

TUESDAY
MARRIED LAST EVENING.—The marriage took place in Charlottetown last evening at 7 o'clock of Miss Minnie Pursey, daughter of Mr and Mrs John Pursey, North Tunstuck, to Mr. Reginald Fraser, Charlottetown, the ceremony being performed by Rev. George C. Taylor, pastor of Zion Church. The bride was becomingly attired in crepe de chene, with Irish point lace trimmings, and black picture hat with white ostrich plumes. The couple were unattended. A substantial cheque was the groom's gift to the bride. They left last night by the mail special on their wedding trip, followed by the best wishes of their many friends. They will return in about two or three weeks to reside in Charlottetown.

NEW ASSOCIATION.—The people of Cumberland District have organized a Stock Breeders' Association for the purpose of securing one of the Short-horn Bulls, which are being supplied by the Dominion Dep't. for the Island. James Hogan was appointed President; Wellington Murphy, Vice-president; Joseph Murphy, Secretary-treasurer; Francis Smith, John R. Murphy and Patrick Foley, Directors.

PURE RICH BLOOD PREVENTS DISEASE
Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weak, tired, languid feelings and worse troubles. Hood's Sarsaparilla has been wonderfully successful in purifying and enriching the blood, removing scrofula and other humors, and building up the whole system. Take it—give it to all the family so as to avoid illness. Get it today.

SERIOUS ACCIDENT.—Yesterday on Richmond Street, Mr. Hugh McLeod, an aged gentleman, fell on the sidewalk near Dr. Ledwell's residence, cutting his forehead badly. He was taken into the doctor's and his wound dressed. Afterwards he was taken to his home. It is possible that he may be removed to the hospital.

FUNERAL HELD.—The funeral of the late John Sheehan, of Kensington, took place on Sunday last, 24th inst., and was largely attended. His remains were laid to rest in Indian River Cemetery. Rev. Father Gillis performing the last sad rites. Deceased was in his 82nd year, and leaves a family of five sons and two daughters to mourn.—E.

MAGIC BAKING POWDER
ENGLETT CO. LTD. TORONTO, ONT. WINNIPEG-MONTREAL

In the Supreme Court yesterday morning Mr. Justice Hazard delivered the following judgment in the case, tried before him last week without a jury, in which W. H. Montgomery, of Bedouque, sued Robert Douglas, of Amherst, to recover \$4,000, price of a pair of foxes being purchased by the plaintiff to recover the sum of \$4,000, the price of a pair of foxes sold by the plaintiff to the defendant. The case was tried before me without a jury a few days ago. Practically the only question to be determined was as to the delivery.

ald, D. Edgar Shaw, James McIsaac and T. F. White. The programme was as follows: Bagpipes, Scotch Airs—Messrs. Duncan McDonald, J. K. McKenzie. Overture, Scotch Selections—Orchestra. Vocal Solo, "Scots Wha Hae"—Mr. W. J. Brown. Violin Solo, "Blue Bells of Scotland"—Accompanied by Miss Katie Stanley, Rev. J. H. Littlejohns. The Highland Dancers were: Misses Reta McDonald, Gladys McCormack, Constance McFarlane, Helen McMillan, Helen McDonald, Katherine McNab MacLennan, Masters Eric McDonald, Arthur McDonald, Malcolm Ross, Thomas Coleman. A well-balanced orchestra under the direction of Professor Vincombe gave a number of excellent selections during intervals in the programme. The performance will be repeated this evening, when there will, no doubt, be again a full house.

PROSPEROUS ISLANDER.—The Medicine Hat Morning Times says:—A partnership has been arranged between Dr. James S. Macleod and Dr. Orr, and the new firm will occupy Dr. Orr's offices in the Hull Block. Dr. Orr is medical officer to the Mounted Regiment and will leave for the front when the regiment goes away, though he will attend to his practice until that time. Dr. Macleod will attend to his practice during his absence. Dr. Macleod is medical superintendent at the city hospital, and has for the past year been associated with Dr. W. H. Macdonald. Mr. Macleod is the son of the late Dr. James Macleod, Charlottetown, and his many friends in the Island will be glad to hear of his success in the West.

