New John Deere Spreader
 Liked By Every One

This new spreader with the beater on the axle and the box-roll turn appeals to everyone who has seen it.

WHY SHOULDN'T IT?

It has a 5- to 10-inch lower box advantage that saves a lot of real labor—saves the hard work of pitching the manure high.

Its beaters are low down—the manure is evenly deposited, making a well defined line beyond the drive wheels before wind can cause drifting—does better work.

It has high drive wheels, roller bearings, fewer moving parts and the beater on the axle that makes it easier pulling for your horses.

Simple in design, fewer parts, because the beater is on the axle, unusually high grade materials and workmanship make it a long-lived durable spreader.

If you haven't seen the New John Deere make it a point to call at our store. A sample is on display. We invite comparison.

 (Continued from page 4.)

ous conceit of the man! "The West knows the East better than the East knows the West," he shouted, and with the air of the Man-Who-Knows-It-All speaking to people who know nothing.

"You puny Islanders, why don't you buy a flivver and get out and see something and learn something?" These were not his words, but that was the impression he left. "I know it all. I've visited all the nine provinces within the past few days and everywhere a great Liberal wave is rising." The inference was plain. The Great Man had only to show himself for a day or two in a province and the Liberal Wave came up, boundless and beautiful.

The Great Stretcher from the West—may we call him—did not deny that he had hinted that the Maritime people hankered after free rides on the inter-colonial. The proof was too plain in the columns of his own home organ in Regina. But why did he add to that insult by here suggesting the purchase of flivvers? Evidently that was his measure for the purchasing power of the average citizen of the Maritime Provinces. "Buy a flivver, get out and see something and learn something." That in substance is the word of the ex-Minister of Railways to the people of this province. It serves to recall that years ago when our railway was blocked with snow for weeks the then Liberal Minister of Railways told us to "Get out and shovel snow." That sort of thing is not popular in Prince Edward Island.

PAIN

Minard's relieves pain and aches, is highly beneficial for stiff joints sore muscles.

King's County Political Meetings

Political meetings will be held in Kings County at the following places, on the dates given below: Kingsboro, Monday, Aug. 23rd Souris, Tuesday, Aug. 24th Annandale, Thursday, Aug. 26th Bridgetown, Friday, Aug. 27th St. Georges, Monday, Aug. 30th Cardigan, Thursday, Aug. 31st Heatherdale, Friday, Sept. 2nd Cambridge, Monday, Sept. 4th Georgetown, Tuesday, Sept. 7th Murray River, Thursday, Sept. 9th Murray Harbor South, Friday, Sept. 10th All meetings to commence at 8 o'clock p. m. The Opposition Candidate is invited to attend and share equally in the time.

New York Structures Built In Queer Forms

NEW YORK, Aug. 21—Some of the most curiously shaped buildings in the world are located in New York without one of them being planned as a freak.

This condition arises from their having been planned according to streets, which originally were laid along twisting roads or Indian trails.

Numerous "Flatirons"

The Flatiron Building is the best known, with its knife like edge facing North while the southern exposure is widened in the space between converging streets. Broadway has a similar shaped building every few blocks up to Times Square.

Broadway bisects Manhattan Island from the southeast corner to the northwest. The remainder of the main streets are laid out in rectangular squares, which causes the odd shaped lots to appear at each intersection.

Times Square Formation
 Times Square itself is formed by a junction of the street, and is anything but square, being rather more the shape of a diamond, as Broadway crosses Seventh Avenue there from the east and then turns north. An apartment house located at Riverside Drive and 16th street, is built inside of a long curve of the latter street, which makes of the building a triangle with one side "hallooned" outward. The building across 11th street, a companion to this one, is built with the curve inward. If the street could be removed and the buildings joined they would dovetail.

Skyline Of Art

The new buildings, in conformity with the building laws, also have created a skyline which in the case of each building is beautiful but seldom noticed from the street.

The buildings above the sixteenth or twentieth stories are pyramidal to allow as much light as possible on the street, but the streets are so narrow that no proper perspective can be obtained to view the upper portions.

One of the few buildings not so hidden is the American Radiator Building south of the Public Library grounds. This tower is done in orange and black stone, each insert of the pyramid marked so that when the tower is illuminated at night it has the appearance of a great pile of coals.

Healing of a Useless Arm

ANOTHER ISLAND WOMAN PAYS TRIBUTE TO THE PARADOR

The following letter from a grateful island woman is but another link in a very long chain of evidence.

Seal River, Lot 54, Newport, P. E. I.
 Dear Sir,—I am most thankful for the relief I obtained from use of the Farador. A year ago my left arm was quite useless. For five months I could not pick up a pin with it, my fingers were quite numb, and I suffered much pain. A single treatment with the Farador brought wonderful relief and freedom from pain, and I can now make the arm quite freely. I am that other sufferers may know how to find relief.

