CHINA'S AFRAID

And Asks More Time From Russia

PORTS TO BE RAZED

Attitude of the Powers—Lat-est From South African Struggle.

CHINA HAS ASKED FOR TIME

PEKIN, April 2.—(Special).—It is said China has asked Russia to allow her until the end of April before deciding to sign the Manchurian agreement.

CHINESE PORTS TO BE DISABLED.

The Powers agree that Taku, Shan Hai, Kuan and Tien Tsin must be rendered useless as forts while Taku fort must be destroyed and thus remove a serious obstruction to navigation.

ATTITUDE OF THE POWERS.

It is now believed that neither England nor Germany will interfere with Russia in Manchuria and that Japan can be placated by concessions in Korea.

THE WAR IN SOUTH AFRICA.

LONDON, April 2.—(Special).—Lord Kitchener reports that Col. Plumer has occupied Nylstroom and General French has captured three guns on the Lower Pongola.

Thirty one prisoners have been captured in the Orange River Colony—no casualties.

SALVAGE CORPS—Regular monthly meeting to-night at 7.30.

The serious illness of Mr. James Clow, of Murray Harbor North, is reported.

By letter received by Mrs. Doull it is learned that Mr. Neilson Doull has arrived in Los Angeles.

YESTERDAY afternoon a woman was brought to the City on the western train and removed to the Insane Hospital.

SPECIAL attention is directed to the meeting of the plot holders of Sherwood Cemetery to be held in the Parlor of the Y. M. C. A. this afternoon at 4 o'clock.

ALL who intend joining the Ladies' Physical Culture class in the Y. M. C. A. are requested to meet at the Association this afternoon at 3 o'clock to decide on days and hours of class.

Mr. C. B. Chapelle is preparing the plans of Messrs. Sterns Bros. new store which will be erected in Souris during the coming summer. The building will be of brick and will be modern in every particular, dimensions will be 80 x 12 feet.

MESSRS. Prowse Bros. millinery window was the centre of attraction yesterday. The fact that the dressing was done by Mr. W. B. Prowse is a guarantee that it was well worth looking at. It was simply a delightful harmonising of the beautiful in form and color.

RECENTLY Messrs. Blake Bros. purchased a pair of fine pure bred Durham cows from Mr. Richard Stockman, of North River, one of which tipped the scales at 1475 lbs. Both are fine specimens of beef cattle, and show the result of careful breeding and feeding.

ANDREW MCCLELLAN of P. E. Island, was arrested in Bangor, Friday night, for drunkenness and assault. McClellan was giving demonstrations of physical culture at a boarding house, and in a moment of extra enthusiasm split open the nose of a fellow Islander.—St. John Sun.

A ENJOYABLE TALK WITH MR. A. E. LONG

A Beautiful Climate—a Delightful Trip—Interesting Scenery and Some of the Many Customs of the Natives.

A few days ago Mr. A. E. Long of Long Bros., returned to the city after eleven weeks visit to the West India Islands during which time he travelled some 3,000 miles. It will be remembered that Mr. Long left Charlottetown on January 14th and joined the S.S. Aurora of the Pickford & Black Line, Halifax, and after some five days sail Bermuda was reached and after a few hours delay sailed to St. Lucia. The latter place is a coaling station and not much business is done. St. Lucia is noted for its beautiful scenery. It is an interesting sight to see the women engaged in the carrying of coal to the vessels in baskets balanced on their heads. Each basket contains from 90 to 100 lbs. An observer is easily convinced that the women have a majority, at least in this particular case it is about 20 to one. The wages are paid by cheques each person receiving one for a basket, three cheques upon presentation are honored by a penny.

St. Lucia is an Island of 233 square miles in extent. The principal City is Castries and the population of the Island is 47,000 and of the capital 8,000. Another peculiarity of the place is the persistent guide who although told that his services are not required will persist and continue naming the buildings. After a stay of six hours the steamer sailed for Barbadoes which was reached on the day following. As the reader is aware Barbadoes is a winter resort and is the possessor of a very large hotel which will easily accommodate 600 people. While there Mr. Long had the pleasure of meeting Mr. Benj. Richards, who is doing a rushing business. The climate of Barbadoes is delightful but the energy of the guides was quite as bad as at St. Lucia. Another peculiarity about Barbadoes is the mule teams; a mode of conveyance which is certainly to the American citizen a novelty. While in Trinidad Mr. Long felt the effects of the earthquake which did so much damage at Caracas. Trinidad is important because of its central position and everything that goes up the Orinoco

