Not the least of their work was the fitting up of a suitable hall for their meetings and small entertainments. At the present time the members are busily engaged preparing handicraft articles for a lottery to be held during the coming autumn. The Sub-Division has recently taken over the work of looking after the altar and a Church Committee has been appointed for this purpose. The

which arrive with unfailing regularity after you reach the Retirement age.

EVERY man expects to retire some day, say at age 60 or 65, and from then on take life easy—as he should. Just how this is going to happen, however, is often vague and indefinite in his mind.

The Imperial Retirement Income Policy offers a definite plan -

More than that, however, should you die prematurely, this capital sum would be immediately available either in cash or as an Income for your dependents. Also, the Plan can include a total disability provision for yourself that will be very comforting.

The Imperial Retirement Income Policy offers the ideal investment for the prudent man. The income cheque comes regularly every month—and there are no reinvestment worries. Write for particulars today—this type of policy is only available while you are in good health.
