KEITH'S THEATRE.

One of the biggest holiday bills in the history of Keith's is in preparation for the week beginning Monday, 27th. It will contain a number of splendid features, especially suitable for the season. For this reason "Kris Kringle's Dream" with the "Top o' the World Dancers" and the famous Collie Ballet will be held over. This act made a tremendous hit this week at Keith's and is one of the most beautiful and liveliest that vaudeville has ever had.

Little Lilly, who has also proved the sensation predicted and has simply captivated Boston with his quaint ways and splendid singing and dancing, will also be retained. A feature of more than ordinary interest will be Frank Fogarty, the famous Irish story teller. Mr. Fogarty has a brogue and a way of telling stories possessed by no other comedian now on the stage. Since he has been on the Keith circuit he has proved to be one of the biggest hits in recent years. It is not so much what he says, as the way he says it, while his stories are all new and full of point. Another special feature will be Binns, Binns and Binns, a company of musical comedians that know how to make people laugh. Others will be Alcide Capitaine, the beautiful lady gymnast, the 3 DuBoll Brothers, America's greatest dancers; and The Brunins, in the most remarkable exhibition of billard playing that has ever been shown.

...All amounts for Guardian advertising and subscriptions in Montague and vicinity should be paid to W. A. Johnstone, agent. 12-27drtf.

...All amounts for Guardian advertising and subscriptions in Souris and vicinity should be paid to A. J. McDonald, agent. 12—27drtf.

KEITH AND PROCTOR'S FIFTH AVENUE THEATRE.

New York Bills for Week of December 27th, 1909.

For the joysome holiday week of December 27th, Messrs Keith and Proctor will present their annual Mid-Winter Festival Bill, consisting of a program bristling with novelty, originality and merit. As usual, the theatre will be festooned with wreaths and garlands of evergreen, new scenery will be provided, souvenirs will be distributed and an augmented orchestra will assist the artists. Nothing will be left undone that will enhance the enjoyment of the throngs expected during the Festival period and on New Year's Eve the gayest part of the Holiday crowd on little old Broadway will be turned out of the Fifth Avenue Theatre. There's nothing like a fine vaudeville show to send the audience home on good terms with all the world, and not a few New Year's resolutions will be strengthened after a visit to Keith and Proctor's playhouse. Toppling the bill will come Will H. Murphy and Blanche Nichols, the world's greatest travesty artists in their screaming burlesque "The School of Acting." Mr. Murphy and Miss Nichols are true artists, and their offering is marked by a refreshing originality of presentation both in action and dialogue. The line between burlesque and horseplay is a thinly divided one, but never once do this versatile pair overstep the bounds of legitimate comedy methods. Grigolati's Aerial Ballet will next command attention and this remarkable mechanical terpsichorean attempt is sure to create a sensation. For one whole season, the Aerial Ballet was the big feature of the Hippodrome performances, and is by far the most successful flying dance yet performed. Many extra stage hands and electricians are necessary for the presentation of this number. On the same bill are Smith and Campbell, American eccentrics, in their foolish talking skit, "Camping Out." Smith and Campbell are positively the originators of their method of funmaking, and that they have thousands of imitators, is the highest compliment that could be paid those funny chaps. They return to New York with enough new jokes and quips to give all their copyists ample material for many seasons to come. Pretty Eleanor Gordon, surrounded by a capable company will appear in a racing comedietta "Tips on Tap." The sketch is a wholesome satire on the foolish habit of seeking tips on the races, and withal is said to be as effective an argument against the evils of betting as sermons from a thousand pulpits will do. Possessing the wit of Nora Dayes, the singing voice of Ethel Levey, the chic of an Eva Tanguay, and the boisterousness of Marie Dressler, Miss Lillian Shaw, the versatile character comedienne will entertain, while Oscar Lorraine, the Proean violinist will charm with the excellence of his art. Miss Shaw is forging to the front as a vaudeville headliner, while Lorraine stands alone in his line of theatrical endeavor. The remainder of the program consists of Harry De Coe, the man with the tables and the chairs who performs feats of balancing never before attempted; McDevitt and Kelly, the dancing duo and the new Keith and Proctor motion pictures.

