NEW YORK EXCHANGE

(By Frank MacMillen, Associated Press Financial Writer)

(A. P. By Guardian's Special Wire)

NEW YORK, April 15—The market see-sawed today, but was tilting upward toward the close of trading. Advances, while generally small, well outnumbered declines at the finish.

Failure of the Supreme Court of the United States to render its long-awaited decision in the railroad pension cases, caused some disappointed liquidation in the carrier shares around mid-day, and the first setback in over a fortnight in the price of bar silver prompted some selling in the non-ferrous metal group. Even in these divisions, however, the closing tone was improved over the lowest for the day.

Bonds and commodities failed to lend much encouragement to equities, and their resistance to early pressure was rated in some Wall Street quarters as the more encouraging for this reason. The bond market was a little wobbly as secondary rail issues weakened moderately, but at the finish the tone was about ready for industrials and utilities.

Stock market turnover picked up moderately to pass the million share mark for the first time in some ten days, at 1,107,030 shares. A good part of the increased turnover came in early dealings when the market, especially in the specialty group, was finding takers at moderately advancing levels. The Associated Press average for 60 stocks was .1 of a point higher at 38.6, despite a decline in the 15 rail stocks of .5 of a point to 20.8.

Canadian issues showed losses ranging up to a point. These included Canadian Pacific, Dominion Stores, McIntyre-Porcupine, Dome Mines, Hollinger, Lake Shore, Brazilian and Distillers-Seagrams, Hiram-Walker, International Nickel, Shawinigan, Ford of Canada and Imperial Oil were fractionally higher.

CUMBERLAND HILL W. I.

The monthly meeting of the Cumberland Hill branch of the Women's Institutes was held at the home of Mrs. J. J. Campbell on April 10th. There were seven members present. The President Miss Almira Hunter was in the chair. The meeting opened by singing the Institute Ode followed by repeating the Creed in unison. The minutes of the January meeting were then read, approved and signed by the president.

The following new committees were appointed: School, Mrs. Jas. A. McLeod and Miss Almira Hunter; Sick, Misses Julia Campbell and Hazel Burdett; Programme, Mrs. J. J. McDonald and Miss Hazel Burdett

Correspondence from the Canadian Red Cross Society, the Prince Edward Island Society for the Prevention of Cruelty to Animals, and the Children's Aid Society was read, also an excellent address entitled "Prince Edward Island's Contribution to Confederation," by Mrs. Bruce Marr, which was delivered to the Kiwanis Club of Kitchener, Ontario.

Questionnaires were filled in, approved by members, and are now ready to be sent to the different convenors. It was moved by Mrs. J. W. Campbell, seconded by Mrs. J. J. MacDonald that the Cumberland Hill Women's Institute contribute the sum of five dollars ($5.00) towards the King George V Silver Jubilee Cancer Fund campaign.

The thanks of Mrs. Margaret Livingston, for a gift received from the Institute was conveyed to its members through the President Miss Almira Hunter.

Meeting closed by singing God Save the King.

GLANDS MAY CAUSE JUVENILE TROUBLE

NEW YORK, April 15—(By The Canadian Press)—If Johnny exaggerates or lies so glibly that his mother doesn't know what to do, perhaps she should have his glands treated.

If little Mary is lazy or has a poor memory, the remedy may be the same.

"These ailments can be reformed in most cases through glandular treatment," said Dr. Albert Simard, French endocrinologist who is here for a general study of American medicine. "It is becoming more important each year that children receive treatment for deficient or excessive gland secretions."

Most American schools, he said, attach too little importance to the possibilities of improving children's mental and physical health by treatment of the ductless glands.

MARKET GOSSIP

MORNING MARKET LETTER

NEW YORK, N. Y., April 15—Higher prices and increased volume in all divisions on Saturday brought all three Dow Jones averages into new high ground on the current move to close near their tops. The strength in the silver stocks evidently was a continuation of the move generated two days earlier by the government's increase in price for the metal and presumably demand for the rails was partly due to expectation of a favorable decision by the Supreme Court today, but these influences were supplemented by rising business sentiment, optimistic forecasts which gave bouancy to the motors, steels, utilities and many other stocks. We would look for resumption of the advance today keeping in mind however, the possibility of a rail pension decision that might bring about a setback if it is adverse to the roads.

BANON SAYS

MONTREAL, Que., April 15—On Saturday all three divisions closed at new highs on the current recovery with volume of trading rather large for a half session.

