U. S. Refugee Ship Near Nazi "Danger Area"

WASHINGTON, Aug. 19—(AP)—Unofficial calculations tonight placed the refugee ship American Legion in or near British waters where Germany expressed concern over "mines we cannot control."

Dr. Wilhelm Tannenberg of the German Embassy here summoned a press conference to express assurance "that German military authorities will not in any way—even unintentionally—threaten the American Legion" but to renew a warning "about the danger of mines."

Aboard the army transport, the 897 passengers, mostly Americans, apparently were ignorant of the situation. Replying to an inquiry sent Saturday, when the original warning was issued in Berlin, Mrs. J. Borden Harriman, Minister to Norway, wirelessed the Associated Press from the ships:—

"Your message first intimation of newly-mined area. No one aboard informed."

Sumner Welles, acting Secretary of State, reiterated at his press conference today that the vessel's present course was the safest. He said it was reached after protracted consideration by army and navy authorities.

Heavy Toll Of German Planes

(By The Canadian Press)

Britain increased the mounting toll of German planes by 140 on Sunday out of 600 sent over by the Nazis against the island fortress—the best score yet made by the hard-hitting Royal Air Force.

On Aug. 15 180 planes were downed, but out of many hundreds more sent over. Some estimates that day were that more than 2,000 planes attacked Britain.

As compiled by The Canadian Press the score in eight days of mass raids:—

	German	British
Aug.8	61	18
Aug. 11	66	26
Aug. 12	62	13
Aug. 13	78	13
Aug. 14	31	7
Aug. 15	180	34
Aug. 16	75	22
Aug. 18	140	16
Total	693	149

On the omitted dates, Aug. 9, 10 and 17 there were no mass raids.

Chicago Daily News Supports Willkie For Pres.

CHICAGO, Aug. 19—(AP)—Navy Secretary Knox's Chicago Daily News, in an editorial today, stated that it "believes that Wendell Willkie should be chosen as the next President of the United States."

Commending Willkie's position on international policy as outlined in his address last Saturday, when he accepted the Republican presidential nomination, the newspaper said:—

"On the basis of this great speech, and always reserving the right to change our mind in the unlikely event that he later wavers or weakens in the vital concerns of foreign policy and national defence, the Daily News believes that Wendell Willkie should be chosen as the next President of the United States."

Col. Knox, publisher of the Daily News and Republican Vice Presidential candidate in 1936, was appointed Secretary of the Navy last June 20 by President Roosevelt. The newspaper announced last week that it would be operated by a three man board during Knox's cabinet service.

The editorial also set forth that the stand Willkie took at Elmwood, Ind., "reassures this nation, as it serves notice on the world, that no matter who is elected next November, there will be a firm continuity in matters pertaining to our foreign policy and our national defence."

The News is an independent newspaper. Four years ago it supported the Landon-Knox Republican ticket.

William Powell, Myrna Loy In "Another Thin Man"

"Another Thin Man," latest of the sparkling "Thin Man" series, opened at the Capitol Theatre, Summerside, last night, and delighted a capacity house with its fun-provoking scenes and hair-breath escapes for the hero and heroine, William Powell and Myrna Loy, who are co-starred in this best of all "Thin Man" series.

The introduction of a Thin Man Jr., adds considerably to the fun, and the laughs centre around eight-months-old William Poulson, as Nickie Jr.

The story brings the Charles family and their quizzical wire-haired terrier, Asta, to New York for a vacation. No sooner have they arrived than the financial adviser of Nora Charles is slain on his Long Island estate and Nick is called in to investigate. In the typically shrewd fashion of the "Thin Man" sleuth, Nick solves the murder, even though he has to take time off now and then to rescue Nora from a tough New York dive, attend the baby party and upset plans for his own murder.

Survivor Of Athenia Lands With Evacuees

AN EAST COAST CANADIAN PORT, Aug. 19.—(CP) — A British Columbia woman who survived the torpedoing of the liner Athenia ended a Trans-Atlantic voyage today under better auspices.

Miss Betty MacKay, of Langley Prairie, B.C., came to Canada this time with a shipload of evacuees, under the guarding guns of British warships. Last fall, she was returning from a vacation in Scotland when a Nazi torpedo struck the Athenia.

She was at dinner when the crash shook the ship and water poured into the darkened saloon. After going on deck, she said, she saw the wake of the submarine and saw the flash of its gun as it opened fire on the Athenia.

She is on her way now to St. Lambert, Que.

