At a recent meeting of the Quarterly Official Board of the Methodist Church, Cornwall Circuit, a unanimous invitation was extended to the Rev. William Harrison to continue in his present charge for a fourth year. Mr. Harrison expressed his appreciation of the many kind words which the members of the meeting had uttered respecting his work during the last two years and a half and accepted the invitation subject to the approval of the Stationing Committee of the Conference. By the request of the Official Board of the Circuit Rev. Mr. Harrison brought up the matter of Sunday funerals before his congregation last Sabbath and pointed out in suitable terms why funerals should not take place on the Sabbath, except when circumstances make it a matter of necessity. It is felt that this is a wise action and appears to be cordially supported by a large majority of the members of his congregation.

WHEATLEY River Sunday School had a children's day last Sunday, when the following program was very successfully carried out:—Doxology, prayer by Pastor; responsive reading; singing by children; recitation by F. At French Village, on the 17th inst., the death of Angus Melvin occurred. Deceased was in the 72nd year of his age. He had been in failing health for some time and his death was not a surprise to his many friends. He was a kind friend and obliging neighbor, and his death is a sad loss to the community in which he lived. His remains followed by a large concourse of people were conveyed to St. Andrews, where Requiem High Mass was celebrated by Rev. R. J. Gillis as led by Rev. A. P. McLellan thence to their final resting-place in the adjoining cemetery. He leaves a widow, five children and one sister to mourn the loss of a loving husband and father.

The movement to give a treat and Christmas tree to the children of the poor is awakening considerable interest and will doubtless assume proportionate. It is hoped a sufficient amount may be raised to send a Christmas dinner to any needy men and women who may desire it at their homes while their children are entertained in a more public way together. It has been suggested that a number of persons might contribute their surplus or cast off clothing to be distributed as may be arranged. Dr. J. T. Jenkins mentions to The Guardian the receipt of a sympathetic letter from W. S. Louson enclosing three dollars for the fund. It is also mentioned that the children of the Kindergarten will donate their toys to the Christmas tree for distribution among the less fortunate little ones of the city. It will thus be seen that old and young alike are taking an interest in this praiseworthy movement.