The Supreme Court is expected to release its decision on the Railroad Pension Act at noon today. No decision or an announcement unfavorable to the carriers could precipitate a sharp dip since the market is somewhat vulnerable after Saturday's upward thrust.

Reactions however, at the present time, are not likely to last more than a day or two and may be accepted as opportunities for further buying.

Important leaders have absorbed offerings impressively and indicate a swing to a higher level in the immediate furture. On reactions buy Johns Manville, Int'l Harwester, Cons. Gas, Atchison, N. Y. Central, Penna R R U. S. Steel, Amn. Rolling Mills, Union Carbon, Phillip Petroleum, Int'l Petroleum, Caterpilear Tractor, Westinghouse, Am. Smelting and International Nickel.

Canadian Industrial Alcohol absorbs heavy offerings and is in a position to move to 12-14 zone.

Gold shares, particularly senior issues, displayed a decidedly better tone on Saturday. Senior golds have recently shown signs of sold out condition which was confrmed by Saturday's development of a strongly bullish tone in these things. Further purchases of Dome, McIntyre, and Hollinger should prove profitable.

BARING LETTER
Saturday Evening

NEW YORK, N. Y., April 13—Wheat rose 1½ to 2 cents further but closed only ⅜ to ⅝ hgher than yesterday. It can still be bought on any little setback and should be held till next month. Corn closed ⅛ higher, but its big move will probably be delayed till the move in wheat is finished. Cotton rose ⅛ points higher and as repeatedly stated since it was near the 10 cent level, will sell again above the 12 cent level before many months.

Stocks were again higher and the industrial averages which were high at 105.63 todoy are within 2 1-2 points of the high of the year, They should go about 2 points higher still after which a technical temporary reaction of 2 to 4 points can be expected. Fairbanks Morse did nothing today but will soon resume its advance which should carry it well above 35.

Am. For Power 7 per cent pfd closed at 18 7-8 and seems ready to resume the advance that will carry it near 40 before long.

Phillip Morris did nothing but should be bought here. Case, which yesterday as advised for 3 days you should have bought around 50 closed above 53, still a purchase around 52 for a very considerable advance.

United Aircraft will move soon, buy some near 11. Celanese, which you should have bought at 21 yesterday as advised the night before closed 22 ½ it can still be bought if it reacts below 22 for well over 30. Further good advances were made in Johns Manville, Cerro de Pasco, U. S. Smelting, DuPont, Amn Gas and Electric, General Electric, Gen Motors, Amn. Loco pfd, the store stocks and the rails and barring the above mentioned technical setback they will all sell considerably higher during the next sixty days. Aimmons can still be bought near 7, Kennecott 17 and for a gamble Gotham Hosiery pfd.

BANON'S "NOON LETTER"

MONTREAL, Que., April 15—Sharp advances during the past week in silver, wheat, corn, rubber and hides and moderate advances in many other commodities has generated considerable talk to the effect that inflation has finally taken hold. Some denial of this viewpoint, however, lodged in the fact that United States Government bonds are still maintaining their bullish trend while the American dollar still holds its own relatively well in the foreign exchange market.

Hamilton Bridge Co. reports for 1934 operating loss of $169,552, as compared with an operating loss of $182,318 for 1933.

McColl Frontenac Oil Co shows earnings equal to $115 per share on common in financial statement for year ended Jan'y 31, 1935 as compared with $1.27 per share for preceding fiscal year.

Robt. Mitchell Co reports net loss before depreciation for 1934 at $112,346 as compared with $147,239 net loss in preceding year. Production of newsprint by Canadian mills totalled 203,682 tons in March as compared with 210,129 tons in March of last year and 180,305 tons in Feb. of this year.

Continued improvement in prospect for Canadian business as second quarter opens according to mercastile review.

Demand for steel in United States is being well maintained according to Pittsburgh "Review".

So far various speculative markets have no reflected materially the business pickup likely to be generated by the spending of nearly five billion dollars. In many quarters this is attributed to the belief that actual spending may be a little slow in starting. Once the spending program does get going, business, already on the road to recovery, is likely to be stimulated in a big way.

LIVESTOCK

(Canadian Press)

MONTREAL, April 15—Offerings on the Montreal livestock market today totalled 4,026 head.

Cattle receipts were 1,039 head. The cattle offered were lacking in the top quality of the previous week. A few good butcher steers were weighed at $6.85 with a few medium kinds at around $6 and some plain steers from $4 to 5.25.

