of the administration's naval plans on the ground that they do not specify a date for beginning or completing construction of 71 new ships.

Pointing out that no authorizations have been made for navy building since the programme of 1926, the President said "the recommendation now before Congress is to replace obsolete naval vessels and moderately increase our naval strength contemplates an orderly construction procedure; nothing more. It contemplates that the construction program will be carried out as fast as possible."

CITY HOCKEY LEAGUE

The intermediate fry are now holding forth at the Arena. The League is under way and judging by the brand of hockey dished up in the opening tilt it looks as if the series is going to be crammed with good hockey and plenty of excitement all the way.

The Victorias 1926-27 Maritime Champions, are maintaining their reputation to a great extent, having defeated the Moncton Rovers in their first game of the season, to follow up with a well deserved win over St. Anastas in the inaugural Tuesday night.

The four teams in this League are evenly matched and before the last game is played it is a sure thing that six of one and half dozen of the other will be the only guess hazarded as to the relative positions.

Reports coming from Waterville, Maine have it that "Whackey" McEachern and "Chick" Williams, former Abegweit stars, are going great guns. In recent games played, both these puckchasers have figured prominently in Waterville's splendid work on the ice.

Attention of horse-lovers is directed to the advertisement appearing in today's issue with reference to the sale of the Pup, the property of Mr. Herb Campbell, well-known local horseman.

This little trotter, game as they make them and as pretty and stylish as anything that ever looked through a bridle, needs no introduction to Price Edward Island race fans. The little Pup is an excellent horse every inch, and the person purchasing him will surely have no regrets on the deal.

Canadians are compiling an amazing record. All teams seem to look alike to them and all who looked for the threatened blow-up are gazing in vain for some signs of a let-up on the part of the "Flying Frenchmen." Now, if they lose the championship after all the record-making there will be some long faces in the vicinity of Montreal. Ottawa supporters are not so critical of the playoff system now which will probably let them into the semi-finals, and maybe pave the way for them to win another title. Playoffs are sanctioned by usage in all the leagues. The amateurs make use of them to distinct financial advantage, and hereabouts they set a long-distance record for play-offs two years ago that the pros can never equal in the number of games played without revising their constitution.

No wonder Leo Dandurand, managing director of the Canadiens, took a trip to Europe. His team is out in front in the N. H. L. race, and with every reserve seat sold for the remaining thirteen games at home, the Flying Frenchmen will play to more people this season than minor league ball clubs did last Summer, with the exception of three or four Class AA clubs, and one of them was not Toronto. Incidentally, Canadiens and Pittsburgh are said to be the two lowest paid teams in the league.
