ANOTHER MURDEROUS RAID BY GERMANS ON CITY OF LONDON

Fleet of Twenty Airships Flew Over City Saturday Morning Dropping Numerous Bombs and Doing Considerable Damage. 37 Killed and 141 Injured. Four Enemy Machines Brought Down.

(Canadian Press Despatch.) LONDON.— At about 9.30 a. m. today, when London streets were crowded with women and children, a fleet of about twenty German airships raided the metropolis. It penetrated the very heart of the city and did great damage dropping bombs for about fifteen minutes. The air fleet arrived in two parties crossing the coast at two points dropping bombs on the Isle of Thanet en route. It then worked towards the heart of the city. A tremendous aerial fight took place but up to a late hour no official statement as to the loss of life or the damage done is yet issued. The following official account of the raid was given out: Lord French reports that at about 9.30 o'clock this morning hostile aircraft in considerable numbers, probably in two parties, appeared over the Isle of Thanet on the west coast of Essex. After dropping some bombs in Thanet the raiders proceeded in

(the direction of London. Moving parallel to the north bank of the Thames they approached London from the northeast. Then, changing their course, they proceeded north and west and crossed London from the north-west to the southeast. Bombs were dropped in various places in the metropolitan area. The number of the raiding airplanes is at present uncertain but was probably about twenty. They were attacked by artillery and by large numbers of our own airplanes but the reports as to the results of the engagements and as to the damage and casualties have not yet been received. Later in the day it was announced officially that 37 killed and 141 injured is the toll, as far as known. One German plane was brought down over the capital by a Royal Flying Corps airman and three were shot down on the return trip about 40 miles from the east coast of England.

LIEUT. H. R. STEWART HOME ON FURLOUGH

LT. HUGH RONALD STEWART, D. S. M.

Lieut. Hugh Ronald Stewart, son of Mr. D. B. Stewart, this City, arrived home Saturday, unannounced and consequently without the usual welcome accorded to returned soldiers. Lieut. Stewart was one of the first Prince Edward Islanders to offer his services, having with five others enlisted as a signaller in August, 1914. As previously mentioned in The Guardian he, early in the war game, won his spurs having been awarded the Russian Distinguished Service Medal. In September last he joined the Royal Flying Corps and there also his record has been a brilliant one as is indicated by the fact that he was promoted to a Lieutenancy. Seen by a representative of The Guardian, Lieut. Stewart had little to say, being as modest as he is brave about his achievements. He admitted that he had been in pretty tight places and had seen some "scraps" in the air as well as on land, but he positively refused to be quoted. He is home on a furlough of only a week or so at the end of which time he is to report for duty at Toronto. As to the duties to be assigned him there he does not know, but it is an open secret that the custom of the Imperial authorities, whenever possible, is to place men as instructors in the Aviation School at Toronto, who have seen active service, and his friends will not be surprised if they learn ere long that Lieut. Stewart has been appointed to that duty, a duty for which he is undoubtedly well qualified, both in training and experience. Notwithstanding his long and arduous service Lieut. Stewart looks and feels perfectly "fit"; he is undisguisedly glad to be away from the turmoil and strife for a while, and his many friends in the city and elsewhere, throughout the province are glad to welcome him home even for this little while.

PREMIER ARSENAULT WILL ATTEND MEETINGS, CALLED BY DR. DELANEY

Premier intimates that as there is no new issue to discuss before the electorate he will not call campaign meetings but will be pleased to meet Dr. Delaney at meetings called by the latter.

In connection with the contest in the Egmont Bay District it is not the intention of Premier Arsenault to hold a series of meetings, but as will be seen by the following letter sent by him to Dr. Delaney, he will attend any meetings that will be held by the latter and will be ready to discuss any criticisms or attack upon his government. The Premier's letter speaks for itself: Summerside, P. E. Island, July 7, 1917. M. Delaney, Esq., M. D., Dear Sir: I notice that you have called a series of Political Meetings throughout the District. I see little reason for these meetings as the political issues were fully discussed in the District less than a year and a half ago. However, as it is no doubt your intention to make a political attack on me and the Government at these meetings I will be on hand and if anything is said that requires a reply I will be glad to make answer provided proper time allowance is granted me. Yours, etc. A. E. ARSENAULT.

PROGRESS MADE IN CONSCRIPTION BILL

Two Clauses Adopted, Two Others Discussed. Canadians Who Fled to U.S. to Escape Service will be Brought Back. Quebec Members More Reconciled to the Measure.

(From Our Own Correspondent.) OTTAWA.— Satisfactory progress was made with the military service bill in committee on Saturday. Two clauses out of the sixteen in the measure were carried and the third and fourth clauses discussed. The Prime Minister intimated that an arrangement with the United States was possible whereby those who had left Canada to escape military service would be brought back. It was announced that conscripts would not have a chance of the arm of service in which to serve, also that the central appeal judge who will make the regulations governing mobilization and exemptions would be chosen in the Supreme Court, all of whose members are Liberals. It is understood that as soon as the bill passes the Commons the Prime Minister will announce his re-organized cabinet and that certain Liberals will be members of it. The decisive vote on conscription has done much to influence Quebec members. They never imagined that the isolation of their province could be so complete.

POSSIBLE WAR TROPHY FOR P.E. ISLAND

An effort to secure the siege mortar captured at Vimy Ridge by No. 2 Heavy Siege Battery and have it brought to Prince Edward Island as a trophy is being made by Premier Arsenault. The following correspondence on the subject speaks for itself: Premier's Office, Charlottetown, P. E. Island, June 28, 1917. Dear Sir: I understand that No. 2 Heavy Siege Battery, in which a large number of Prince Edward Island boys are enlisted, captured a siege mortar at Vimy Ridge. The Island boys in the Battery are very anxious that this siege mortar should be sent to their native Province. I would be very much obliged if you would take the matter up with the proper authorities with a view of having their wishes complied with. Up to the present there has been no trophy of the war sent to this Province. Anything that you can do to meet the boys' wishes in this matter I would greatly appreciate. Yours very truly, (Sgd.) A. E. ARSENAULT. The Honourable Sir Edward Kemp, Minister of Militia, Ottawa. Minister's Office, Ottawa, July 2nd, 1917. Dear Sir: Re Captured German Siege Mortar. I have your letter of June 28th with regard to a captured siege gun mortar, which you are anxious to obtain for your Province. Dr. A. G. Duguay, the Dominion Archivist, who looks after all matters of this nature, is at present overseas, and is endeavouring to obtain war trophies for distribution and exhibition purposes, and I am therefore taking the liberty of forwarding your letter to his office here, so that it will be brought to his attention. I remain, Yours faithfully, (Sgd.) A. E. KEMP. The Hon. A. E. Arsenault, Premier of Prince Edward Island, Charlottetown, P. E. I.