Calf receipts were 1,460 head. Calves were moving slowly at 25 to 50 cents lower than last week. One lot of nine good calves, averaging around 160 lbs., was sold for $5.75. Medium good to good kinds brought $4.75 with just medium calves around $4. Mixed lots of plain to just fair quality calves brought $3 50 to $3.75. Common thin light kinds brought $3 and a few culls $2.50.

Good and choice veal, $4.75 to $5.75; common and medium 2.50 to 4.50.

Sheep receipts were 82 head. Medium good to good spring lambs, weighing 50 lbs., or better, brought $6 to $8 each. Light kinds of fair quality were $4 to $5. Common lambs weighing less than 40 lbs., were not wanted and sold as low as $3 each. Sheep were from $2.50 to $4 with the bulk between $3.50 and $3.75.

Ewes, $2.50 to $4; lambs, good, $6 to $8 each; common, $3 each.

Hog receipts were 1,447 head. About 800 hogs were sold at $8.75 for bacons, fed and watered. The balance of the hogs were being held for more money. Selects drew $1 per hog premium. Butchers, heavies and lights were $8.25 and extra heavies $7.75. Sows were from $6.50 to $7.25.

ENGINEERS FIND MANY TREASURES

SIAN, Shensi, China, April 15—(By The Canadian Press)—Northwest China, often called the Cradle of the Chinese race, is yielding long-buried archaeological treasures as railway builders move through ancient grave mounds and tombs. Bronzes and earthenware of the Chou dynasty, which dates back to the ninth century before Christ, have been brought to light along with relics of several succeeding eras.

The Lunghai railway, which reached here recently from the east, is pushing on deeper into a territory which was the seat of China's ancient civilization. Excavation for the right of way is going forward within sight of the imperial tombs of Chou, Chin, Han and Tang dynasties, which stand out as landmarks of the countryside. Some of the largest of these monuments rival the pyramids of Egypt in size. They are believed to contain priceless stores of imperial relics.

Highway construction also has brought to light many valuable pieces of old Chinese art which have lain underground for centuries. Important finds also have been their fields. The most notable recent find was a 2,000-year-old tomb containing a collection of ornate burial pots. The pots all bore the mark of the Han dynasty which flourished at the time of Christ. This tomb, situated on the shore of a lake, was discovered when the waters washed away the sands which buried it.

Another famous relic was the Tuan-Fang altar set, a find of great antiquity and immense value. The set includes an altar and a complete assortment of sacrificial vessels. The priceless objects were ploughed up by a farmer at Sanyuan, 30 miles north of here.

It is almost impossible to dig without turning up broken potery and porcelain.

MONTREAL EXCHANGE

(C. P. By Guardian's Special Wire)

MONTREAL, April 15—Early promise of an active session on the Montreal Stock Exchange today was not fulfilled, but the general list managed to close with gains in the ascendancy and a number of new 1935 highs in evidence. Activity was brisk in the morning and volume heavy but a later slackening of interest allowed turnover to drop.

Metal shares were the main market features with Consolidated Smelters and International Nickel both touching new highs for the year despite a reaction in the price of silver futures, which enjoyed a record week last week. International Nickel touched a new peak of 27 before closing at 26 3-4, up 3-8, while Consolidated Smelters advanced 1 1-2 to a new high of 144 1-2. Hollinger gained 40 cents at 17.15.

Absence of any important news which might have a bearing on the market held gains in other sections of the list to narrower limits with the exception of a few specialties. Reports the Canadian National Railways would scrap more than $27,000,000 worth of old rolling stock failed to affect equipment shares as the general opinion was held the stock would not be immediately replaced by new equipment.

Total sales were 16,975 shares; bonds $5,225.

MINING

(Canadian Press)

TORONTO, April 15—Profit taking in the silver stocks was in evidence in today's mining market session, last week's rise having sweetened the pot for traders who were in at the bottom. Offerings were absorbed without difficulty and recessions did not exceed 9 cents in any issue. Base metals held up well and had some gains at the close while the golds displayed more strength than weakness. Volume was under last week's average, 872,000 shares changing hands.

The market opened the week firm to strong but the small recession in the London price for silver inspired selling which soon turned the silvers down. Eldorado touched 1.75, rallied to 1.84 at mid-afternoon and closed at 1.80 for a loss of 8 cents.

Several of the medium-price and penny golds were bought heavily on an advancing price scale.
