YOUTH ATTEMPTED SUICIDE.

MONTREAL, Jan 3—After warning his younger brother never to smoke cigarettes as they ruined his life, Victor Forrest, 19 years old, living at St Henri, put a bullet through his head today and is now lying at the point of death in the hospital. The young man broke into his mother's trunk to secure the revolver and announced his intention of ending his life. The police were summoned but before they put in an appearance Forrest locked himself in his room and shot himself.

REDUCTION IN PARCEL POST RATES

OTTAWA, Jan 3—Among the matters engaging the attention of the Hon Rudolphe Lemieux during his recent visit to Europe were arrangements for the exchange of parcels between the United Kingdom and Canada. For many years past the charges have been 16 cents for the first pound, or a fraction of a pound, and 12 cents for each subsequent pound. The rate has now been reduced to a uniform rate of 12 cents per pound, with a maximum limit of weight af 11 pounds for a parcel.

The parcel post rates between Canada, Jamaica, Trinidad, St Lucia, Barbados, Leeward Islands and British Guiana have been reduced to a uniform rate of 12 cents per pound or fraction of a pound, the limit of weight for one parcel being 11 pounds. The Leeward Islands include the post offices of Dominico, Montzerrat and St Kitts, the latter office being an exchange office for parcels for and from Nevis to Virgin Islands. These reduced rates came into effect on January 1.

MONTREAL TO HAVE SUBWAY

MONTREAL, Jan 3—Activity and much higher prices for Montreal Street Railway and Montreal Power stocks have caused much speculation as to what was going on underneath the surface. There has been talk of a merger. According to the latest reports an even greater project is under way, it being proposed to build a six-track subway from the eastern end of the city to the western, taking in all the railway stations, etc. English capital is behind the move, which will take in the street railway and power companies and necessitate an investment of a hundred million dollars.

UNCLE SAM MUST DO MORE FARMING

WASHINGTON, D. C. Jan 3—The present high prices for farm products have come to stay; the rural population is playing out; the present census if it classes the unincorporated villages as towns, will show between 60 and 65 per cent of population in towns." declared Representative Clark of Missouri, the minority leader in the house. "At the present rate in twenty years the United States will cease to be an exporting nation for agricultural products, except as to cotton.

"One of the principal causes of the high prices of farm products is in the world movement of people towards the towns and cities. While a few people in towns and cities have gardens, and raise chickens and occasionally pigs, practically the entire town and city population are non-producers of anything to eat, but are consumers only. For the first time last year Argentine beat us in exporting corn; and Argentine and Brazil are now fixing to take the frozen meat trade from us. Unless we adopt the intensive system of agriculture we have nearly reached our limit of agricultural output."

WESTERN GRAIN CROP

OTTAWA, Jan 3—The proportion in which this year's Western grain crop has been shipped from Canada and American ports is indicated in returns to the Trade and Commerce Department. Shipments to the end of navigation are figured on. The total through Canadian ports was 36,964,307 bushels, and through American ports 19,611,216. Of the latter 17,377,154 bushels went by way of Buffalo. The total number of cars inspected to December 14 was 65,483, containing 74,104,680 bushels of grain. The Canadian Pacific hauled 40,000 cars, Canadian Northern 18,271 Great Northern 2,693, and Grand Trunk Pacific 3,510.

HINDOOS SEND FOR THEIR WIVES

VANCOUVER, Jan 3—The Hindoo menace in British Columbia grows doubly serious by the disclosures of a meeting of Sikhs at their temple yesterday. In a casual way one of the members of the sect metioned a fact to a reporter which will startle the British Foreign Office as well as that of the United States. It is that the Hindoo have made arrangements to bring women folk to this country, no matter what the Indian and British authorities say. They have taken high legal advice on the subject, and have decided that they cannot be stopped.

Sciatica

EXPECTED DEATH ANY DAY

Another Case Where Life Was Saved and Health Restored by "Nerviline"

We have all read and heard of the agonies of Sciatica, but only those who have been tortured by this dread malady can fully appreciate what it must mean to be cured after years of suffering.

It is because he feels it his solemn duty to tell to the world his faith in Nerviline that Victor P. Hires makes the following declaration: "For three years I was in the Royal mail service; and in all kinds of weather had to meet the night trains. Dampnes cold and exposure brought on sciatica that affected my left side. Sometimes an attack would come on that made me powerless to work. I was so nearly a complete cripple that I had to give up my job. I was in despair, completely cast down because the money I spent on trying to get well was wasted. I was speaking to my chemist one day, and he recommended "Nerviline." I had this good liniment rubbed on several times a day and got no relief. In order to build up my general health and improve my blood I used Ferrozone one tablet with each meal I continued this treatment four months and was cured. I have used all kinds of liniments, and can truthfully say that Nerviline is far stronger, more penetrating, and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism or sciatica to use Nerviline. I know it will cure them."

CURED SIX YEARS

There isn't a more highly-esteemed citizen in Westchester than Mr. Hires. What he says can be relied upon. For six years since being cured he hasn't had a single relapse. Don't accept anything from your dealer but "Nerviline." Large bottles 50c, trial size 25c, sold everywhere, or The Catarrhozone Co., Kingston, Ont.

LAKE OF THE WOODS MILLING COMPANY KEEWATIN REGISTERED

Haven't You, Madam, Ever Heard of Wheat Laundries

Like any other kind, Mistress Housewife, they oft combine two processes.

"Dry-cleaning" and—let's call it—the *"water cure."*

Many millers, big, small, and middling (or muddling) consider wheat-washing a needless luxury and big profit eater.

Merely *"dry-clean"* leaving t'other kind to those *few* flourmen who believe *with you* that Cleanliness is next to Godliness.

Disregarding cost entirely, Madam, the FIVE ROSES millers use BOTH. Because—

Dry-cleaning removes weed seeds, of course, and coarse materials and some of the looser impurities.

Does its duty fairly well in a "so-so" way—good enough for the fellows who *don't call their* flour FIVE ROSES—who *haven't* got the same reputation to live up to.

Some wheat, Madam, like soiled linens, can be thoroughly cleansed *only* by washing and perfect rinsing in pure crystal lake water.

* * * *

Listen to the expert who said:

"A pound of mud, mire, dirt, foul, unclear, offensive substance is manufactured in every hundred pounds of flour from unwashed wheat."

Therefore, Mistress Housewife, when you buy a barrel of average poor stuff, you may also purchase almost two pounds of *"farm what-do-you-call-it,"* for which your dealer gives you no discount even on bargain days.

Which does not add to the strength, color or flavor of the "housewife's delight" or the morning rolls.

Even after the hard wheat berries are cleansed and thoroughly dried by whizzing through a current of purified country air, they are *once more* scraped, and rubbed, and scrubbed.

Such is the wheat that makes FIVE ROSES, Madam, than which there is none cleaner, purer, healthier milled in Canada to-day—*as you know now.*

Thus is imparted to FIVE ROSES flour, a mellowness of flavor, a rich creamy bloom, a power and responsiveness which it could not otherwise possess.

* * * *

This knowledge gives you a confidence in your cooking efforts which is never deceived or at fault.

If you, Madam, are one of those *particularly* particular housewives nursing pure-food ideals, you surely understand the false economy of anything cheaper than FIVE ROSES.

Don't *you?*
