

RED ROSE "is good tea" TEA

Over 30 years a standard wherever good tea is liked.

The most effective sermon is that which is found in the ring! by a good example.

Patient: "Doctor, what I need is something to stir me up—something to put me in fighting trim."

Doctor: "Well, perhaps I had better send in my bill."

Who left the cellar light on?

WHAT difference does it make? Light is the least expensive of all modern comforts. It costs less now than it did before the war.

A 75 watt Edison Mazda Lamp averages less than half a cent an hour for current. If you read your daily newspaper from end to end under the proper light, the paper will have cost you more than the light you read it by.

The price of a cigar given to a guest will more than cover the cost of illuminating your house all evening. In comparison with any other service to the same end, light is an infinitesimal item in the cost of comfort and convenience.

Near you is an Edison Mazda Lamp Agent. There you can obtain real information about good lighting.

MARSHFIELD UNITED Church.—The annual meeting of St. Col. James' United Church was held on Thursday and was well attended. After the usual devotional service Mr. A. C. Foster was called to the chair. The report of the Stewards showed that stipend and all expenses were paid and a substantial balance remains on hand. The report of the Session showed the present membership to be 55—a decrease of one during the year—24 having withdrawn and 23 added to the roll. The action of Presbytery in linking this church up with others to create the York and Marshfield Church met with hearty approval and plans for the permanent organization of the entire charge, were accepted and endorsed. Plan B of the Basis of Union was agreed to as the constitution of the congregation. It was decided that the 'United Church Record' be distributed free to each family. Mr. Roland Phillipson was appointed to receive subscriptions and forward news items to the Maritime organ 'The United Churchman.' As the ecclesiastical year of the United Church ends on March 31st, thus necessitating another annual meeting in April, the stewards and secretary were reappointed till then. Mr. Roland Phillipson was appointed auditor. A vote of thanks was tendered the choir and organist for excellent services during year, and a vote of sympathy to Mr. J. T. Ferguson on account of his recent accident. At the close of the meeting a very dainty lunch was served by the ladies of the church.

What Makes It So Wonderful?

Naturally, the question follows the utter astonishment of hearing the new Orthophonic Victor for the first time.

COMPARED with the enchantment of actual performance,—explanation seems futile. Yet, humans are curious. The query persists: "What makes Orthophonic Victor music so captivating?"

First, there is the revolutionary new acoustic principle. Second, there are the things it only, of all reproducing instruments,—accomplishes. The Orthophonic Victor reproduces the base sounds as they should be heard. Harshness,—it does not know. Piano notes are maintained for their true duration.

Organ music has full organ resonance. Dance music rhythm is compellingly faithful to its original. Vocal harmony parts are clear and distinguishable from one another. Diction is natural as life. All tones have their true proportionate values. The result is beauty that matches the original, tone for tone.

There is yet a third reason for the wonder of this peer of instruments. It is a Victor Product! Your nearest "His Master's Voice" dealer can transform your interest into conviction today.
