J. K. ROSS, ESQ.

Provincial Manager
North American Life Assurance Co.,
Charlottetown.

Dear Sir,—I have pleasure in acknowledging cheque for \$1498 handed me this day by your agent here, Mr. R. H. Montgomery, being proceeds of my twenty-year Endowment policy in your company.

This result is highly satisfactory, giving me an investment of four per cent compound interest on the full premiums paid in, besides carry the risk of \$1000 on my life during the twenty years. The other options are equally favorable, viz.: a paid up insurance for \$2555, or a life annuity \$114.30. To young men seeking a safe and profitable investment I would recommend an Endowment Policy in this well managed Canadian company.

Respectfully yours,
JOHN D. GOSS.

Ingenious Thieves.

A most ingenious theft is reported on one of the railways in Burma. The Burmese head-carrier, it must be understood, is a silk kerchief, often of considerable value, called "gaungbaung." Some young dare-devils attach prickly bushes to long bamboo poles, and when the mail train passes they yell out, which causes the native passengers to stick their heads out of the carriage windows. The train is then raked from end to end by means of the scrubby poles, with the result that the Burman male passengers are deprived of their gaungbaungs. Some 27 silk head-dresses were thus acquired by the young scamps in one night.

"77"

Scarcity of coal and the high prices of fuel mean cold homes and much sickness. "While I don't mean to recommend the use of "77" instead of fire-wood I do know that its use prevents and breaks up colds, prevalent even now, and promise to be more as the season advances."
Your office or shop may be cold, your home poorly heated, but if you take "77" you will be free from sickness, and recover sooner than your neighbor.
The use of Dr. Humphreys' "77" restores the checked circulation, starts the blood coursing through the veins, and breaks up a cold.
At all Druggists, 25 cents, or mailed, on receipt of price. Doctor's Book Mail'd Free.
