## SUPREME COURT OPENED YESTERDAY IN SUMMERSIDE

### True Bill Found Against Sherry and Woodside. His Honor Reserves Decision on Case of King vs. James Tuplin Fox Company.

The Supreme Court opened at Summerside yesterday morning His Lordship Chief Justice Mathieson presiding.

There were two criminal cases on the docket, King vs. Foster Sherry and Tignish. The charge was that the defendant had in his possession and offered for sale one silver fox pup, this being the pet of one of the two foxes belonging to the ranch of James Christopher of Tignish.

The second case was the King vs. Hiram Woodside.

The jury were empaneled about six hours and came down with true bill against both Sherry and Woodside.

The jury also reported the result of their visit to the Prince County Jail and stated that every thing was in excellent condition. They recommended that new drainage gutters be placed on the roof and also that an iron fence similar to the one on the north be

## Lloyd George And Asquith Discuss Union

(Special to The Guardian.)  
LONDON, Nov. 28.—The divergent Liberal parties of David Lloyd George and Herbert H. Asquith, which have been bitterly opposed to each other, took the first step today towards uniting in solid opposition to the Conservative government of Premier Bonar Law.

One hundred members of the House of Commons identified with the Asquithian and Georgian sides of Liberalism, and a caucus of factions was discussed.

Speakers on both sides urged that a reunion be effected at the earliest possible moment. The conference adjourned until next week at which time it is hoped that plans will be completed.

In case leaders are successful in bringing the "Two Faces" of Asquith and the National Liberals of Lloyd George into one fold, a party will emerge which will stand between the radicalism of the Labor party and the extreme "tranquillity" conservatism of Bonar Law's followers.

Merger of the two parties, however, will not oust the Labor party as "His Majesty's opposition" and the Commons. Asquithians and Georgians together can command a little over 100 votes, while the Labor strength stands at 141.

A combined Liberal party, it is expected by leaders, would attract many voters who at present do not subscribe to the policies of either the Conservative or Labor party.

## Plan To Crown Ex-Crown Prince Rupprecht

(Special to The Guardian.)  
PARIS, Nov. 28.—Considerable activity in Bavarian Royalist circles is reported here. French travelers and French agents in Germany are saying that the plans interrupted owing to the reaction which followed the murder of Dr. Rathenau, the German foreign minister, in Berlin in June, have been taken up again.

Bavarian agents have been sounding the French Government as to what action would be taken in the event of the restoration of the Wittelsbach dynasty at Munich. The ex-Crown Prince Rupprecht is their favoured candidate.

## Two Vessels Collide 34 Are Drowned

(Special to The Guardian.)  
BUENOS AIRES, Nov. 28.—Thirty-four lives were lost in a collision today between a launch and a ferry boat in the Parana River near Zarate, northwest of Buenos Aires.

The collision occurred in the darkness at 8 p. m. last night. The launch, filled with picnicers on their way home, many of them children, struck the ferryboat while going at full speed.

The launch hit the larger craft at the overhang of the bow, under which the picnicers boat disappeared.

So far as is known there are only three survivors of the excursion party and the launch crew.

## Bullets Are Ready For French "Tiger"

(Special to The Guardian.)  
ST. LOUIS, Mo., Nov. 28.—A letter declaring that "the bullets are ready" for the visit to St. Louis, December 5 of Georges Clemenceau, former premier of France, was received at the mayor's office here yesterday. Following receipt of the letter, police officials announced that added precautions will be taken to protect the "Tiger" when he is here, although it was said the letter probably was written by a crank.

A similar letter was received a few days ago by acting Mayor Alee, and a third predicting that Clemenceau would go to his grave if he comes to St. Louis was forwarded to the city officials by general Charles C. Dawes from Chicago.

## Red Cross Campaign For Membership

This is what Lieutenant Governor McKinnon says of the Red Cross:

"The good work of the Red Cross Society both as a national and a local organization is well known. It means when necessary, the nurse at the bedside of the dying soldier or it may mean the alleviation of suffering in remote districts.

"It is now put forward to a small extent in a great field. The Public Health nurse has entered the common school, where happy and playful children are sometimes suffering from many defects unknown to them or their parents. These troubles so common to children, when pointed out to the parents are easily and speedily remedied. This great work requires money and its importance should insure a hearty response to the Red Cross Roll Call."