River is transhipped. The government grounds which are very large are magnificent in every particular and all sorts of fruits are grown. The Queen Park Hotel is a magnificent house constantly thronged with tourists. Recently a Montreal syndicate purchased the street car plant and modern electric will be established immediately. About three miles from the city is the leprosy asylum. In order to get to it the visitor must go through Coote town, composed of people from the West Indies. In the asylum are confined about 30 lepers and as one looks through the bars at the unfortunate beings he is impressed with the terrible grasp of the disease. Some were able to walk, others were not; fingers were gone, feet missing and the face disfigured. The city, however, is blessed with an abundance of churches for the dissemination of religion in its various phases.

After leaving Trinidad Mr. Long went up the Orinoco River to Bolivar which is counted the prettiest sail in the world. While passing up the narrow river wild pigs, wild parrots and alligators abound by the thousands. At high tide the boat can proceed up the river for 800 miles. After a week had been spent in the latter city Mr. Long returned to Trinidad and afterwards went to Demerara, landing in Georgetown, a handsome city. Demerara is below the sea level and is protected for miles on the sea coast with a sea wall. The principal exports are sugar, liquor and molasses. A striking feature of Demerara is its beautiful gardens which contain rare fruit and palm trees. Mr. Long spent three days in Demerara. On the return trip Trinidad, Barbadoes, St. Lucia, Monserrat, St. Kitts were visited and after Bermuda was reached Mr. Long sailed direct for St. John where he arrived on March 28th.

PROVINCIAL PARLIAMENT.

TUESDAY, April 2nd.
House met at 12 o'clock.

Honorable Mr. Rogers presented a petition from William Laird, James Moffat and others of the New Glasgow Presbyterian Church, praying that certain lands claimed by the Presbyterian Church of Canada be not vested in the Trustees of the said Cayendish Presbyterian Church as proposed in a bill now before the House. Ordered to remain on table.

Capt. Read presented a petition from the Provisional Directors and Secretary of the North Bedouque Hall Co., praying for an Act of Incorporation for the said North Bedouque Hall Co. The petition was referred to a committee consisting of Messrs. Douglas, Read and Palmer.

Hon. Mr. Richards reported that the committee appointed to take into consideration a bill relating to Presbyterian churches in Canada had decided that the bill was to correct an error and in consequence was not a private bill. The bill was set down for second reading to-morrow.

Upon motion of Hon. Mr. Peters the House resolved itself into a committee of the whole with Mr. Godkin in the chair to further consider a bill relating to the payment of debts out of real estate and the administration of the estates of deceased persons in the Court of Chancery. The bill was discussed by Messrs. Matheson, Palmer, Rogers and Whear. House took recess.

AFTERNOON SESSION.
House met at 4 p. m.

A CATARRH SPECIALIST.

Mr. Jas. Spence, Clachan, Ont., says:—I have been a sufferer from Catarrh for 15 years, which became chronic. I have spent a lot of money and consulted several doctors, among others a specialist in London. I have tried everything I could hear of or see advertised without doing me any good. But thanks to Dr. Chase's Catarrh Cure I am completely cured after using three boxes of it. I recommend it to anyone suffering from catarrh.

Hon. Mr. Peters introduced a bill to be entitled "An Act to Impose Taxes on Certain Life Insurance Agents." The bill was read a first time.

In moving the House into committee to take in consideration an Act to Amend the Charlottetown Sewerage Act Mr. Whear explained its provisions, contending that under the old act doubt was expressed previous to the last election of Sewer and Water Commissioners as to whether one or more should retire.

Upon an appeal being made to Recorder Hazard there was considerable doubt but he finally decided that all three should be elected. Owing to the fact that the old bill was not as clear as it should be the present bill will confirm the election of the Water Commissioners.

After explaining the other provisions of the bill the House resolved itself into a committee of the whole with Mr. McWilliams in the chair.

After reading the bill clause by clause it was reported agreed to without amendments and set down for third reading to-morrow.

Upon motion of Mr. Whear the House resolved itself into committee of the whole with Mr. McWilliams in the chair to further consider "an Act to amend the Charlottetown Water works Act of 1877." The bill was reported agreed to without amendments and set down for third reading to-morrow.

