"Furniture. When we sell a piece of furniture we want who ever buys it to be just as well satisfied with his purchase in five, or ten or twenty years from now as on the day we deliver it. The only kind of furniture that will give such lasting satisfaction is good furniture, the kind, and the only kind, we sell. Cheap furniture is always dear at any price. Not only is it likely to fall to pieces after a time but is always sure before long to offend one's sense of taste. Furniture of character never grows old. We live with the furniture in our homes day after day, and year after year. How important it is, then that we select with care. A good piece of furniture should last a lifetime, age and associations will only enhance its value. From a financial standpoint alone it pays to buy only the best. By this we do not mean the most expensive. For although we boast that our furniture is of the sturdy, reliable quality character that grows better as it grows older, yet our prices, you will find upon investigation, are as reasonable as any in Canada. CHEER BISHOP INGRAM

MONTREAL, Sept. 15—A remarkable Protestant answer to the recent Eucharistic congress was furnished at the Arena, when Bishop Ingram, of London, addressing the opening meeting of the convention of the Brotherhood of St. Andrew, made a confession of his Protestant faith, which aroused an immense audience to such a pitch that for several minutes they cheered until the rafters rang.

BALANCE OF TRADE IS NOW AGAINST THE UNITED STATES

WASHINGTON, Sept 15—The balance of trade, which the statistics of the last thirty years have generally shown to be largely in favor of this country, has turned over. It now stands $1,000,000 on the other side of the ledger for the first eight months of this calendar year. The month of August swung the pendulum and brought to the United States $8,563,425 more in trade than it took out.

THE HOME PHYSICIAN

Dr. Morse's Indian Root Pills Cure Most of the Family's Ills.

This Little Box is Mother's Stand-by.

Perhaps if the children, and the "grown-ups" too, always ate exactly the right quantities of exactly the right things, at just the proper times, and in every other way obeyed the rules of health, there would be no sickness in the family, and no need of medicine.

But they never have and probably never will, so in every family there are sure to be more or less frequent attacks of sick headache, biliousness, indigestion, constipation, and kidney and liver troubles, and occasionally some one is "sick in bed".

It is worth a good deal to the mother, then, to have on hand that perfectly safe and reliable remedy for these ills —

Dr. Morse's Indian Root Pills.

They invigorate those organs which cleanse the body of waste and impurities, regulating the bowels, stimulating the kidneys and opening the pores of the skin.

Thus *Dr. Morse's Indian Root Pills* cure the common ailments and keep the family healthy. This they have been doing for over half a century in every part of the world.

AIRSHIPS AND DIRIGIBLES OF THE FUTURE

PARIS, September 10.—Intense interest attaches to the French army manoeuvres on the Plains of Picardy this year, the brigade operations preliminary to which have already begun at Grandvilliers, because they will mark the first employment on a large scale of aeroplanes and dirigible balloons. Besides the regular military attaches accredited to foreign embassies and legations, many ranking officers from European countries will be kresent to witness the manoeuvers.

Each of the opposing military commanders, General Picard, of the second army corps, and General Maurier, of the third army corps, will have four aeroplanes at their disposal, while General Michael, the director of the manoeuvres, will have six aeroplanes and four dirigibles.

General Michael will maintain communication with the war department in Paris by wireless telegraph.

In order to avoid accidents simulated collision between aeroplanes will be forbidden and their operations limited to scouting, reconnoitering and acting as pilots for the dirigibles. The air fleet is now housed in specially constructed sheds at Grandvilliers.

LATEST MODELS IN SILVER ARE PLAIN.

Newflat silver is severly plain. So great has been the craze for the forks and spoons which looked exactly like an inheritance from greatgrandmother that the best plated ware can now be had in the favorite colonial design.

But the latest models go much further back in time than the days of the pilgrims. The Tudor, simple and severe, but artistic, is selected by the discriminating quite as frequently as the colonial, both for the occasional gift and for daily use upon the home table.

PANNE CLOTH.

Panne cloth which really is a light weather broadcloth, is a favorite material for the evening wraps for early fall wear. The pastel shades, enlivened with metal embroidery, are exceeding handsome. The very heavy cords and tassels will be used for a finish around the armholes as well as for fastenings in front. The irregular outline across the lower part of the wrap, suggesting drapery, is supplanting the straight line of last season.

THE WRONG ADDRESS.

Editor Guardian:—I am constantly receiving letters addressed to "Clifton," P. E. I., and sometimes "Clifton, New London, P. E. I."

Please allow me to say that my address is simply "New London, P. E. I.," the only New London in Canada. Let me say, moreover, that there is no Clifton Post Office in P. E. I. and letters intended for parties in this vicinity should never be addressed except to "New London."

Henceforth, I shall not take delivery of any letters bearing my name, but do not bear my post office address—New London, P. E. I.

The name "Clifton" has caused and is causing much confusion in this locality. One name is enough for any place and New London is the legal name for the place.

Yours truly,
JOHN MURRAY.
