Pride in the daintiness of their white dresses is excusable in the little folks, and in the big folks, too, for the white, glossy stiffness that Celluloid Starch gives is truly delightful. It is so easy to use, too, makes ironing a pleasure, satisfactory results certain. We can all be excellent ironers if we only use

Cantankerous, Obstinate Watches.

If you are the owner of a cantankerous, obstinate Watch, that utterly refuses to behave itself decently and tell time correctly, why not bring it to the E. W. Taylor Store and let our expert repairers diagnose its case? An erratic, unreliable Watch is little better than no Watch at all. The longer you allow it to misbehave, the more difficult the repairer's task will be in the end and the greater the cost of repair. Putting off the fixing of a Watch or Clock that has gotten out of order is a losing and shortsighted policy. Has this any home application to any of your timepieces? If so, our Repair Department is ready and waiting.

Style and Finish

Without quality can't make permanent business, but quality without style and finish never gets any business. It's so the world over; so we crowd in our Boots all that catches the eye—but we never forget to put into them that inherent wearing value, which makes them

GROCERIES

SOAP.

CLEANLINESS

is a matter of water and soap. If the soap is clean of itself, it will do clean work. If it is composed of all sorts of rancid fats, you should be suspicious of its cleanliness. There is a lot of difference in

SOAP.

There is no need of going into details. Every housekeeper knows that what we say is true. We handle the kinds of soap that clean, because they are clean themselves. Such soaps are better and cheaper than the impure, rancid kind. They go farther and last longer. Ask us about our best kind.

LESSON IX, SECOND QUARTER, INTERNATIONAL SERIES, MAY 29.

Text of the Lesson, Matt. xxvi, 17-30. Memory Verses, 20-22—Golden Text, I Cor. v, 7—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1904, by American Press Association.]

Between the last lesson, on humility, and this passover lesson we have omitted nearly all the events of the last week of His life and have come right up to the very last evening before His crucifixion. It seems so unsatisfactory to get so little where there is so much, but this is true of even the smallest portion of Scripture, and we must rely upon the Spirit to give us all that He sees we can receive. In a sentence, let us glance at some of the things we have passed over—the healing of the blind as he entered and left Jericho, the visit to the house of Zaccheus, the supper and anointing at Bethany, the public entry into Jerusalem, the temple cleansing, the fig tree cursed, the poor widow's offering commended and many parables and discourses.

Happy are the believers who can find time to meditate much upon these and upon all Scripture. The events of our lesson are recorded by Mark and Luke as well as by Matthew, and Luke xii, 8, says that He sent Peter and John, saying, "Go and prepare us the passover for we may eat." Then they asked Him, "Where wilt Thou that we prepare for Thee to eat the passover?" He sent them into the city, telling them that a man bearing a pitcher of water would meet them and by following him they would find the house. Then they were to ask the goodman of the house, and he would show them a large upper room, furnished and prepared, and there they were to make ready. They found as He had said and did as He had appointed them (Mark xiv, 13-16). There is a word in Prov. iii, 5, 6, which has been a blessing to me for full forty years, having taken hold of me when I was a young man, a clerk in a store. Do not fail to look it up and eat it, and may the "where wilt thou" of this lesson and the "what wilt thou" of Acts ix, 6, be our continual attitude to Him whose we are and whom we serve (Acts xxvii, 23), who has all our good works prepared for us to walk in and who will guide us as surely and definitely as He guided the apostles on this occasion and when He sent them for the ass' colt (Luke xix, 30-32). See for your comfort and assurance in the matter of guidance Eph. i, 10; Phil. iv, 6, 7; Pa. xxiii, 8; Isa. xxx, 21; xli, 13; but be sure you never lean to your own understanding nor want your own way in anything; be good clay in the potter's hand (Isa. lxiv, 8; Jer. xviii, 6).

Now let us visit the upper room and see our Lord and the twelve at the passover. This also had been foreseen and arranged before the world was. Of all the passovers, from the first in Egypt (Ex. xii), this was the greatest, for it was the last, the consummation and fulfillment of all the others. Concerning this one He said, "With desire I have desired to eat this passover with you before I suffer; for I say unto you, I will not eat any more thereof until it be fulfilled in the kingdom of God" (Luke xxii, 15, 16). Thus He points us on to a greater deliverance for Israel than ever Egypt had witnessed (Jer. xvi, 14, 15; xxiii, 7, 8). All the steps in the great atonement whereby Israel should be redeemed, the church gathered and the kingdom of God established on this earth had been arranged in the eternity past, in due time unfolded, foretold, foreshadowed to man, and as the appointed time comes all is fulfilled, for "the Scripture cannot be broken," and "every purpose of the Lord shall be performed" (John x, 35; Jer. ii, 29).