A COLE DIP.—When the ice is bad, as it must necessarily be, after two days rain, people should not trust too implicitly to Providence. This was clearly demonstrated on the Upper Hillsborough ice at St. Andrew's, when on Friday the 23rd, Mr. Jos. McMullin attempted to take the ice in drive of the late Dr. James Macleod. Luckily they did not get out far enough to reach deep water when the horse broke through. It was with considerable difficulty the poor animal was released from the "miry clay" for which these flats are noted.—L.

HORSE NOTES.—Mr. M. A. White, of Graham's Road, has purchased from Mr. J. R. Brehaut, Montague, the well known stallion "Lord Strathcona," and the horse was shipped to Emerald Junction on Wednesday last. This fine animal was sired by McQueen, dam Crown Rights and has left choice stock to his credit in Kings Co. The stock breeders of New London should congratulate themselves on having such a fine horse brought to their midst.—E.

SPLENDID WORK.—The Alpha Ladies' Institute held its annual meeting on the 15th ult., when the officers for the ensuing year were elected and submitted, which showed the Institute to be in a satisfactory condition and to have had a very successful year, its members having, in addition to their regular business, accomplished a large amount of supplementary work, including the holding during the winter of several social meetings for the benefit of the young people of the community, the giving of special prizes at household science exhibitions. They also voted \$10 of their funds for further school improvements and \$10 was sent by them to the Hospital Ship Fund when the war started. They have since then contributed and sent \$100 worth of made-up hospital goods, clothing and food to the Red Cross and Belgian Relief Funds, thus proving the ideal principle of this Institute, it being the introductory one of this province being organized in 1911 in connection with the Department of Agriculture. The arrangements and regulations thereby suggested being approved, were accepted and are still adhered to and found to be satisfactory, therefore no change has been effected therein and the good work is still being ardently pursued.

RECruITING POSTERS.—Major Bartlett has received from the Parliamentary Committee, 12 Downing St., London, a selection of recruiting posters as used in Great Britain, to encourage the enlistment of volunteers for the front. There are twenty-five different designs, all most striking and effective. Citizens who desire to see the form of patriotic literature takes in the Old Country cannot do better than visit Sunnyside and see the specimens exhibited in Rankin's Drug Store. There will be a change every day for the next twenty-five days, and everyone should see these posters, which are self-explanatory.

ST PAUL'S LITERARY SOCIETY.—The first debate of the session under the auspices of the recently formed St Paul's Literary Society took place in the hall last evening under the presidency of the rector, Rev. T. W. Murphy. There was a large attendance of young people, and a short musical programme preceded the debate. The subject of debate was, "Is war necessary to the progress of civilization?" For the affirmative there spoke Messrs Harold Messervey and Noel DeBois and Miss Elsie Lowe, and for the negative Messrs Harold Cross and T. Edgar McNutt and Miss Bradbury. The subject matter on both sides was well prepared and cogently expressed. At the conclusion of the debate and before the judges gave their decision, a vote of the audience was taken, and the negative won by a large majority. The judges, however, who consisted of Hon. Justice Hazard, Rev. Dr. Coffin and Mr. J. R. Burnett, gave their decision in favour of the affirmative on points. One hundred points were allowed for each speaker, and on comparing notes the judges found that 220 had been earned by the speakers for the affirmative and 205 for the negative. Votes of thanks concluded a very interesting and enjoyable affair.

