The Public Forum

This column is open for the discussion by correspondents of questions of interest. The Charlottetown Guardian does not necessarily endorse the opinions of correspondents.

STATUS OF SOURIS

Sir-In today's Guardian I noticed a statement of interest in regard to "The Status of Souris." This person is evidently what we in the Army called a grouser or complainer. He says Souris does not need a policeman or lock up. Well, this summer we sure did, in regard to the drinking around our town and on four occasions our lock up had to be used and I may ask "Interested" how were our roads conditions before incorporation also our sidewalks.

For lights we have the best lit town in the Maritime Provinces. Any fair minded person or citizen of Souris will give credit to our civic government, for they sure are trying to do their best under the conditions. I trust "Interested" is not of those that are trying to dodge their share of paying their taxes or light bills.

I also ask "Interested" to be manful and let us know his name when writing to our daily papers and especially in regard to our town Souris.

I am Sir, etc., C. L. MEURANT, Souris, Nov. 2, 1927.
