The French however succeeded in saving 4000 Turks in the town, it is said.

Buried Him in Coffin Made from His Scow

DEMPSEY WON HEAVY WEIGHT BATTLE IN FOUR ROUNDS

Successfully Defended Title Against Carpentier and Administered Unmerciful Beating.

THE RINGSIDE, JERSEY CITY, July 2.—Georges Carpentier finished flat on his face, his legs and arms outstretched in fourth round, Jack Dempsey, World's Champion, knocked him out a few seconds after the round opened, sending him heavily to the canvass with a short right hook to the chin. The actual fighting time fourth round was one minute and sixteen seconds. Previous to knockout Carpentier was floored with left to the body and right to the chin. Carpentier took count of nine before springing to his feet, where he determined Dempsey measured him, with punch to the chin which ended the battle. Dempsey stood over the fallen French idol until the count was finished and then tenderly picked up the bleeding and dazed Frenchman and dragged him to his corner. Dempsey gave Carpentier an unmerciful beating. He opened up a cut under the Frenchman's eye and battered him so viciously around the head with vicious rights and lefts until Carpentier's face was swollen and bleeding. Carpentier fought gamely but he was outclassed. Once he was half knocked and half punched through the ropes and most of the time he was going away from the champion. Dempsey kept after him driving him to his corner whenever he had the opportunity. Carpentier was out only for a few seconds. Manager Descamps applied first aid as quickly as possible and the dazed Frenchman dropped into his chair. Police immediately climbed into the ring and made a path for the champion and Carpentier to go to their dressing rooms. When Dempsey sent home the ringing punch the sweating crowd that packed the Arena was on its feet yelling. The crowd, so apathetic during preliminaries, went wild when Dempsey entered the ring, during four rounds and at knock out. Above all sounded the shrieks of women as blow followed blow and blood was drawn. ROUND ONE Carpentier landed a light left and clinched, Carpentier landed a right; Carpentier missed a right but connected with a left hook; Dempsey missed a right swing but hit Carpentier fully, Carpentier was bleeding and bleeding at the nose. Dempsey missed a right swing but beat Carpentier as they clinched. Carpentier fell through the ropes. To avoid further punishment, he fell into the ring and landed several blows on the champion at the end of the round. Dempsey had the better of this round. ROUND TWO Carpentier missed with left. He backed away and Dempsey hooked to the jaw, beating him around the head with his right. Carpentier was short with left, but staggered.

Leaders Check Strike of 2,000,000 Railwaymen

(Special to The Guardian) CHICAGO, July 2.—The majority of two million railway workers were held on their jobs today by conservative leadership. Rail unions leaders meeting here to decide what action to take on the twelve percent wage cut, are against a walkout in spite of the fact that members of unions are overwhelmingly opposed to the wage slash. The attitude of the rank and file is shown by unofficial referendums taken among some unions and by statements of leaders who soundly out their men in ball-road circles today. The attitude of the leaders of the rail unions is that they would prevent a railroad crisis in spite of the \$400,000,000 annual pay reduction. The final statement of the action of the leaders may come late today, but the conference may continue next week. Leaders may do any one of the three following things: Accept the cut without condition; reject the cut outright, which would mean a strike, or accept the cut under protest with the hope of bargaining. It was forecasted that the last would be adopted.

Decline in Imports

(Special to The Guardian) TORONTO, July 2.—June customs returns for Canada directing attention to a severe decline in imports of the duty collections for the past year are a reminder that this branch of the public revenue has dropped almost fifty percent. As a drop in imports of Dominion customs returns throw an interesting sidelight on the prevalent business depression, wholesalers and traders, taking their cue from the state of the import markets yesterday, declare that there is no sign of improvement and the expressed opinion is that no hope can be held out for any improvement until the fall at the earliest.

Cavalry Notes

Dominion Day was anything but a holiday for the personal and horses of the P. E. I. Light Horse. Revellie was sounded at 4:30 when all began the day's work. A cavalry camp is ever a busy place but when target practice is crowded into, or sandwiched between, regular routine duties, busy is hardly a strong enough word to express the situation. Stables and breakfast being over relays of squadrons marched off to the butts for practice in shooting. This was not completed early enough to prevent a few being late for the midday meal. Notwithstanding this all had to be in readiness for the marchout in the afternoon which took the whole unit through our streets right across the city to Victoria Park where a large gathering of citizens witnessed the Cavalry Regiment being put through Regimental Drill by the Commanding Officer, Col. W. C. Cook.