TEACHERS ADDRESSED.—Tuesday afternoon Mr. Henry Smith, School Trustee, read a paper on the School System of Prince Edward Island, with special references to Teachers' Institute here. President Seaman presided. Besides the teachers a number of others were present. After brief and appropriate remarks by the Chairman, Mr. Smith delivered the most interesting and valuable paper, which dealt with the beginning of our schools about one hundred and fifteen years ago, down to the present time. The names of the old time teachers were given, also the disadvantages under which they laboured, then the opening of schools and the building of the old Central Academy, after the Prince of Wales College. The paper abounded in anecdote, historical reference and gave a splendid idea of how education has progressed within the century. At its conclusion the eulogistic remarks were made by Superintendent Campbell, Wm. Bradley and F. J. Nash. A cordial vote of thanks was tendered Mr. Smith. Mr. Bradley, formerly vice-principal of Queen Square School, but for some years past in the West, gave a capital account of the educational system and the work and remuneration of teachers here.

PERSONAL MENTION.—Among the visitors to Victoria on Friday were: Mr. Arthur Lord, Cape Traverse; Messrs. John H. Bradley, Frank Monaghan, and Michael McCaughy, Kelly's Cross; Mr. George Farrow, Hampton; Mr. Will Dunsford, South Melville; Mr. Joseph Francis, County Linc.; among the visitors to Victoria Saturday, were: Mr. Frank Hagan, Westmoreland; Mr. Reginald Dick, South Melville; Mr. Colin Ferguson, Gamble's Corner; Messrs. O. H. Smith, Maynard Foy, Donald Hill, Rich. Dick, and Howard Leard, Tryon; Messrs. Edward McFayden and Robert Carr, Augustine Cove; Messrs. James Malone and Thomas Monaghan, Kelly's Cross; Messrs. W. Calvin McDonald, Hampton; Mr. Angus McPhee, New Haven; Messrs. Mack McPhail, John A. McKay, William M. Inman, James McKay and Hector McKay, DeSable; Mr. John Gaudet, Bonshaw; Mr. W. D. Sherren, Westmoreland; Mr. Jos. Gass, Apple Road; Mr. John T. Inman, Hampton.—Y.

ANNUAL HORSE SHOW.—The Directors of the Horse Breeders' Association are again preparing for the Annual Horse Show, which is to be held this Spring. A meeting will be held at an early date to prepare the prize list. At the last annual meeting it was suggested that a class for Percherons should be opened, also a class for Standard Bred Stallions, and for roaster mares. Several suggestions have already been made to the directors. One is that there should be an agricultural class open to mares and geldings; another is that classes for light horses should be for carriage stallions and mares registered, and for carriage mares sired by registered stallions, and not eligible for registration. A third suggestion regarding light horses is that there should be a class for carriage stallions and carriage mares; for standard bred stallions and standard bred or roaster mares. The committee will welcome suggestions, which can be handed to the Directors; H. H. Acorn, any of the Directors; H. H. Acorn, North River; David Reid, Victoria Cross; W. W. Crosby, Cornwall; T. P. Cass, North River; John Richards, M. L. A. Bideford, and Jabez Lee, Victoria.

WEDNESDAY
MT. STEWART.—Mr. S. C. Clark has sold a dwelling house and six-acre lot to Mr. P. Hughes, Donnelly's Road, and the latter has sold his farm to Mr. John W. Bert. Mr. Frank Jay, Mt. Stewart, during the soft weather a few days ago had a very uncomfortable experience. After a night's rain Mr. Jay went out as usual to pull his smelt nets, but just as he got to where they were set, the ice gave way for many feet around him and, do his best, he could not get out of the tight position. It was only on the timely arrival of Mr. John A. McAulay that he was rescued. By that time Mr. Jay was thoroughly chilled but has not suffered any consequences of his "cold plunge".—L.

REGRETTABLE ACCIDENT.—The many friends of Mr. John Yeo one of the best known and most popular Locomotive Engineers of the P. E. Island Railway, will regret to learn that while in the act of taking water into the tender of the engine of the western express at the tank at Summer-side yesterday morning, the spout sprang away throwing Mr. Yeo violently from the top of the tender to the ground causing him to fall of a pile of ice which has gathered under the tank. As a result of his fall he sustained a fractured wrist, a bruised hip and body also a bad shaking up. The Guardian joins with his many friends in hoping to soon see him around again none the worse of his experience.