## BABY CONTEST YESTERDAY A DELIGHTFUL SUCCESS

### Heartz Hall Crowded With Pleased Visitors. 130 Babies Competed for the Prizes. A Wonderful Show.

The Baby Show which was held yesterday afternoon in the Heartz Memorial Hall under the auspices of the Childs Welfare Association and which was the first exhibit of its kind ever held in this province, was a grand success much more so than even the organizers were expecting. There were in all 130 entries from all districts of the province. Throughout the afternoon the hall was crowded with visitors curious to see this wonderful exhibit. The judging commenced at 2 o'clock and was supposed to finish at 4; but the large number of entries and the crowded hall prevented the completion of the judging until nearly 4 o'clock.

The judges were the nurses of the Childs Welfare Association and the P.E.I. Hospital, assisted by Miss Cosh and Miss Warburton.

Later in the afternoon an excellent tea was served under the auspices of the Ladies Aid of the P.E.I. Hospital and this in addition to the exhibit metted a very substantial sum. The affair indeed was a grand success and if next year a similar show is contemplated, arrangements for a much larger floor space will need to be made. Even the upstairs of the hall yesterday was crowded to overflowing, despite the stormy weather, which did not in the least prevent the arrival of the babies.

Following were the prize winners:

## Bold Attempt At Incendiarism In Amherst

(Special to The Guardian.)  
AMHERST, N. S., Nov. 28.—The most miserable attempt at incendiarism that I ever saw, was the statement made to the Daily News this morning by Fire Chief R. A. Lusby, in giving a description of the fire outbreak in the Lawrence block, corner of Spring and Allen Streets, at four o'clock this morning when damage estimated at \$5,000 was done. "In a score of places, the plaster had been broken from the walls, and paraffine soaked paper and cardboard inserted between the lathes," said Chief Lusby. "A large hole, evidently for the purpose of creating a draught had been cut between A. E. Lawrence butcher shop, and the vacant store recently occupied by J. D. Brennan. In this vacant shop, half a can of paraffine was also found. Splashes of paraffine were in evidence on the walls, and along the floor."

### ROYAL NECKLACE HIDDEN IN BUTTER.

PARIS, Nov. 28.—Reports from Bukharest say that four persons were arrested as they were on the point of crossing the Czechoslovak frontier with a necklace valued at \$400,000 belonging to the Bulgarian royal family. The necklace was concealed in a large slab of butter. The men declared that the necklace had been entrusted to them by a confidential court official for safe keeping in the event of an uprising which would oblige the King and the court to flee the country.

## Bank Cashier Shoots Rival

(Special to The Guardian.)  
LONDON, Nov. 28.—Extracts from the 25,000-words letter written by the bank cashier, Lindsay, who shot dead a young clerk, Harold Grey, at Messrs. King and Co.'s bank in Pall Mall, were read at the inquest here.

Both men were in love with Miss Edith Mary Ferguson, a pretty 18 year old typist at the bank.

Lindsay's letter was a detailed revelation of how he craved for love, and, failing to win it, plunged into a Jekyll and Hyde life of dissipation. Speaking of Grey he wrote:

"I have had a struggle to prevent myself from striking him. I formed a resolve some months ago to smash and utterly destroy him. I resolved that he should not have this beautiful girl even if it cost my own life. This has been in my mind for many months, and

## CONSIDERING TREATY BETWEEN TURKEY AND UNITED STATES

### On Ground That United States Was Not at War With Turkey. Treaty Between Two Countries Probable.

(Special to The Guardian.)  
PARIS, Nov. 28.—Preparation of a separate treaty between Turkey and the United States is under consideration at Lausanne, says a despatch to the Temps. The correspondent suggests that this perhaps was the subject of yesterday's long conversation between Richard Washburn Child and Ismet Pasha.

"If the basis for such an arrangement were laid here at Lausanne" the correspondent telegraphed, "the conference would find its entire character changed and it would reinforce Turkey's position considerably."

WASHINGTON, Nov. 28.—The Near East peace conference at

Provision which allowed to Standard Oil 7.20 to be shown in the subsidy list was also removed. A vote is due tomorrow.

I have decided it is the only way. I do not think I am to blame for the situation that has arisen. I strove from the very first to avoid anything in the nature of a contest between us."

The jury found that Lindsay murdered Grey and then committed suicide, and was in full possession of his senses at the time.
