

Salt Rheum

You may call it eczema, tetter or milk crust. But no matter what you call it, this skin disease which comes in patches that burn, itch, discharge a watery matter, dry and scale, owes its existence to the presence of humors in the system. It will continue to exist, annoy, and perhaps agonize, as long as these humors remain. It is always radically and permanently cured by

Hood's Sarsaparilla which expels all humors, and is positively unequalled for all cutaneous eruptions.

It Will All Come Out in the Wash is a true saying if you use

FEL'S NAPTHA SOAP

Hundreds of people who have tried it are pleased. It means less labor and better results. Try it.

The Ladies Aid Society of the P. E. I. Hospital will serve lunches at the Exhibition under the Grand Stand which is being nicely fitted up for the occasion from ten o'clock a. m. till six o'clock p. m.

The M. J. Taylor makes a great run: The schooner, M. J. Taylor arrived at Malta yesterday morning twenty eight days from dropping her pilot after leaving City of Quebec. The usual time for this trip is about forty five days.

The capture and arrest of two compressed air workers made considerable excitement at the Apothecaries Hall last night a few minutes before ten o'clock. In the melee, which was one of the toughest the officers have had for some time blows were freely exchanged but the officers got their men to the station with despatch. An immense crowd lingered on the street for nearly an hour.

Rev. George W. Fisher, of Milltown, passed through the city on the noon train to officiate at the funeral of a member of a former church of his at Moncton. He told the Globe the matter of a permanent supply pastor for the St. Stephen pulpit, made vacant by the death of the Rev. Dr. John Read, was brought up at a meeting of the quarterly board in St. Stephen Tuesday evening, at which the president of the conference, Rev. J. C. Berrie was present. No supply was decided upon except that Mr. J. J. Pinkerton, a student at Mount Allison, will preach until further notice.—St. John Globe.

Mr. John Coates, of Ottawa, who is now in England, writes to an exchange: "Mr. Chamberlain is going to have a tremendous fight, as he is being misrepresented on every hand. I have traveled from one end of England to the other during my visit and everywhere the extreme Radicals and making their war cry on the big loaf of free trade (so-called) and the little loaf of the Zollverein. This cry, as all unprejudiced, thinking men know, is a delusion and a snare, but it works mischief all the same. I am sorry to say." As an instance of the need of protection in Britain Mr. Coates says: "The Germans have dumped during the past twelve or eighteen months about \$1,250,000 worth of steel forgings on the northeast coast to the detriment of the great steel works near Newcastle where over 2,000 men are employed."

In line with our despatches of yesterday morning a London cable says that the resignations of High Hon Joseph Chamberlain, Secretary for the Colonies, High Hon C. T. Ritchie, Chancellor of the Exchequer, and Lord George Hamilton, Secretary for India have been handed to the King and accepted by him.

The Annual meeting of the Prince Edward Island Football League was held last night. The following officers were elected for the ensuing year:—President: W. E. Cameron, St. Dunstan's (re-elected) Secretary: Cyrus MacMillan, Abegweits, (re-elected) Committee: R. A. Dunahoe, and S. MacDugal, St. Dunstan's College; L. B. MacMillan, and Thos. Trainor, Abegweits. It was hoped that the Victoria A. A. would seek admission to the League, and that three teams instead of two would this season battle for the Championship. The Victorias however have no: applied, and the old time rivals, Abegweits and St. Dunstan's who have kept the game alive for many years, will alone, as last year, look for football honours. A schedule of matches was drawn up as follows: Oct. 15th, Oct. 24th, Oct. 31st. If either team succeeds in arranging a match at home or abroad for Thanksgiving day, the regular League games will be played on Oct. 24th, Oct. 31st, and Nov. 5th, instead of on the above dates. It is probable that St. Dunstan's will arrange a game away from home, and that the Abegweits will play a home game with foreign team in Oct. 15th.

Dysentery causes the death of more people than small pox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases, both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it to-day. It may save a life. Sold by all druggists.

SUPERLATIVES HURLED.

By the Critics at the Coldstream Guards—the Greatest Band Ever Heard.

Whatever may have been said in advance of the Coldstream Guards Band the positives of the management have been exceeded by the superlatives of the critics for the first time in any concert tour in Canada. The Toronto Mail and Empire says: "The Band of the Coldstream Guards is in a class by itself—the most musical, the most artistic, the most polished organization of the kind ever heard in Toronto. The Toronto Star in an editorial says: "Hereafter the Band of the Coldstream Guards must be held