THE BURNS ANNIVERSARY.—The musical event of the season, and that of last night fully lived up to expectations. The spacious People's Theatre was filled to its utmost capacity, notwithstanding that the weather was anything but agreeable. The programme began, as all Scottish concerts invariably do, promptly on time, and was carried through without a hitch and without an uninteresting moment. The best musical talent in the city was represented on the programme. The musical selections were among the finest in Scotch minstrelsy, while the drills and dances by the younger set—many of them very young—were executed with splendid precision and evidenced careful training. A distinct Scottish atmosphere pervaded the performance not only in the bagpipe music and vocal selections, but in the picturesque Highland costumes worn by many of the performers. A particularly beautiful bit of stage setting was that in which a number of artificial Scotch thistles were represented, some of them electrically illuminated, and surrounded by a score or more of lassies wearing Highland colours. A feature of this scene was a solo by Master Thomas Coleman, who while emerging from the interior of one of the "thistles" gave in excellent voice a military selection which greatly delighted the audience.

Lamb, the cautious mail driver, continues to perform his duties uninterrupted, and his many patrons are delighted with the new system and would not return to the old unsatisfactory method.

SCIENTIFICALLY BLENDED FROM ONTARIO AND MANITOBA WHEAT.
MIXING does NOT mean BLENDING. Anyone can take two kinds of flour and stir them together. But blending is only arrived at by careful, scientific, practical tests. As you know, Ontario wheat flour is generally regarded as "a pastry flour". It has the necessary lightness; the delicious, homemade flavor. It makes the most delightful Bread, too—white and light and fine. Western wheat flour makes a big loaf of bread—but it is gray, coarse, full of holes and not a bit inviting. Now, in milling "Beaver" Flour, we add the proper proportion of Manitoba wheat to the choice Ontario wheat. It is due to this fine blending of the wheat that "Beaver" Flour has just the right strength to make a good sized loaf of Bread; and at the same time, have the sweet, tasty, "homey" flavor. "Beaver" Flour is perfectly balanced. It has the strength and nutriment—it has whiteness, lightness and flavor and is the same in quality and strength at all times. This is why "Beaver" Flour—the only scientifically balanced flour—is equally good for Bread, Rolls and Biscuits, Cakes, Pies and Pastry. Your grocer has "Beaver" Flour or can easily get it for you. Ask for it by name—"Beaver" the true blended flour. DEALERS—Write us for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO. LIMITED, CHATHAM, ONT.

SCIENTIFICALLY BLENDED FROM ONTARIO AND MANITOBA WHEAT.
MIXING does NOT mean BLENDING. Anyone can take two kinds of flour and stir them together. But blending is only arrived at by careful, scientific, practical tests. As you know, Ontario wheat flour is generally regarded as "a pastry flour". It has the necessary lightness; the delicious, homemade flavor. It makes the most delightful Bread, too—white and light and fine. Western wheat flour makes a big loaf of bread—but it is gray, coarse, full of holes and not a bit inviting. GAINED 30 LBS. IN FEW WEEKS NEVER FELT SO WELL
Was Pale, Weak and Thin, and Had Nervous Headaches Before Using Dr. Chase's Nerve Food.
It is truly wonderful what Dr. Chase's Nerve Food does for women who are weak, weary and run down in health. New, rich blood is what is needed in nearly all such cases, and because Dr. Chase's Nerve Food forms new blood—not more—relief, but actual cure—in the great majority of such ailments. With an abundance of rich, red MRS. H. LAICH, blood coursing through the veins the nerves are strengthened and vigor and vitality are carried to every organ of the human body. With the nerves properly nourished headaches and neuralgia pains disappear, appetite improves, digestion is good, you sleep and rest well, and gain in strength and weight.
