CO-OPERATIVE MARKETING OF SILVER FOX FURS

Silver Fox pelt shipments from us will be going forward to the fur markets each week throughout the season.

We have agencies in London, Paris, Montreal and United States selling furs for us throughout the year.

All furs consigned to us will be insured against loss by fire or theft providing notice giving number and kind of furs, and their estimated value be sent us by separate mail on the date of the fur shipment.

For insurance purposes be careful that the notice be sent separate from the parcel of furs.

Banking arrangements are in effect whereby advances may be obtained at lowest possible rates.

Pelts will be received either at Headquarters Summerside or at Massey-Harris Building on Kent Street in Charlottetown.

If you wish an unexcelled marketing service, consign your furs to

Farmers' Attention

TO POULTRYMEN IN PARTICULAR

There seems to be a tendency on the part of farmers and poultrymen this year to market their chickens unhusbanded. We think it would be a great mistake to sell chickens unhusbanded after feeding and eating tomorrow all summer and raising them to a point where they have their full grown. To kill them at that time would be only a waste of time and effort. It looks as if prices on heavy chickens will be about the same as last year, and we have no hesitation in saying that there will be a market here at your heavy poultry. While the West shows a gain in poultry, Canada as a whole expects 10% increase. Although the export of chickens to England this year will be very small we feel that with the quality our farmers can produce and finish they will always find a ready sale. Farmers who wish to sell their chickens to-day for future delivery to us, may do so on Government grades at a stated price which will be similar to last year. Do not forget we have a market for every grade of poultry.

the trade. Overseas sales of Canadian wheat were expected to be more than 250,000 bushels, with United Kingdom houses the best buyers.

Chicago wheat prices were up about a cent in the initial minutes but slipped back to levels about 1-2 cent above the previous close. Noon quotations at Buenos Aires were 1-8-1-4 cent higher.

Livestock

MONTREAL, Nov. 20—(CP)—Common and medium calves and grassers were 25 cents to 50 cents lower on Montreal livestock markets today while other classes held steady, the Dominion Department of Agriculture reported.

Receipts: cattle, 1,460; calves, 1,850; sheep, 1,688; hogs, 2,931.

There were but few early sales of cattle. A few dozen steers sold at \$7.35. Old heifers sold up to \$8.50 and good cows up to \$5.50. The poorest canners were weighed at \$2.75 to \$3. A few baby beef or fed calves were sold at \$9 to \$9.50 but there were not enough early sales in anyone line to establish prices.

Medium good to good veals made \$10 with an odd at \$10.50. Medium king veals were \$9.50 to \$10 and common light veals down to \$7. Drinkers ranged from \$5 to \$7. Grassers were from \$4 to \$4.50 with the bulk between \$4.25 and \$4.50.

Good ewes and wethers were \$9.75. Heavy lambs were cut \$1 per cwt. Culls and bucks were cut \$2 per cwt. Sheep were from \$3 to \$5 mostly \$4 to \$4.50.

Hogs were at \$9 for bacon fed and watered, and \$9.25 off trucks. Selects drew \$1 per hog premium with the regular cuts on off grades. Feeder hogs were \$9 to \$10. Sows were slow at \$5.75 to \$6.50. Hogs on rail grade brought \$12 hot weight.

FRINGES OF GOLD

Jewelry is easily the most prominent accessory featured with the new frocks for fall and winter. The first impression is that gold in massive designs is the first big favorite, but colored stones are seen a great deal, often coupled with

GRAIN

WINNIPEG, Nov. 20—(CP)—Traders on the Winnipeg grain exchange watched the fluctuations of a firm Chicago market today and held their own wheat futures prices at slightly higher levels most of the session. Quotations slipped a little in the late trade, however, and at the finish were 1-8 cent lower to unchanged, Nov at 70 3-8, Dec 70 1-4, May 75 and July 76 3-8 cents.

Export houses and southern interests were credited with most of the light support in the pit although lack of selling pressure was the main steady influence in

Why Not Make Sure?

It may be comforting, particularly in these times, to accept the belief that "what is to be will be." But would it not be wise to review your plans for the future security of your family in the light of present-day conditions . . . just in case.

All of us must realize that war brings many changes—perhaps in military service at home or abroad; perhaps in employment, in business, in family affairs. Now is the time to make absolutely certain that your life insurance will do all that you want it to.

Are you sure that your insurance money will be paid to those you have in mind? Do some of your beneficiaries no longer need as much protection, and others need more?

Do you know that you can probably increase the effectiveness of your present life insurance by anywhere from ten to thirty percent without any additional cost to you?

Do you know how much of your present insurance will give you an income at retirement and what the amount of that income will be?

Many such questions might be asked. Others doubtless will occur to you. A thoroughly trained Canada Life man will gladly answer them for you with absolutely no obligation whatever. And he may acquaint you with other facts which you should know if you are to get the most out of your life insurance. Why not ask him?

The Canada Life Assurance Company, Toronto, Canada.

I would welcome an opportunity to discuss my present life insurance arrangements.
