Saves \$600 a Year in Fuel

Selckquest Brothers of Clover Hill, N.H., have put Oil Engines to a real test—they have made actual comparisons. And now they find that their 9 H.P. Renfrew Oil Engine, working 10 hours a day on heavy work, saves them \$200 a day over their old engine. This is why the Renfrew Oil Engine receives the endorsement of farmers, saw mill men, municipalities and all others who are looking for genuine fuel saving and increased profits. The Renfrew combines low fuel costs and low repair cost—no oil, no spark plugs, no delicate electrical connections—simply beautiful, efficient and practical. Sold in 3 1/2, 5, 12 and 18 H.P. size by the makers of the Renfrew Cream Separators, Truck Scales and Rances.

—BEDEQUE METHODIST CIRCUIT—P. A. Fitzpatrick, minister Searletown 3 p. m., Cape Traverse 7 p. m.; Bedeque church not ready for service yet. W. M. S on Wednesday, Oct 3 at 2.30 at the house of Mrs D. Schurman, Centreville.

—COAL ARRIVES— The S. S. "Constance" Captain Betts, in tow with the Barge "Williams" arrived in port of Summerside, Thursday with a cargo of 600 tons of coal for the Railway. This makes the fourth cargo to Summerside in the past two weeks.

—A PAINFUL ACCIDENT—While Mr. James Gillis, (Stork) was driving from the Charlotte town Exhibition on Thursday night the horse which he was driving got scared by an auto and Mr. Gillis was thrown out of the carriage and resulted in breaking his leg. He, after some time and pain, managed to get into the carriage again and had to drive three miles to the nearest farm house where first aid was given, after which he was driven to Hunter River and caught the late train to Summerside where he was met by the Ambulance and conveyed to the Prince County Hospital where the leg was set and at last accounts Mr. Gillis was resting as comfortably as could be expected.

—CURVE WIDENED— About 35 men under the supervision of T. McPherson and foreman, Howatt, of the C. N. R. have been busy the past few days widening the curve near the crossing at the entrance of the Queen's wharf to enable them to widen the switch at the Sinclair & Stewart, warehouse, so as teams can load and unload from the entrance at Queen Street, as this will be a public spur and will no doubt be appreciated by the public.

—SCHOOL SOCIAL—The teacher and pupils of Irish town school held an ice-cream social in the school-house there on Monday evening, and the meet was a satisfactory success. The purpose was to aid in augmenting the fund that is donated to give relief to the sufferers in the recent disaster in Japan. The people of the progressive district are surely modern in their support to any cause that appeals to their judgment, and in this instance they measured well up to their record. The entire program was carried out with efficient results, and the crowning feature of the meet was the efficiency with which the duties of auctioneer were discharged by the teacher, Miss Rosella Mahar.—Y.
