He is now travelling through Canada on his way home and is making a study of agricultural conditions in this country. He plans to visit a number of our agricultural institutions while here.

## RUSSO-ALLIED COMPACT IN GERMANY CAUSES FEAR

BERLIN, Jan. 23.—Great concern is manifested by the German press at the Supreme Council's decision to allow the resumption of commercial relations with the Russian people, on a basis of reciprocity between Allied and neutral countries and Russia.

The semi-official German Gazette says this implies, a day after world peace has come into force, the continued division of the world into Allied and neutral, and, therefore, also hostile countries.

It would appear Germany is not to be allowed to resume trade with Russia. This occasions anxiety to Germans who regard the resumption of trade relations with Russia as of the utmost importance.

The Vossische Zeitung says: Exchange of goods on a basis of reciprocity between the Russian people and the Allied and neutral countries will in a practical way simply mean aiding Bolshevism and its troops to the fullest extent, for only Bolshevist troops will benefit by the goods imported into Russia. A real flood of goods would have to stream into Russia for anything to reach the starving population apart from the Bolshevist troops.

## THIRTY THOUSAND STARS FOR CANADIANS

OTTAWA, January 22.—Thirty thousand Canadians have been awarded the 1914-15 star to date, according to the records of the Militia Department. Applications are being still received for them and there are probably still some hundreds of men and many women who are eligible for them, but who have not received them yet.

The staff of the records branch has been kept busy issuing "King's certificates on discharge" and is not nearly through with the distribution of them.

## SEEK CHANGES IN CIVIL SERVICE ACT.

OTTAWA, Jau. 22.—A move is being made to secure, at the coming session of parliament, some amendments to the Civil Service Act to give back to the departmental administrations some of the authority taken away from them in the legislation last session.

Some of the deputy Ministers have no objection to appointments of ordinary clerks, stenographers, etc., by Civil Service Commission, but where there are positions calling for technical or professional qualifications, it is contended that the Minister or deputy should have some authority in the selection. It is claimed that the present situation is not conducive to discipline.

## SEATTLE OFFICERS ROUND UP RADICALS.

SEATTLE, Wash., Jan. 23.—Department of Justice agents and Seattle police arrested more than 700 persons on deportation warrants. Officers said the raids were intended to break the "back bone of Radical activities in the Northwest," and were part of a new national campaign against Reds.

Many of the men taken were released after examination at the United States immigration detention station, but officers said they expected at least 200 suspects would face deportation bearings.

A number of I.W.W. were included among those arrested.

## Improvement in Senate Deadlock Is Reported

WASHINGTON, Jan. 23.—Marked improvement is possibility of composing the Senate deadlock over the Peace Treaty was reported tonight by leaders participating in the bi-partizan compromise negotiations.

Although the leaders yesterday came close to a schism, today's meeting it was stated upon most authoritative information, resulted in material progress towards a compromise.

At no time since the bi-partizan conference began a week ago, one of the active leaders declared, have the prospects been so bright for an agreement between the four Republicans and five Democrats of the committee.

## THE MEXICAN SITUATION

SAN ANTONIO, Tex., Jan. 22.—It was under the British flag that Americans in Mexico at the time Vera Cruz was occupied by Americans, were given a refuge, Dr. John Hunter today told the Senate sub-committee investigating the Mexican siuation. He was in Guadeljara at the time.

The newspapers, Mr. Hunter said, published stories that Mexicans already had captured all the American towns on the border except El Paso and that the Mexican prisoners at Fort Bliss, who had killed 500 soldiers were marching on that town. The article added the Americans were fleeing northward with the Mexicans in pursuit.

This "news" so excited the Mexicans, the witness said, that they were shouting advice to each other to kill every American in Mexico. The Americans in Guadalajara went to the British Consulate while the American Consulate was being sacked, later escaping from Guadalajara to the port of Manzanillo.

Something We All Do
Something We All Eat
Something We All Want
Something We All Wear

Solve this Puzzle!

