

# "SALADA" TEA

ORANGE PEKOE BLEND

295

No one dreamed 50 years ago that such a fragrant beverage as "SALADA" Orange Pekoe could be produced—pure as science can make it—fresh, superb in flavour—43c per half-pound—and all black tea. A treat indeed for tea lovers.

## Get Summer's Milk Production in Winter Months

Your cows will not fall off in production if you give them Quaker Dairy Ration, a concentrated, scientifically balanced feed.

Quaker Dairy Ration is guaranteed 18 per cent. protein. It has sufficient mineral content to maintain the cows in healthy condition. The ingredients act directly upon the milk producing organs. Thousands of dairymen use no other concentrate.

An economical feed, too, because accurately balanced. No waste, for cows eat it clean. Kiln-dried. Greatest milk-producing results for the money.

### Pownal News

The severity of the weather, has been felt quite heavily here, the meteorological station at Jonesville registering ten below early Sunday morning, the 22nd, dropping to zero by noon. This degree of frost, accompanied by a high wind, was keenly felt after our mild winter. This, however, is a welcome change, especially for those who can get there by a short-cut across the ice. Several sleighs have been crossing from Jardine's shore, Crown Point, to the shore at Alexandra.

### Auction at Kensington

I will sell by Auction on Saturday, 28th, at 1 p.m. 22 head choice Western horses, all young and sound. Weight up to 1700 lbs and several mares coming 3 years old.

### INSIDIOUS EYE STRAIN

We use this adjective advisedly. Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

they reached the city. This is a splendid record. We wonder if someone else will go one better.

Misses Anita Wood and Annie McLennan, C. E. C., and Miss Mary McLennan, P. W. C., spent the weekend at their respective homes in Alexandra.

Miss Doris Judson, graduate of Montreal General Hospital, who spent a couple of months at her home in Alexandra, left last week on return to Montreal. She was accompanied by her friend, Miss Baird, R.N., who spent the Christmas season here with Miss Judson.

The Young People's League met last Wednesday at the "Florida". In addition to their regular meeting a rare treat was afforded those who were fortunate to be present. The Rev. Mr. Lindsay being present, by request, gave the members a realistic glimpse into the Land of the Heather, his homeland. It will be remembered that the speaker paid a visit to Scotland in the Spring of 1927, which enabled him to bring many fresh facts to the minds of his audience, which was indeed interesting; for while we pride ourselves on being Canadians, we cannot know too much about the European countries beyond the sea. A hearty vote of thanks was tendered the speaker at the close of this very instructive and interesting talk.

The monthly meeting of the W. C. U. was held at the home of the president, Mrs. J. R. Brown. Despite the severity of the night, the attendance was very good. Rev. Mr. Littlejohn, one of the honorary members, was present and gave a short talk.

The airship for the Magdalen Islands passed over Pownal last week and dropped off Mr. Stork, who presented Mr. and Mrs. E. E. Judson with a lovely baby girl. Congratulations.

The Misses Helen Peters and Lona Herman were passengers to the city on Saturday. These young ladies are taking a course in pianoforte under the direction of Miss Roberta Spencer.

### Preparing To Honor Flier

BOGOTA, Colombia, Jan. 25.—Great preparations are being made here to receive Col. Charles A. Lindbergh when he flies from Panama on Friday. A special bull fight is being arranged for Saturday in honor of the flier and high grade Spanish bulls will be used in the spectacle. A reception committee has been named by the government, acting in concert with the United States legation.

—WEDDING BELLS.—An interesting event occurred in Montreal, January 16th, when the marriage took place in St. James United Church there, of Miss Doris Leah Morris, daughter of Mr. and Mrs. C. B. Morris, of Summerside, to Mr. Franklin William Smith, of Montreal. Rev. T. A. Halpern officiating. The many friends of the happy couple join with us in congratulations and best wishes for their future happiness.

—SUDDEN DEATH. — A letter received by Mr. Harold R. Walsh, of Summerside, conveys news of the sudden death on New Year's Day at his residence in Spokane, Wash., of Mr. Fulton Clay. He had been out to his fox ranch on Friday and before starting for home had to shovel a quantity of snow to get the car started. When cranking the car he took a severe pain in the region of his heart and had to be driven by a boy working at the ranch. On the Saturday he stayed in the house, not feeling well, and passed away in his sleep at 3 o'clock on Sunday morning, of heart failure. His is the third death in the family since last May. The late Mr. Clay was the second son of the late Mr. John Clay of Summerside, at one time Sheriff of Prince County. After teaching school at Summerside for a short time he left for the Western States, where quite a young man. There are left to mourn one brother, Rev. Dr. Leslie Clay, of Victoria, B. C., Moderator of the General Assembly of the Presbyterian Church in Canada, and two sisters, Mrs. D. M. Johnston and Mrs. Beairist, of Calgary, Alberta.