Willkie Says Determined To Keep U. S. At Peace

RUSHVILLE, Ind., Aug. 19—(AP)—Welcomed home as "a Rush County farmer," Wendell L. Willkie told a crowd in City Memorial Park here today that he is ready to make any "personal sacrifice" to keep the United States out of war and "to preserve at all hazards the kind of life we have here in Rush County."

"While bombs are raining down on England today," he said, "I feel an overwhelming sense of humility that I have been called to a position of leadership in one of the most critical periods of world history... People who live and think as we do are being destroyed in their way of life.

Port Hill Man In Hospital After Accident

Mr. Gardiner Newcombe of Port Hill was brought to the Prince County Hospital in the early hours of Monday morning with severe injuries to his back as the result of an accident on the Western Road.

Mr. Newcombe was returning to his home in a horse and wagon accompanied by Mr. Leeland Campbell of Tyne Valley, about 11 o'clock on Sunday night when about half a mile east of Portage they were struck from behind by an automobile driven by Mr. Jerry Arsenault of Summerside, who was also returning home from a visit to the western part of the Province. Mr. Arsenault said he did not see the wagon, although it was equipped with the regulation reflectors.

The wagon was completely demolished, Mr. Newcombe was so badly hurt that he had to be removed to the hospital on a stretcher. Mr. Campbell had slight injuries to his leg. The R.C.M.P. at Summerside were called and investigated the case and after rendering first aid brought the injured man to the hospital. Mr. Newcombe is resting comfortably and is not considered on the danger list.—S.

U. S. Treasury Secretary Leaves For Canada

BEACON, N. Y., Aug. 19 —(AP) — Treasury Secretary Henry Morgenthau, Jr., left his home early today for an undisclosed Canadian destination.

At his home, it was said only that he would be "gone for about two weeks," but no other details of his trip could be learned.

In Washington, there was some speculation that he might have gone to Canada in connection with the isphere defence, for which plans to set up a joint board of five army and navy men were announced yesterday.

Nazi Threat Of Reprisals

BERLIN, Aug. 19—(AP)—The German Government notified Britain today through the Swiss Foreign Office that if Nazi parachutists are not treated according to international law direct reprisals will be taken against Royal Air Force captives.

The German note claimed that the parachutists uniforms are discernible as military and that these troops wear insignia denoting their military rank on their left sleeves.

Under this outer clothing, it was claimed the parachutists wear the same uniforms as other members of the air force.

(A similar statement on the treatment of parachute troops was issued by Germany during the invasion of the Lowlands and France).

German sources claimed it would be considered a violation of international law for civilians to kill parachutists. These sources agreed that civilians might take parachute troops prisoner pending the arrival of military or police officials.

Zale - Soose Meet Wednesday

CHICAGO, Aug. 19— (AP)—Tony Zale and Billy Soose, two star pupils in boxing's 160-pound class, are going to work at Mills Stadium Wednesday night—on each other and the muddled middleweight championship picture.

Zale, recognized by the National Boxing Association as the middleweight champion, won't be risking his title in this scheduled 10-round affair because it's an overweight match. But the ex-steel mill worker from Gary, Ind., will be risking loss of much prestige both to Soose and Ken Overlin, recognized as the 160-pound king by the state of New York.

Soose recently beat Overlin in an overweight match at Scranton, Pa. On Wednesday night he has the chance to whip a second straight 160-pound titleholder and claim recognition as the no. 1 middleweight in the land even though he would hold no crown.

Zale won his title by knocking out Al Hostak in Seattle last month.

War Cabinet Congratulates Royal Air Force

LONDON, Aug. 19—(CP)—The War Cabinet tonight congratulated bomber squadrons of the Royal Air Force on their successful attacks on enemy territory.

Sir Archibald Sinclair, Secretary of State for Air, received the following message from Prime Minister Churchill:—

"The War Cabinet is impressed by the skill with which... operations ...have been prepared and by the cool and sure courage and efficiency with which the fighting crews of the bomber squadrons have carried them out."

Urges Rowell-Sirois Report Be Adopted

GENEVA PARK, Ont., Aug. 19.—(CP)—R. M. Fowler, Toronto barrister, who was one of the secretaries of the Rowell-Sirois Royal Commission on Dominion-Provincial relations, told the Canadian Institute on Economics and Politics today the people of Canada should study the Commission report and consider it "with the object of adopting its proposals as a part of the war effort."

He urged the report should not be "pigeon-holed" as just another Royal Commission report.

In a country of Canada's wide diversities, it was necessary that all problems should be solved in a "properly balanced and co-ordinated system" as offered in the Rowell-Sirois report.

