**FALSE ALARM.**—A fire alarm rung in from Elm Avenue, last night at 10.35 brought a quick response from the Fire Brigade. It was a false alarm.

**WHY NOT MAKE** the round trip on the Atlantic this afternoon at 3 o'clock to West River Bridge, and return fare only twenty five cents. Home again at 5.45.

**LAI D TO REST.**—The funeral of the late Dr. Colwell, was held yesterday afternoon at 2.30 from the residence of his brother Mr. R. E. Colwell, 186 Prince St. Service at the house was held by Rev. Mr. Ryan. The pallbearers were Messrs R. N. McNeil, J. F. Pierce, W. T. Wellner, Reg. Taylor, Bruce Huggan and Dr. W. J. McMillan. Interment was made at the People's Cemetery.

**RADIO CONCERTS.**—Charlottetown is soon to benefit by the marvelous radio concerts which have been so popular throughout the United States and in the larger Canadian cities during the past year. The Rogers Hardware Co., Ltd., who are always in the forefront with any new departure in their window on Queen Street, this morning, a complete line of apparatus for the construction of the finest kind of long distance Radio Concert Receivers as well as many complete pieces of apparatus. They have been appointed as distributors for Prince Edward Island for the Canadian Marconi Co., Ltd., and other well known makes of Radio material. A large stock is now on hand to choose from, shortly they will have a complete receiver installed in the store for demonstration. That the stock will be well selected to give the best satisfaction and value for the money is assured by the fact that it has been purchased entirely under the supervision of a qualified wireless man of many years experience. The Rogers Hardware Co., Ltd., are prepared to quote figures for complete installations, including erection of aerial wires, etc. A short range broadcasting apparatus will shortly be installed in addition to the receiving set and programmes, news and market reports will be sent out over a radius of fifty miles from Charlottetown.

**GENEROSITY APPRECIATED.**—The orphan's of St. Vincent's Orphanage were through the generosity of the management of the World's Standard Shows, and the Charlottetown G.W.V.A., treated to a free entertainment yesterday afternoon. All the attractions were thrown wide open to the little ones who were taken in charge by guides who saw that nothing was overlooked. Just before leaving the grounds each youngster was presented with a bag of peanuts and a cone of ice cream. It is acts of this kind which go far to brighten the lives of these children, who have not all the pleasures of those more fortunate. It is hoped that similar treats may be in store from time to time.

**LICENSED RADIO STATIONS.**—The following are some of the people who now possess Radio Receiving Apparatus in this Province and who hold licenses from the Canadian Government. Mr. M. Burke, Charlottetown, Rose & Gray Tea Rooms Charlottetown, Orange Lodge, Charlottetown, Keith Rogers, Charlottetown, Gilbert Houston, Charlottetown, Walter Hyndman, Charlottetown, J. A. S. ## Meilke Amateur Champion Defeated Wylie Yesterday

### Good Weather and Splendid Play at Concluding Day of Maritime Golf Championship.

The Maritime Golf Championship finals were concluded yesterday afternoon and the prizes presented by His Honor Lieutenant Governor MacKinnon to the winning golfers. There was but a fair attendance at the links, as many of the visiting players left for home in the morning.

The greatest interest centered in the amateur championship finals, between Gerald Meilke, Brighton Golf Club, Dartmouth, Amateur champion for the past two years, and H. M. Wylie, Halifax.

The morning Meilke led at the first nine holes, 4 up, the scores being 36 and 41 respectively. In the final round, started at 3 p. m., Wylie got a bad start when he played into the rough on the second hole, but recovered himself with a neat play out. He gave one to his opponent on the first hole and made an even play 3-2, on the second. The same ended with Gerald Meilke, the victor, 10 up and 9 to play, the scores being: Meilke 36, 36, 39; Wylie, 38, 41, 46.

The professional finals also finished yesterday afternoon, were won by S. W. Lynam of St. John's, New Glasgow, 45-1.

Following were the scores: Lynam: 35, 39, 37, 39-150. Foley: 37, 39, 37, 39-151. L. Quesnell, (Brightwood) 37, 46, 38, 36-150. O. Braut, (Moncton), 40, 46, 42, 40-169. M. Cornfoot (Lingan) 39, 37, 47, 45-171. T. Cornfoot (Halifax) 39, 47, 48, 45-179.

Following the conclusion of the amateur game the prizes for the meet were presented from the hands of the links, President Malcom presiding and His Honor giving out the prizes as follows: Championship Cup—Gerald Meilke. Runner up—H. M. Wylie. Qualifying Cup—Frank Meilke. 1st. Consolation—C. J. Jones. 2nd. Consolation—F. C. Harris. 3rd. Consolation—W. A. Henry. Runner up—Geo. Mahon. 4th. Consolation—F. M. Fraser. Runner up—E. L. Snook. Desolation—Dr. Chipman. Runner up S. C. Baker. Team Match—Brightwood Club, Mr. Henry, Frank and Gerald Meilke, C. W. Durrant. Driving Competition—F. Wylie, Mr. McLeod, and Approaching—Mr. Bays, Mr. W. H. Malcom. Press trophy—Geo. Mitchell, (Woodstock Press).

