any airplane carriers and warships, was in progress, American air power put another Japanese invasion fleet to flight off Guadalcanal, another of the Solomons group.

American bombers plunged down upon enemy transports, cruisers and destroyers, left six of them burning fiercely.

Tonight's communiqué made no mention of the situation in New Guinea. Despatches from General Douglas MacArthur's headquarters in Australia said Allied land forces were reported in action against Japanese troops who survived two days of air attack to push ashore at Milne Bay near the southeast tip of New Guinea.

Withdrawal of the Japanese fleet from the Tulagi area was interpreted to mean a victory for the U.S. forces in what has been termed the second phase of the battle of the Solomons - the Japanese attempt to recapture the islands.

No mention was made in the communiqué of what air actions might still be underway. The Japanese had not farred well in previous attempts to blast U.S. forces from the islands by air, and have lost at least 33 planes, including seven dive-bombers, in such efforts.

Plan To Split World Series Gate Receipts

CHICAGO, Aug. 27-(AP)-Baseball's advisory council today announced a plan for division of world series receipts which would net the American Red Cross and United Service Organizations \$307,544 if the series goes four games, and \$479,000 if the series goes the limit of seven contests.

K.M. Lanais, Commissioner of Baseball, said the U.S.O. and Red Cross had not been advised of the planned series split and that the entire program was subject to their approval.

Under the plan, the entire radio receipts of \$1,000 would be given to the two groups as a starter. They also would get all admission receipts from games 3, 4, 6 and 7, after deduction of the players' share from games 3 and 4.

All figures were based on New York Yankees and Brooklyn Dodgers winning their respective league titles. Lanais said the amounts would not vary particularly if the St. Louis Cardinals took the National League crown, but that a revised set of estimates would be made if the Boston Red Sox won in the American League.

Robinson K. O's Tony Motisi In First Round

CHICAGO, Aug. 27-(AP)-Ray Sugar Robinson of New York chucked up his 124th successive ring victory tonight by knocking out rugged Tony Motisi of Chicago, in the first round of a scheduled 10-round bout in Comiskey Park.

The undefeated young negro dropped Motisi heavily with a short left hook to the point of the chin. Motisi fell into the ring and then fell onto his knees. As the count was being tolled over him he attempted to regain his feet, but his knees buckled and he fell with a smashing right to the chin an instant before he clipped him with the left.

Robinson started the squatty Chicagoan off with a jab with a smashing right to the chin an instant before he clipped him with the left.

east of that city. Mozdok is 50 miles west of the Russian old city of Grozny.

There was no indication here that the diversionary offensive to the west was relieving the pressure on Stalingrad, for the Russians again emphasized the numbers of German tanks and infantry hammering at the city's approaches.

The German high command asserted "the bittered" Russian counter-attacks were repelled on the Saltingrad front, with destruction of 40 Russian tanks, and described "renewed attacks" by the Russians and counter-attacks by the Germans on the central front.

In Russia's own 16-day-old offensive from Vyazma to Kalinin in an arc more than 100 miles west and northwest of the capital, the Germans sent a cloud of dive-bombers, parachutists, tommy-guns, on motorcycles and wedges through routes over the Caucasus to the Sukhum, Ossetia and Georgian military highways.

The lost passes on these routes, one of them more than 9,000 feet high, present the Alpinists with one of the most difficult tasks of the war.

minute but there was no sign of the man.

Douglas Her said that he was in the city when the accident occurred. When he examined the wood of the row boat he found no powder burns so that the dynamite could not have been in direct contact with the boat. He had diagrams to show the records taken of the explosion.

Joseph McDonald, dragged for the body and found it within half an hour.

The coroner, Dr. I. J. Yeo said that the deceased had been killed by the explosion.

The jury retired and returned with the following verdict: We, the jury impelled to inquire into the death of Francis Mahan, find that the deceased came to his death while in the employ of the Selsmograph Survey Corporation on August 25, 1942, near Governor's Island in Hillsboro Bay, by being blown up by a charge of dynamite accidentally attached to his boat by his own hands.

We find the death to be accidental but recommend that in future two men be carried in the shot-boat.

Army Wins Second Straight From Navy

Army defeated Navy 25-15 last night in a free scoring softball game in which almost all players got a walk at least.

In the second inning the new Navy pitcher blew and was relieved by Weber who could not stop the Army's scoring spree until runs had been tallied.

The Navy term seems to be more colorful than the Army term. The Fall in the second inning. He came in from right field to just a short distance behind second base and made a low catch, rolled over the ball still lightly held.

The Navy had trouble with their second inning and lasting only until the sixth. McNevin the first baseman who had homered with one on in the third, pitched from the sixth and allowed only five runs in four innings.

This victory puts Army one game ahead in the best-of-five series. Army has won two while Navy has only one victory. One more win will give the Army team a chance to meet the Army team a chance for the championship of the City Senior Softball League.