The institution of the passover (Ex. xii) should be carefully studied, and the lessons of the lamb, the blood, the bitter herbs, the unleavened bread, etc., be prayerfully entered. The feet washing and the teaching connected therewith (John xiii, 1-17) should be pointed out as the betrayer. How awful the words, "One of you shall betray me," "It had been good for that man if he had not been born" (verses 21, 24). Jesus knew from the beginning who they were that believed not and who should betray Him (John vi, 64), but that did not in the least excuse Judas, for he had every opportunity to believe if he had only been willing. In John xiii, 30, we read that Judas, having received the sop, went immediately out, and it was night. It is still night with him who betrayed his Master, the blackness of darkness forever, and there is no escape (Job xxxv, 18; Luke xvi, 26; Rev. xxi, 8).

The passover being fulfilled, or about to be, but not for the national benefit of Israel at that time, because they knew not the time of their visitation and would not have their Messiah, He instituted a new ordinance to continue till He shall come again, as it is written in I Cor. xi, 26, "As often as ye eat this bread and drink this cup ye do show the Lord's death till He come." Then shall begin that phase of the kingdom when Christ shall reign till He hath put all enemies under His feet, after which He shall deliver up the kingdom to God the Father, that God may be all in all (I Cor. xv, 24-28). During the time of His absence we are to be wise and faithful stewards occupying till He come (Luke xii, 13).

We are to be His faithful witnesses, preaching repentance and forgiveness of sins among all nations, and not shrinking from fellowship with Him even in somewhat of a Gethsemane and Calvary experience as far as He may see fit to grant it to us. As His body and blood were given for us we must hold ours, thus redeemed, while we stand with Him as His witnesses till He shall come (I Cor. vi, 11, 12).

We Will Buy

A 50c. Bottle of Ligozone and Give it to You to Try.

Ligozone is the only way known to kill germs in the body without killing the tissues, too. It is the only way to end the cause of any germ disease. It is also a vitalizing tonic with which no other product can compare.

It is new in America, and millions who need it don't know of it. For that reason, we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do this gladly to let the product itself show you what it can do.

We Paid \$100,000

For the American rights to Ligozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We paid it because Ligozone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Not Medicine

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and

14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does; and oxygen is the very source of vitality, the most essential element of life. The effects of Ligozone are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill, and Ligozone—like an excess of oxygen—is deadly to vegetable matter. That is why Ligozone kills every disease germ, and with a product which to the human body is life.

Germ Diseases

These are the "known germ diseases." All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

CANADA TEMPERANCE ACT.

OTTAWA, May 25.—In the house this afternoon, Law of Yarmouth, seconded by Lewis of Albert, moved leave to amend the Canada temperance act, giving the trial justice the right to convict with or without hard labor. As the law now stands, the magistrate cannot sentence to hard labor. Mr. Law replying to Mr. Bardeen said there was no other matter of importance covered by his bill.

BONFIRE OF OLD PIANOS.

NEW YORK, May 25.—While 150 Delegates to the National Piano Dealers Convention in Atlantic City waved lights and danced in a circle, 200 venerable square pianos have been cremated to mark what the dealers term the passing of the old make of instrument. The bonfire, which was built in an open place on high ground, blazed like a burning house and was not extinguished for several hours.

CHILD SCALDED.

SYDNEY, May 25.—By the upsetting of a pot of boiling water in the home of John Campbell here today his eighteen months old daughter was scalded so badly that she will not recover. The child was standing near the kitchen stove, when her mother accidentally upset the pot, the whole contents going over the child. Medical aid was at once summoned, but the doctors say the little girl's life cannot be saved.

Builds New Flesh and

Rounds Out the Form, Restores the Healthful Glow to the Complexion, and Gives New Vigor and Elasticity to Every Movement of the Body.

Loss of flesh and weight are about the surest indications that the health is being undermined by disease and that the vigor of the body is wasting away. Ordinary medicines do not seem to benefit you, because they aim at tearing down the tissues instead of building them up, as does Dr. Chase's Nerve Food.

By creating new, rich blood and nerve force and instilling new energy and vitality into every organ of the body this great food cure thoroughly overcomes weakness and disease.

The tired, languid feelings of spring, the spells of headache and dizziness, the annoying irregularities of the bodily organs disappear when this preparation is used, and instead of life being a burden it becomes a joy. Discouragement and despondency give way to new hope and confidence.

As a restorative for pale, weak, thin and exhausted men, women and children there is no treatment that can be compared to Dr. Chase's Nerve Food.

You can best prove this by noting your increase in weight from week to week while using it.

GAINED 25 LBS.

Miss Annie Evans, 39 Gittington St., Halifax, N. S., writes:—

"At 10 ten years ago I became very much run down in health. I could not sleep, was very nervous and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and persevered in the treatment, until to-day I am pleased to say that I am completely restored to health.

"I have gained over twenty-five pounds in weight, sleep well, feel strong and well, and fully believe that I owe my present good health to the use of this medicine."

Dr. Chase's Nerve Food

Is for sale at all dealers at the advertised price, 50 cents a box, 6 boxes for \$2.50, or sent postpaid on receipt of price by Edmansons, Bates & Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous Receipt Book author, are on every box.