—TIGNISH.—The Tignish C.W.L. Dramatic Club are preparing to stage in the near future, their annual concert. So far operations have been carried on behind closed doors. The future visitor, however, has told us that "eye has not seen" before in Tignish the like of what is now being prepared for those who will be present at the concluding performance. The personnel is made up of some of the best talent procurable in favor of the above event is the fact that the caste have had the good fortune of obtaining the assistance of Mrs. C. P. McCarthy, who is a modern "Aeschylus."—Rev. Dr. McLellan, Tignish, is visiting his home in St. Peter's. On Friday, the

27th, the Rev. Doctor, accompanied by Rev. Dr. Campbell, Alberton, will sail from Saint John, N.B., to Liverpool, England. From there they will go to Rome, thence to the Holy Land. The Rev. Fathers expect to be absent about four months, during which time they intend to visit all available points of interest incident to their objective trip. A pleasant trip and a safe return is the wish of their friends here.—Mr. and Mrs. Jerome Richard, Tignish, returned from Montreal last week, after visiting their daughter, Sr. Jerome, of the Angels Cong. de Notre Dame, who is recovering from a recent severe illness.

—LODGE STEADILY GROWING.—Excelsior Division No. 266, Sons of Temperance, Wilnot Valley, is progressing favorably. A number of new members have been added to the roll, making a total of sixty-eight, and more are expected soon. This enables the members to have a varied program each evening, such as debates, musical numbers, readings, etc. Excelsior Division plans to organize some new divisions in the near future, this being the result of a discussion which took place at the Grand Division held at Springfield on the 18th, in which all subordinate Divisions are to be made responsible for a certain number of new Divisions. The following officers have been installed to serve the Division for the present quarter:—W.P. Bro. Harry Waugh; W.A. Sis. Josie Curtis; R.S. Sis. Helen Cairns; Ass. R.S., Bro. Ira Crozier; P.S., Bro. Wyman Cairns; Treas., Bro. Darrell Picketts; Con., Bro. Burrows; Chap., Sis. Jennie Hogg; I.S., Bro. Elmer Waugh; O.S., Bro. Melbourne Sobey; P.W., Bro. Reuben Large; organist, Sis. Edna McMurdo.

—FOR SALE.—One Brantford Computing Counter Scale, a bargain. Apply Wright & Stewart, Montague. 2011-1-24-31

—EASTERN AGENT.—Mr. J. W. Murdoch is Eastern Agent in Montague and will be pleased to receive news items, advertising, new and renewal subscriptions.

—STURGEON.—Rev. Theodore Gallant, parish priest of Sturgeon for quite a few years and now of Mount Carmel, is greatly missed by his late parishioners in Sturgeon. One may hear many reminiscences of the good deeds performed by this good priest during the years of his pastorate. That he had a warm place in their affections there is no manner of doubt. His successor, Rev. Father McCabe, is however rapidly ingratiating himself into the affections of the people. He is a young man, of health and vigor and a very powerful preacher.

—INSTITUTE MEETING.—The regular monthly meeting of the St. George's Women's Institute was held on January 20, at the home of Mrs. Chrystom McCormack, with thirteen members and one visitor present. Three new members were present. The meeting opened with the singing of the Ode. The minutes of the previous meeting were read and adopted. Roll call was answered with a riddle or joke. A new shelter has been placed on the primary department of the school. The secretary reported all bills paid. After the business of the meeting was over a social hour of auction forty-fives took place. The ladies' prize was won by Miss Agnes McDonald. Lunch was then served by the hostess. A hearty vote of thanks was extended here for the entertainment. The next meeting to be held at the home of Mrs. P. W. Farrell.

—PROFITABLE SEASON.—Sturgeon people did well with their seed potatoes this fall. The soil in Sturgeon is light and pliable, sandy worked, and well adapted to potato growing. There was absolutely no rot and fields of 300, 350 and as high as 400 bushels to the acre of Cobblers and Mountains were not at all uncommon. Though a long distance from market and with few railway lines they were enabled to ship very economically and conveniently at schooners at Sturgeon wharf to be transhipped at Georgetown either aboard steamers or by rail. Mr. William Murphy and son (Philip) were amongst the largest growers and did a satisfactory year's work their last yield being 360 bushels per acre.

—FIVE MILL PROPERTY.—James Murphy proprietor of the Milltown Mills is doing a rushing business, not the least profitable of his mills is the carding mill. Customers come as far as twenty and twenty-five miles to this mill with wool to be carded and made into rolls or quilt-padding, and for several other uses. He has about 250 acre of land, most of it covered with fine lumber which he saws up into dimension pieces, but the single mill is found to be the most profitable. This large area of land was surveyed out last week by Mr. McDonald of Hermonville. The mills being situated on the Sturgeon river has immense power—power

that is available the year round, even in the driest summer weather.

### In Memoriam

Corn  
MRS. THEOPHILUS McDONALD.

There passed peacefully away at her home in Kingsboro, P. E. I., on Dec. 26, 1927, in the 80th year of her

age, Ann, relict of the late Theophilus McDonald, who predeceased her by 4 years. She was one of a large family of sons and daughters of the late William Leet, Red Point. Early in life she gave herself to Christ, and united with the Christian church, and lived a devoted Christian life to its close. She was a faithful wife, a prudent and devoted mother, an agreeable neighbor and true friend. She leaves to mourn one son and three daughters, also one brother, residing in the United States. The remains were laid to rest at South Lake Cemetery. The services at the house and grave were conducted by the pastor, R. L. Morton. A little while and we shall meet the loved ones gone before. And we shall clasp their hands again on yonder radiant shore. (Patriot please copy.)