The cause of numerous diseases, and disagreeable habits, heretofore ascribed as constitutional, have been traced directly to the teeth. Blindness, drooling, frothing, loss of flesh, weak eyes, driving on one rein and pulling are very often due to diseased and irregular teeth. Rough edges and sharp corners of the teeth lacerate the mouth, and produce nervousness and irritability; uneven and elongated molars and incisors prevent the proper mastication of the food, producing indigestion and general debility. Decayed molars cause necrosis of the bone abscesses, nasal gleet, etc. These causes should be removed. Decayed teeth should be removed by extracting or trephaning, sharp corners and edges should be smoothed down, and elongated and uneven molars and incisors cut of. The common float, or file heretofore deemed sufficient to accomplish this, will not suffice but special instruments devised for the purpose are necessary.

Do You Need Shaking?

Like a Stove Choked with Ashes.

You have probably noticed how much more briskly the fire burns when freshly built or shaken. You doubtless remember too, how much more briskly you used to get around when you were in your 'teens or twenties.

The cases are parallel. You are like the fire that is choked with ashes.

The cells which compose the body are constantly dying and being renewed. Then there is the indigestible part of the food to be removed. This cleansing of the body is the duty of the bowels, kidneys and skin. When any of these organs fail to do their work properly, the system becomes clogged and the fire of life burns low.

There is an increasing tendency towards constipation, kidney trouble and poisoned blood as one grows older. In most cases, the need is felt of something to regulate these vital organs.

"Fruit-a-tives" the famous fruit medicine, does this perfectly. It acts directly on the liver, increasing the flow of bile and causes the bowels to move regularly and naturally. "Fruit-a-tives" is the greatest of kidney regulators, overcoming the tendency to congestion of the kidneys and strengthening these organs. "Fruit-a-tives also stimulates the skin to renewed action.

By their combined action on bowels, kidneys and skin, "Fruit-a-tives" keeps the system free of all poisons and renews the vigor of youth.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for $2.50, or trial box, 25c—or may be obtained from Fruit-a-tives Limited, Ottawa.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

THE MORNING PAPER.

Some Reasons Why it Makes The Best Advertising Medium.

A woman's curiosity to know about society, marriages, births, deaths, forces her to read it.

The Morning Paper is before her all day long, and it is she who is doing her household duties, arranging and improving the appearance of her home, that the missing and necessary articles of furniture, rugs, carpets, curtains or other necessities, show up the plainest, and there could be no more opportune time for a dealer to tell about the new goods, the new styles and the bargains offered, for the day or week.

In a majority of homes the newspaper is practically the bulk of the reading matter, and the long, all-day life from 5 a. m. to 10 p. m. of The Morning Paper gives not only the housewife but every member of the family an opportunity to read it.

The Morning paper is read at the breakfast table, again at home at noon, on the trains, in the restaurants. It is read in doctor's offices, professional offices, clubs, hotels, cafes, barber shops. It is read by daylight everywhere you go by both employer and employee.

It is a known fact that throughout the world, possibly with a half-dozen exceptions, the papers with editorial influence and national reputation are Morning Papers.

With these facts in mind, the business man who is looking after the real money-spenders of the family to interest in his goods will consult his best interests by placing his announcements where the women will read them.

TERRIBLE EXPLOSION IN MINE.

ST LOUIS, Dec 24.—Eight men were killed and 400 others had narrow escapes in an explosion of gas in the mine of the Cartersville Coal Company, at Herrin. Open lamps, carried by the employes, caused the disaster. There were three men and a boy in the party, and all are dead.

Within five minutes of the first explosion the miners in the vicinity were started toward the surface and on the return trip of the cargoes, rescuers were lowered to where the catastrophe occurred.
