 "Holy stone" is a soft sandstone block used by sailors to scour wooden decks.

Markets At A Glance
 (Canadian Press)
 Toronto—Stocks lower; light trading depresses industrials and golds.
 Montreal—Stocks mixed; papers and industrials show mild gains.
 New York—Stocks easy; slow selling retards leaders.

MOSTLY FARMERS
 Only about five per cent of Filipinos are employed in industry, much of which is concentrated around Manila. Filipinos are chiefly farmers.

Meeting Of School Improvement League
 The School Improvement League held their general meeting on Thursday, Feb. 19th, with Mrs. J. P. Lantz, president, as chairman. The speaker for the evening was Mrs. Julian Herring, vice-president of the Women's Institute and active in many community projects. Mrs. G. Whiteside introduced her to the members and spoke of Mrs. Herring's wide experience of club procedure and how fortunate the League was to have the benefit of that experience.
 Mrs. Herring commenced her talk by stressing the fact that the value of concerted effort has long been recognized and an advancement in meeting the fuller needs of community and national life comes from organized movements. That women were giving valuable leadership and playing an increasingly important part all over the world, was another point emphasized. The remainder of the talk was itemization of procedure and members followed it with considerable interest.
 Mrs. Lantz thanked Mrs. Herring for her talk, and business of the meeting followed.
 Mrs. Gordon MacDonald gave the Composite High School report and stated that details regarding expenditure and costs of building were still being awaited from the architect. Interesting information concerning a Composite High School in Toronto which Mrs. MacDonald had recently visited, was given. Special interest was aroused in the Vocational Training course, which all pupils were encouraged to take to help them in choosing a career.
 The treasurer's report was given by Mrs. H. J. A. Brown, and the Bank balance was considered reasonable. All bills had been paid.
 Mrs. Lantz announced that Mr. Percy Turner had kindly donated a set of Popular Science books to Prince Street School, which members thought a pleasing gesture.
 The Radio Educational Forum period had concluded with Dr. Steel's talk on Tuesday last.
 Mrs. G. Whiteside reported on the Film Committee's activities and stated that the I. O. D. E. and the C. W. L. had kindly agreed to report on films for March and April.
 Mrs. James Mullins gave a report of the Consumers' Association's meeting, and an appeal was made for members.
 The meeting concluded with general discussion and refreshments.