Mr. Fowler said the difficulties of the federal system in Canada were the products of economic, political and social development since Confederation when 80 per cent. of the population lived in self-contained farming communities.

Now Canada is a closely-knit organism with the various parts economically dependent on one another, the speaker said. "If the prairie wheat crops fail, the effect will be felt by Montreal dock workers."

He said the recommendations of the report tend towards stronger centralization of authority but the effect of following them would be to maintain an existing balance between the federal and provincial view, there would be a triumph for provincial autonomy.

A conflicting view was given by Georges Pelletier, editor of Le Devoir of Montreal.

Where Mr. Fowler urged Canadians to study the commission report "with the object of adopting its proposals as part of the war effort," Mr. Pelletier declared:—

"Our political leaders are not supermen and they cannot be at work as Allies fighting the most gigantic war which ever took place in the history of the world and at the same time doing over again the work of the fathers of confederation."

Mr. Pelletier suggested a special assembly of the best representatives available of the provinces and of the central government to consider constitutional changes for Canada, using the Rowell-Sirois report as a basis for their discussions.

He told of Quebec objections to recommended tax changes which would deprive the province "of a great part of its financial resources." The report also "recommends centralization of financial control to which Quebec would not willingly submit." Its recommendations would result in "a real federal state with phantom provincial legislatures."

Residents Of Guernsey Under Strict Rules

BERLIN, Aug. 20.—(Tuesday) —(AP)—More than 4,000,000 Berlin residents spent one hour and 40 minutes in air raid shelters early today after an air raid alarm was sounded in the German capital at 12.42 a.m. (7.45 p.m. ADT Monday). Some citizens said they heard anti-aircraft fire west of the city.

The all-clear signal was given at 2.22 a.m.

Bristol And Vicinity

Mr. and Mrs. Harry Davy, Charlottetown, are spending the summer months in Bristol. They are welcome annual visitors.

Mr. Harry McEwen, Jr., arrived from Boston last week to spend his vacation with his wife and family. Mr. McEwen is a painter by trade having served his time with his father here before returning to the United States where he was born.

A large number of men from this vicinity have been given employment at the airport.

Mr. Sterling McEwen and Mabel O'Brien were appointed deputy registrars for the National Registration work here.

James Hogan R.C.N.V.R. spent the week-end at his home in Morell East.

Mrs. Joseph Richard and her sister Ella Lapierre, Montreal, are spending some time with their parents here Mr. and Mrs. John Lapierre.

Mr. and Mrs. Ernest Webster, Portland, Maine, have arrived on the Island once more to spend the holidays at their summer home in Midgell over-looking the beautiful St. Peter's Bay. Mr. Webster left the Island as a boy some sixty years ago but like many of the old class never lost his love for the old home. Your writer has had the pleasure of making the trip to the States several times with this grand old Islander and spending some time at his stately home in Portland.

Miss Edith McVarish entered the City Hospital last week for an operation. At time of writing she is reported doing well.

Miss Beatrice Mosher has taken a position at Milton's Old Spain in the City. Miss Mosher spent several years as a waitress in Montague.

BRITISH MOVE TROOPS FROM SOMALILAND

Safe Withdrawal Effected from African Protectorate Despite Heavy Italian Attacks.

CAIRO, Aug. 19.—(CP) —British troops have withdrawn safely from Berbera, capital of British Somaliland, despite heavy Italian artillery, tank and air attacks, British middle east headquarters announced tonight.

The Royal Air Force covered the withdrawal. Bombs were rained on supply lines stretching from Italian Somaliland clear to the coast through the British protectorate on the Gulf of Aden.

Naval units embarked native British troops and material. What stores could not be removed were destroyed.

Fascist troops, behind advancing tanks and artillery barrage, entered the capital tonight. Italian aircraft attacked the British troop transports in the Gulf of Aden.

Capture of Berbera came after an Italian drive of 300 miles along the coast from Djibouti, French Somaliland.

Marshal Rodolfo Graziani, Italian commander in Libya, is now expected to launch an offensive against Egypt.

Reports from Libya said Graziani was busy reorganizing his troop concentrations and supply bases at Bardia which suffered intense British naval bombardment Saturday.

An air attack yesterday on the airdrome at Addis Ababa, Ethiopian capital, destroyed four hangars and started a fire, the R.A.F. command said.

The fate of the Italian stone fort Capuzzo, shelled along with Bardia, remained undisclosed. Fascist troops were reported to have withdrawn from it.

Pound Declines, Dollar Steady

NEW YORK, Aug. 18—(AP)—The free British pound declined 2 cents to $4.00½ Saturday, and once more opened the gap between the free and official rates in terms of United States funds on the foreign exchange market.