MRS. FLORA McLEAN.
 The foregoing letter is addressed to W. E. Eaman, Farador Representative, 253 Sydney St., Charlottetown. Phone 267. Ask for literature including long list of names of cured Island people. 1444

Queen's County Political Meetings

Political meetings will be held at the following places and on the dates given below. All meetings to open at 8 p. m. Opposition candidates invited to attend and will be given half of the time:

Rustico Bank, August 20th
 Hunter River, August 23rd
 North Wiltshire, August 24th.
 Cornwall Hall, August 25th.
 Afton Hall, August 26th.
 Bonshaw, August 27th.
 Victoria, August 30th.
 Kelly's Cross, August 31st
 Bradabane, September 1st
 Hope River, September 2nd
 Clifton, September 3rd
 Irishtown, September 4th.

Canada Is Subject To Midwinter Exposition

Canadian Manufacturers and Railways Largely Responsible for Exhibition in New York Next January That Will Cover All Dominion's Varied Aspects (Canadian Press)

NEW YORK, N. Y., Aug. 20—According to an announcement made here by Charles Wendell, director, every phase of Canadian home life, resources, industries, products, etc., will be demonstrated at a Canadian exposition to be held here in January 1927.

Mr. Wendell's announcement said the Canadian and United States railways and Canadian manufacturers had combined to bring the vast resources of the Dominion to the attention of people in the United States.

Displays of the lumber industry, the fisheries, fur-trapping and many exhibits of manufacturers are planned. Mr. Wendell said. Royal Canadian Mounted Police, French-Canadian maids from Quebec province wearing the colorful costume of the past generation, Canadian Indians and western fur-trappers from the northwest will be present at the exposition, he said.

Miniature displays are being made to bring to the attention of visitors copies of actual scenes offered in Canada showing both winter and summer sports.

Mr. Wendell said the exposition would be extensively advertised throughout South America for months prior to the opening so as to interest the South American buyers and visitors to come to the United States during January to attend and see the Canadian manufacturers have to offer for various organizations and delegations from South America to be invited with a view to making business connections with Canadian manufacturers. Mr. Wendell added.

An extensive radio programme has been planned according to Mr. Wendell, and one month in advance of the exposition every radio broadcast Canadian programme and Canadian information.

Mr. Wendell said Mayor Foster of Toronto and Mayor Martin of Montreal had signified their intention to attend as guests of the United States committee and assist with other leading men of Canada and the United States at the official opening by Mayor Walker of New York.

According to Mr. Wendell, the United States exposition committee includes Charles M. Schwab, United States Senator, James W. Wadsworth, James W. Gerard, former ambassador to Germany, Bishop William T. Manning of New York, Theodore Roosevelt, Vincent Astor, Governor, A. Harry Moore of New Jersey, George W. Wickersham, former United States Attorney-General, and a large number of other prominent men.

The Canadian committee now being formed includes Mayor Martin of Montreal, Sir John Aldred, president of the Canadian Bank of Commerce, Lord Atholstoun of Montreal and Senator Lorne G. Webster of Montreal. Mr. Webster stated.

3 Men Drowned Near Montreal

MONTREAL, Aug. 20.—Three men were drowned in Riviere Des Prairies on the north side of Montreal Island yesterday, when a small ferry on which they were crossing turned over. One man was rescued. Team of horses and wagon also went down. According to information here a farmer named Bertrand and two hired men were drowned. A third farm hand was rescued by Bertrand's son, who came to the rescue in a boat. The others had disappeared.

Happenings of The Week

(Continued from page 4.)

Mrs. Stanley Green was the guest of honor at a delightfully arranged afternoon tea given by the Misses Burrows, Summerside. It was a reunion of old friends, and a most enjoyable social time, recalling pleasant reminiscences was spent.

Hear arrangements are being made for a concert in honour of Mr. F. T. Watkis, the brilliant pianist and organist, who has so long given of his talent and genius for the benefit of local institutions. The concert will probably take place in the Prince Edward theatre in September to permit of distinguished visitors now on the island to contribute to the programme, in addition to the host of local talent who have offered their services. Needless to say the concert will be one of the most brilliant musical events probably in the history of the Province, and already the promoters are being besieged with requests for reservations for parties who wish to be present.

Mrs. C. Lyons, Fitzroy street, has as her welcome guest, Miss Grace McInroy of Saint John, N. B.

The tea hostesses at golf this week will be Mrs. G. S. Inman, Mrs. K. M. Martin, Mrs. M. Bagnell and Mrs. F. Sellar.

At the tennis courts this afternoon the hostesses will be Miss Allenby, Miss E. Jenkins, and Miss Dorothy Kirwan.

Miss Berna Heustis, Upper Prince street, has as her guest this week Miss Jean Wright of Summerside.

Regretful farewells were said to Mrs. Alice MacKinnon, who left Thursday morning on return to Tulsa, Okla., after spending six weeks with her parents, renewing old friendships. Her mother and little son Errol, accompanied her as far as Sackville. Mrs. Doull and Errol will spend two weeks in Amherst before returning home.