FOR Johnny's birthday his mother presented him with a dandy rifle, and Johnny took the four targets that came with the rifle and went out to the back yard to try his skill. Shortly after, his mother came out too to satisfy herself that Johnny knew how to use his gun. Upon examining the targets showing all the holes made by the bullets, and being a quick-thinking woman, she exclaimed: "Why, Johnny, what a good shot you are—and do you know that you have made every target spell a word? Can you tell me what each target spells?"

Can YOU Puzzle It Out?

Johnny couldn't, so his mother told him HOW TO DO IT. Each target spells a word. Each circle of each target shows a number of bullet holes, as you can see by the targets, and each circle represents a letter. The number of holes indicates the position of that letter in the alphabet. For instance: "A" would be represented by one hole, "B" by two holes, "C" by three holes, and so on.

After you have worked out all the letters that are represented in each word, you will find that they are not in their proper order. Put them into their proper order to spell out correctly the names of the four things wanted.

In order to help you, we will tell you that the letter represented by the middle circle of first target is "A," because "A" is the first letter of the alphabet. This is not an easy puzzle, but with perseverance you can work it out—and the prizes are worth trying for.

Copy your answer upon a plain white sheet of paper as neatly as you can, because neatness, spelling, handwriting and punctuation count if more than one answer is correct. Put your name and address in the top right-hand corner of the paper. If you have to write a letter, or show anything else, put it upon a separate sheet of paper. We will write as soon as your answer is received and tell you if your solution is correct, and also send you a complete illustrated list of the grand prizes that you can win.

THE PRIZES:

| | |
|---|---|
| First Prize - Genuine Culver Chummy Racer, value | $250.00 |
| Second Prize - Magnificent Gold Watch and Chain, or Girl's Wrist Watch, value | 25.00 |
| Third Prize - Genuine Autographic Kodak Folding Camera, value | 20.00 |
| Fourth Prize - Solid Gold Ring for Boy or Girl, value | 15.00 |
| Fifth Prize - Moving Picture Machine, with Film, value | 10.00 |
| Sixth to Tenth Prize - Self-Filler Fountain Pens, value, each | 2.50 |

And 2,000 Extra Special Prizes Valued at $3,000.00.

What Others Have Done, YOU Can Do!

Here are the names of only a few of the boys and girls to whom we have already awarded big prizes:
Shetland Pony and Cart—Helen Smith, Edmonton.
Shetland Pony—Beatrice Hughes, Hazenmore, Sask.
$100.00 Cash—Lyle Benson, Hamilton, Ont.
$50.00 Cash—Helen Benesch, Junkins, Alta.
$25.00 Cash—Florence Nesbitt, Arnprior, Ont.
$150.00 Cash—Bryden Foster, Leamington, Ont.
$25.00 Eastman Kodak—Frankie Kirby, Three Hills, Alta.
$15.00 Bracelet Watch—Mary Procter, Vancouver, B.C.
$10.00 Doll and Carriage—Eva Gasson, North Bay, Ont.

We will send you the names of many others too. Only boys and girls under 17 years of age may send answers, and each boy and girl will be required to perform a small service for us.

The contest will close on June 30, 1920, at 5.30 p.m. Send your answers this very evening.

Address: THE PRIZEMAN, Dept. 24
253-259 Spadina Avenue, Toronto, Ont.

## Drought Broken In Australia

MELBOURNE, Jan. 22.—Heavy rains have fallen throughout Victoria and New South Wales, definitely breaking the long period of drought. It is expected that the season will be saved for both the stock-raisers and wheat-growers.

The Governor-General of New South Wales has issued a statement denying alarming reports published in London of the great losses in sheep, cattle and wheat brought about by the lack of rain.