On Friday the free pound climaxed a long rise by reaching $4.02½, which is also the official selling price set by the Bank of England as a war measure to conserve the empire's money resources.

The supply of free sterling has steadily dwindled, in turn forcing the price up. Recent business has been as low as £1,000 or thereabouts in a single day.

The Hong Kong and Shanghai dollars rallied smartly after severe pressure earlier this month when British-Japanese tension tightened.

The Canadian dollar remained at a discount of 13 3-8 cents, (Ottawa foreign exchange control board rate 9.09-9.91 per cent. discount).

A SOUTHEASTERN COAST TOWN IN ENGLAND, Aug. 19—(CP)—Wounded British soldiers were rushed to a hospital today after a German bomber dropped bombs on a football field where the men were playing.

BATHURST, N. B., Aug. 19 — (CP) — J. E. Connolly, government standard bearer in the provincial by-election necessitated by the death of F.T.B. Young, M.L.A., was elected to the New Brunswick legislature today by acclamation as a member for Gloucester County.

Eldon and Seldon Drake, sons of Mrs. and the late Ronald Drake entered the army service last week and left the Island at once.

Mrs. John J. Perry has taken a position on the cooking staff at Brackley Beach Hotel for the summer.

Fishing continues very poor. This will no doubt be one of the poorest seasons in years unless the fish strike in very soon.

Mr. and Mrs. Albert McEwen, were visitors to the City last week.

Miss Doris McEwen was a visitor to the City last week.

Mrs. Harry McEwen, Jr., who is on the staff of the Provincial Sanatorium, spent the week end at her home here.

Two men in this district were slightly injured last week when their car turned over when the steering arm came off and the car swerved to the ditch. B.

Nfld. Forestry Unit Returns From Britain

AN EAST COAST CANADIAN PORT, Aug. 19 —(CP) —Bound for home after a tour of duty in Great Britain, 400 members of a Newfoundland forestry unit arrived at this port today aboard a British liner.

Members of the group, which served in Scotland for six months, had high praise for the Royal Air Force. Planes of the R.A.F., they said, were sweeping the Scottish skies clear of German bombers. The result was the Nazi planes usually quickly unloaded their bombs and fled for home, doing chief damage to herds of sheep and similar targets.

The Newfoundlanders were all in mufti. Each man wore a badge depicting a moose, the old colony's symbol.

Roosevelt Gets Down To Work On Defence Plan

By DOUGLAS B. CORNELL
Associated Press Staff Writer

HYDE PARK, N.Y., Aug. 19. —(AP)—First meeting of a permanent United States-Canadian Board of Defence was projected for early next week as President Roosevelt began today the selection of its American members.

He asked United States State, War and Navy Department officials to recommend four or five persons, drawn chiefly from the armed force.

He hoped to complete his choice by Thursday in preparation for the Board's initial meeting at a place not yet designated.

The rapid pace of developments leading to the unprecedented strengthening of United States ties with a nation at war emphasized the gravity with which the President viewed the problems of continental defence.

The defence agreement to set up a board to consider the defences of North America and begin immediate studies of "sea, land and air problems, including personnel and material," was announced jointly by the two chiefs of state yesterday.

In the field of politics today, the President gave no indication whether he would answer, much less accept, the challenge of Republican Presidential candidate Wendell L. Willkie, to debate campaign issues.

But by accepting the resignation of his running mate, Henry A. Wallace, as secretary of agriculture, effective Sept. 5, he did sound the signal for the formal start of the new deal's campaign.

Brigadier Foster On N. B. Tour

FREDERICTON, N. B., August 19 —(CP) — Brigadier W. W. Foster, D. S. P. of Ottawa, director of the auxiliary services of the Canadian Legion service inc., for Canada who is on a New Brunswick tour was this morning in conference with Hon. J. B. McNair, K. C. Premier of New Brunswick.

There was no announcement from the Premier's office after the meeting, but the meeting it is understood was of general discussion along the lines of government co-operation with the Canadian Legion Services Inc.

The meeting was termed, "a casual visit." With Brigadier Foster was Captain C. G. Osman of Saint John director of the auxiliary services in M. D . No. 7 and flying officer Lee of the R.C.A.F.

The party left the city today for Edmundston and will make a stop in Woodstock.

EXPORTS INCREASE FOR BRITISH TOYS

LONDON, Aug. 18.—(CP)— Stimulated by the Board of Trade's export council and aided by the navy's activities, the British toy trade has been conducting an effective blitzkrieg at the Nazis' expense.