Dr. Farrel and Mrs. Farrel, of Boston, arrived in the city last Tuesday, and were spectators at the Montague races on Wednesday. They are the guests of Mr. and Mrs. S. T. Gallant, Elm Avenue. Dr. Farrel is one of our Island boys who have made good in the United States, to whom Islanders are always glad to extend a hand of welcome.

Mrs. Charles Robertson, of Spokane, Washington, who has been visiting her daughter at Truro, is now visiting her sister Mrs. James MacLeod, at Keppock.

Mrs. A. A. Bartlett entertained at dinner at Beach Grove Inn this week, in honor of Mrs. C. L. Miles, whose impending departure for the West Indies is being regretted by a wide circle of friends.

Mr. and Mrs. Marcus Calder and son, Ralph and Dr. Stanley and Mrs. Donalds, Moncton, N. B., have been the guests of Mr. and Mrs. G. W. Robinson Summerside this week.

Miss Evelyn MacNeill, daughter

of Dr. James MacNeill, Battleford who has been the guest of Mrs. Frank MacNeill, Summerside, left this week on return home after a most enjoyable visit.

Mrs. H. H. Lefurgey, Summerside, was hostess this week entertaining her friend, Mrs. Johnston, from Western Canada who is visiting here.

The Misses MacGillivray of Boston Mass., who have been visiting their sister, Reverend Mother Superior of St. Mary's Academy, Summerside left for home yesterday morning after a delightful holiday.

Mrs. Beverly Owen, noted vocalist of New York, is at present spending a holiday at her old home in Summerside and is being welcomed by her many friends. It is to be hoped her voice will be heard in Charlottetown before returning to New York.

Mrs. Peterson and Miss Gertrude Peterson of Montreal, are the guests of their son, Mr. A. W. Peterson and Mrs. Peterson at their charming apartment, Hillside Street.

Lovers of good music in this city will be indeed pleased to hear that Mr. Earle Spicer, baritone, and his accompanist, Prince George Chavchavadze expect to be able to appear before a Charlottetown audience some time in October, while on their next trans-continental tour. They are now in London, and the Daily Sketch speaks of the Russian Prince as follows: "The skilled British Royalties, who form such an interesting section of London society, are fast accustomed themselves to new conditions, and many have lunched out most successfully in commercial enterprises. Others have entered the worlds of arts and music, with notable results. Prince George Chavchavadze for example, is achieving considerable fame as a pianist, and is said to have a great career before him. The Prince who is a younger brother of Prince Paul, the husband of Queen Alexandra's great-niece, Nina, has already given several concerts in town."

Among the welcome arrivals in Charlottetown this week are Mrs. William MacLean, for many years a resident of this city, and now of Montreal, and also Mr. A. A. MacLean, ex M. P., and Mrs. MacLean of Ottawa who are being cordially welcomed by their many

friends. Arrangements have now been completed by Mr. Robert Cotton for the operation of a through pullman sleeper from Charlottetown to Montreal leaving Charlottetown at two o'clock on Thursday afternoon September 2nd and due in Montreal on the Maritime Express the following evening. This will be the first occasion on which a pullman sleeper with tickets available for the general public has been operated out of Charlottetown and it is to be hoped that the car will be well filled so that a service of this kind having been once tested out, will not be met with the same difficulties in the future as have after much correspondence been successfully overcome in this instance. The fares arranged for the berths while a little higher than the Sackville rate are about five per cent lower than the Halifax to Montreal pullman rate which would seem to be reasonable and reservations may now be made at the city ticket offices.

Mrs. Guy Johnston and little daughter, who have been summering at Keppock, left yesterday for their home in Montreal. Dr. Johnston will come down from Montreal to meet them at Quebec.

Goodbyes were said this week to Mr. Lloyd Dewar, son of Dr. and Mrs. G. F. Dewar, who left Thursday for Vancouver, where he will attend school this coming session. He was accompanied to Montreal by his aunt, Miss Katherine MacLeod, who will spend some weeks visiting friends.

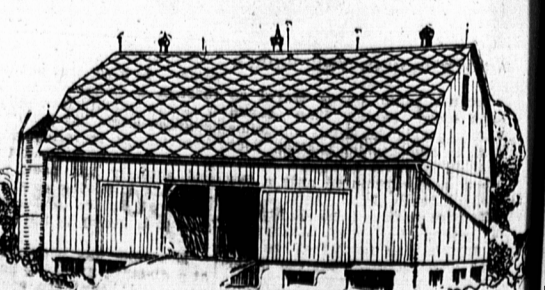

Miss Enid Rogers was the hostess at an informal dance this week in honor of her cousin, Miss Frances Rogers of Montreal, who is a guest.

Mr. B. D. and Mrs. Rogers formerly of Amherst, but now of Montreal, and their two charming daughters are being welcomed to their many Charlottetown friends. They leave by motor this morning on return to their home.

Misses Norah, Queenie, Hilma and Stephanie Jenkins, daughters of Col. and Mrs. S. R. Jenkins, Brighton, returned from their trip to Europe on Monday evening had a glorious time visiting England and the continent and met a few old friends and acquaintances on their travels.