Upon the presentation of the prizes a hearty vote of thanks was tendered by the visiting golfers to the Charlottetown Club, and particularly to President Malcom, Mr. Bays, Mr. Webster, Mr. Miles and his capable committee for the very good time enjoyed. The meet was voted one of the most successful ever held in the Maritime Provinces and it was generally expressed by the visitors that the evidence links for beauty of scenery and vantage points as a golf course could not be beaten.

President Malcom extended on behalf of the local club a cordial welcome to the again and expressed the hope that Charlottetown would again have the honor of being chosen for the Maritime meet in the near future.

**THURSDAY'S GOLF.**  
The unique and thrilling battle royal between the Meilke brothers in the semi-finals on Thursday was such as to rouse the most hardened veteran to a high pitch of enthusiasm, and the large gallery around the course with breathless interest; but found their breath to cheer time and again at some magnificent piece of play, in a game which measured up to the best standard of Canadian amateur golf. The end came at the 17th hole, Gerald Meilke winning 2 up and 1 to play.

In the opening of the battle between the Meilkes, Frank was a little nervous and did not get his shots clean. The older brother, playing in superb champion-

ship form was exceedingly cool and played the shots perfectly. Frank was particularly bad on the putting for the first round, Gerald putting a perfect field game all the way through, but missed one or two short puts on the first round and several on the last round. In fact his putting in the last round was the weakest part of the whole match. His best shot, if one were to discriminate, was his field shot approaching the greens from 175 yards down to the short approach. In every case during the match he landed his approach shot on the greens. There were no phenomenal puts during the game, but better during the second round.

Perhaps the best shot of the whole match, one that brought a great ovation from the gallery, was the approach made by Gerald on the 17th hole, where his drive lodged rather close to the woods. In order to reach the green it was necessary for him to play an iron with a slice, which he did to perfection, landing on the edge of the green, running his approach putt well up, going out for a four and ending the match.

The consensus of opinion is that the better golfer won, although Frank had the better of the last round. As Gerald lost hole after hole during the last round it seemed to indicate that he was losing his nerve, but he rallied splendidly on the 8th, Gerald has improved to a marked degree since the last annual meet in Amherst, his driving and iron work being magnificent.

Frank Meilke, the nineteen year old player in his first Maritime Tournament in sharing the plaudits of golfers of the three provinces for his remarkable "come back" after the 9th hole, when his brother was then 5 up, Frank in his rallying "break pulled down the lead to 1 at the 15th hole. Golfers are still talking of his performance at the first hole on the second round when he sliced his drive, got between the trees, played a brassie well up field to the left in the rough and played his third a nice clean shot to the green about five feet from the hole and sank the putt for a Birdie Four on a par 5 hole.

At the annual meeting of the Maritime Golf Association, the next place of meeting was discussed at some length. The C. P. R. offered St. Andrews by the sea for the first week in September, but there was some doubt as to the advisability of accepting this, owing to the late date when the links would be available, as the players would then have completed their vacation. The matter was left to the decision of the incoming executive.—Percy Black Amherst.

The Stuart McCauley press trophy was won by George Mitchell of the Woodstock Press, with a score of 99 for 18 holes. D. M. Ross of the Amherst News, second, with 104. George Maddin of the Moncton Times, third with 109. J. A. Sayer of the Atlantic Leader, fourth, with 132. There were four entries.

The driving competition, three drives from the tee, resulting as follows: H. M. Wylie, 491 yards; E. M. Mecced, 482 yards; J. H. Meilke, 469 yards. The largest single drives was 236 yards by Frank Meilke. In the approaching and putting contest, 100, 75, 50 and 25 yard put, E. M. Mecced won on a play off with J. H. Meilke. Dr. O'Brien and Frank Meilke com for second place.

## Good Year Tire Service

For years, Goodyear factories have produced more tires than any other tire producing organization in the world. Recently the 45,000,000th tire was completed. It staggers the imagination to think of such a tremendous output of a product so highly standardized in quality. Staked on top of the other 45,000,000 Goodyear tires would make a pile 16,500,000 feet high or nearly 600 times higher than Mount Everest, the world's highest mountain. They would fill 45,000 standard freight cars which, coupled together, would make a train 350 miles long. The enormous Goodyear organization extends into Great Britain, France, Belgium, Spain, Italy, Egypt, Spain, Africa, Australia, India, Japan, Brazil, Argentina, in fact every important country of the world. It gives employment to thousands of rubber producers on the East India plantations, to freight steamship lines, to cotton producers in the United States and Egypt, to steel, zinc, brass, and chemical workers in dozens of secondary industries. Finally the Goodyear manufacturing organization itself employs many thousands who are highly trained and who serve the needs of doctors, merchants, bankers, farmers, doctors and others in every country of the world by producing tires which make motor traffic both comfortable and economical.