Walter Lines, chairman of the toy and fancy goods export group, says that since the war the British toy industry has increased its exports 50 per cent., while some firms report a gain of as much as 75 per cent.

Despite raw material and other difficulties, Lines said the industry had kept its promise of firm prices and prompt deliveries. The Dominions, the United States and South America are taking British toys in increasing quantities, he said. Popular favorites include model Hurricane fighters, Blenheim and Wellington bombers and armaments made to scale.

Japan has a shortage of salt and greatly needs it for the production of rayon.

TIGNISH

On Sunday, Aug. 11th, Dr. Sorman, President of the Assomption Society of Edmundston, N. B., his son Marcel accompanied by Rev. Father Cormier were visitors to Tignish and later in the evening they motored to Egmont Bay where Dr. Sorman was to address a meeting of the Assomption Society.

Rev. T. Campbell, Rector of St. Andrews Parish, was a visitor to Tignish on Wednesday.

Mr. and Mrs. Emmett Gorman and his sister and four children motored from Kelly's Cross on Wednesday returning back home later in the evening.

Mr. C. P. McCarthy motored to Charlottetown Tuesday on business.

Miss Colleen McCarthy underwent a successful operation in the City Hospital on Wednesday for tonsils and adenoids.

Mr. Stanley Dawson of Boston is home on a visit to his sister Mrs. William McLeod.

Mrs. Philip Arsenault spent a week in Tignish visiting her husband, who is employed by the C. N. Railway as Assisting Station Agent, returning to her home in Bloomfield on Saturday last. —T

Calls Bullitt's Address "Little Short Of Treason"

By RICHARD L. TURNER
Associated Press Staff Writer

WASHINGTON, Aug. 19.—(AP)—Charging William C. Bullitt, United States ambassador to France, with something "very little short of treason," a group of Senators attacked the diplomat today for his speech at Philadelphia yesterday.

Bullitt, warning that the United States was in danger of German invasion, advocated conscription and urged that destroyers be made available to Great Britain.

One after another, the Senators arose, in the course of the Senate's debate on the peace-time draft, to accuse Bullitt of urging that the United States enter the war, of seeking to promote a dictatorship for the United States, and of suspiciously close and friendly relations with Soviet Russia. They added an assertion that Bullitt's speech was "not only approved but inspired by the State Department."

Their remarks interrupted a Senate discussion of the draft which found Senator Hill (Dem.-Ala.) supporting it on the ground that voluntary enlistments place "premium on slackerism and a penalty on patriotism," Senator Arthur Capper (Rep.-Kas.) opposing the legislation because he believed there was not sufficient danger to justify it.

Another defence development saw the Senate appropriations committee quickly approve a record or near record, appropriation of $5,008,169,277 for beginning the construction of a "two-ocean navy," and providing equipment for an army of 1,200,000 men.

"In my opinion," said D. Worth Clark, Idaho Democrat, "the address of Mr. Bullitt, coming from a man in his position, at this time is very little short of treason."

International At A Glance

(By The Canadian Press)

CAIRO — British troops embark on naval vessels at Berbera, British Somaliland, withdrawing from desert protectorate. London discloses withdrawal decided on as alternative to bolstering garrison with reserves needed elsewhere.

LONDON — Germans confine bombing to scattered points in Britain, nothing like mass air raids of last week; R.A.F. attacks German and Italian factories and military objectives along Nazi-held French coast; all of England, Wales and Scotland declared a "defence area."

BERLIN — German capital undergoes air raid alarm.

TURNU -SEVERIN— Hungarian-Rumanian dispute over Transylvania appears near deadlock, but Rumania apparently near agreement with Bulgaria giving her slice of Southern Dobruja.

OTTAWA— Canada appoints military and naval attaches to Washington.

CHUNGKING — Japanese in new bombardment of provisional Chinese capital set wide area aflame; thousands homeless.

Pound Up One Cent; Dollar Is Unchanged

NEW YORK, Aug. 19—(AP)—The free pound sterling rose one cent to $4.02½ in terms of United States funds on the foreign exchange market today, only a shade under the official price set by London financial authorities.

Money dealers said the "free" unit would probably disappear from the market-place soon because there is no way to create additional "free" pound supplies.

New pressure developed against the Hong Kong and Shanghai dollars after a period of stability. The Hong Kong money dropped .15 of a cent and the Shanghai .7 of a cent.

The Canadian dollar remained unchanged at a discount of 13 3/8 cents. (Ottawa foreign exchange control board rate 9.09-9.91 per cent discount).