## New Comet Has Been Discovered

CAMBRIDGE, Mass., Jan. 22.—Discovery of a new comet by a Spanish observer was announced tonight. A cablegram to the Observatory from Prof. Leocinte, in charge of the new Central International Bureau of Astronomical Telegrams at Brussels, gave the information that the comet had been discovered on Jan. 13, by Comas Sola, director of the Observatory at Barcelona. The comet at present is visible only in a large telescope.

## Pneumonia Deaths Increase 100 Per Cent

CHICAGO, Ills., Jan. 22. — The influenza-pneumonia situation in Chicago continued today near its high level. For the twenty-four hours ending at six o'clock, 2,086 new cases of influenza were reported to Health Commissioner Robertson. The total the preceding day on the same basis was 2,008. New cases of pneumonia jumped from 181 to 251. Deaths from the "flu" increased fifty per cent. while pneumonia deaths increased one hundred per cent. There were 36 deaths from influenza today. New deaths from pneumonia totalled 43. Health Commissioner Robertson renewed his contention that the cases are of a mild nature.

CHICAGO, Jan. 22.—Industry was feeling the effects of the influenza epidemic here today. Many companies were crippled by loss of employees through illness. The number of new cases reported yesterday was 2,510. There were 36 deaths.

NEW YORK, Jan. 22.—Deaths from influenza and pneumonia in New York city decreased today, while the number of cases increased. Eleven deaths from influenza and 48 from pneumonia were reported, compared with 12 from influenza and 67 from pneumonia yesterday. Today's pneumonia cases were 230 and yesterday's 129.

WASHINGTON, Jan. 22.—State medical authorities have the influenza situation so well in hand that no epidemic of the malady is expected, the Public Health Service announced today.

California reported 264 cases last week as compared with 24 cases the week before.

## Six Accused of Breaking Up and Melting Gold Coins

LONDON, Jan. 22.—The taking of testimony was resumed today in the case of the six persons, including Harry Lewis, a barrister, and Shure and Chamberlain, diamond merchants who are charged with having broken up and melted gold coin. They were arrested on Thursday under a provision of the Defense of the Realm Act.

The testimony today tended to show that no less than 110,000 sovereigns in gold were withdrawn from the Bank of England in the course of the year by the accused. The total weight of the metal was 10 hundredweight. The lawyers on behalf of the crown asserted that the defendants had organized a remarkable system for securing coins, which were melted down and the gold sold. During December alone it was charged they disposed of bar gold worth 9,400 pounds sterling, while in the course of the month they succeeded in getting 26,000 sovereigns from the bank.

## Momentous Contest Expected in Paisley

LONDON, Jan. 23.—Now that ex-Premier Asquith has been officially adopted as the Liberal candidate for Paisley it is generally conceded that the contest will be the most momentous since the general election. Asquith's return to the House of Commons would find a welcome amongst well nigh every section, particularly by those Liberals who are still persuaded that the expediences of the moment require the maintenance of the coalition government.

Considering his prominence it is rather remarkable that Mr. Asquith has had to remain so long outside. When Mr. Balfour, for instance, was defeated at Manchester, a perfectly safe seat was found him almost at once in the City of London. That such a course was not adopted in Mr. Asquith's case can only be ascribed to independent Liberalism possessing just now so few seats deemed absolutely secure.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength) and add to it ¼ pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing becomes easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

## Move to Bring Back Bodies of Canadians

TORONTO, Jan. 22.—Robt. U. Stone, an undertaker of this city, says there is a movement on foot and arrangements have been well advanced by an organization known as the Overseas Mortuary Association "to bring back the remains of the heroic Canadian dead from England, France and Belgium, and bury them in their own country." Mr. Stone says it is a private enterprise, with no Government connection, and is the result of an irresistible demand no the part of the realtives of the dead soldiers to have their loved ones laid to rest in Canada. H. Teyesseyre, an undertaker in Paris, France, official undertaker to the English and American Embassies, is associated with him in the work, Mr. Stone says.

According to Mr. Stone, the American Government is bringing all the American dead soldiers to the United States.