This morning the members of the House will visit the Prince of Wales College and the Manual Training School.

THE KIDNEYS AND THE SKIN.

In the spring the kidneys have much to do. If they are weak or torpid they will not do it well, and the skin will be pimply or blotchy. That is telling the story in a few words. Hood's Sarsaparilla strengthens and stimulates the kidneys, cures and prevents pimples, blotches and all cutaneous eruptions. Don't fail to take it. Buy a bottle to-day.

S. SCHOOL MEETING

Held in the Presbyterian Church, Montrose.

REPORTS RECEIVED

And an Interesting Program Carried Out—Officers Elected.

The S. S. Association of West Prince held a convention in the Presbyterian Church, Montrose, on Friday, March 29th. The 2.30 p. m. session opened with devotional exercises, led by Rev. A. D. McDonald. The President, Rev. H. G. Gratz, took the chair. The roll of officers and delegates was then called and reports of the delegates were given.

Alberton Presbyterian S. S. reported between 40 and 50 members, with seven teachers. It has a Home Department in connection with it. Alberton, Methodist, reported a membership of 40, 30 teachers, five Home Departments also. Both these schools heretofore mentioned are kept open all the year.

Montrose, Presbyterian, reported by Mr. D. Gordon, scholars 50, teachers six, open six months. Home Department in connection. Raised for Century Fund \$5.23, for other purposes \$3.55, making a total of \$1.88 during the term.

Montrose, Methodist, reported by Mr. J. R. Dennis, open six months, members 51, average 28, officers 7, classes 4. Fleetsdale Schol., open six months, 54 members, average 34, teachers seven. Greenmount, Christian Disciple, reported by Mrs. Raynor, has been closed about a year, expect to be opened soon.

Alma, Baptist, reported by Mr. Dunbar, scholars 27, average 20, teachers two, open six months. Miminegash School, well attended, open all the year.

Paper was read by Rev. A. H. Whitman on "Personal Work." This paper emphasized the great need of the Holy Spirit in our Sunday Schools, and also the need of knowledge. The teacher's motto should be "My class for Christ." Teachers should ask to be directed by the Holy Spirit before coming to their classes.

Rev. W. J. Howard also read a paper on "Requisites of a Sunday School Teacher." First Requisite, Patience; Second, Love for his Pupils; Third, Loyalty to one's own Church.

An excellent paper by Robt. B. Forsythe "Comparison of Sunday School and Day School" was read, then followed the open parliament. The principal subjects discussed were the Aims of the Sunday School; The Actual Duty of a Sunday School Superintendent; The time given to Teaching. In the discussion of this subject, Rev. Mr. McDonald said the principal object of the Sunday School was not worship but instruction, that the place of worship was the Church and the devotional exercises should be made shorter so that more time could be given to the teaching of the lesson.

EVENING SESSION.

Devotional exercises led by Rev. Mr. Howard, President took the chair.

Minutes of afternoon session were read and adopted.

Election of officers for the ensuing year. President, Rev. W. J. Howard. Vice-Pres., Rev. H. G. Gratz. Sec'y-Treas., Miss Wilkinson.

Executive Committee, Messrs. D. Gordon, J. R. Dennis, W. S. Clark, Geo. M. Leard and H. Gordon.

An address of welcome by Rev. Mr. McDonald was read, to which Rev. Mr. Gratz replied.

A paper on "Habits" was read by Anson S. Leard. This paper illustrated the force of habit, and showed that habits formed when young will cling to a person all through life. It also showed that the habit of attention must be formed in the primary classes, and rehearsed and training in primary classes, for causing the more advanced ones to be so hard to manage, and also caused the children to leave the school at an early age.

A Normal lesson on "Qualifications of a Sunday School Teacher" was given by Rev. Mr. Howard.

An address by Rev. Mr. McDonald on "The Relation of Sunday School to the Home." This paper showed the great responsibility of parents. If parents would only perform their duty right in the training of their children, we would have better Sunday Schools. The Sunday School does not come in to take the place of the parents. The supreme object of the Sunday School work is to win the children for Christ. Parents should get their children into the Sunday School and speak well of the School and also of the teachers. The parents do not talk

enough to their children about the love of Christ. They leave, the becoming a Christian to a chance. The time has come when we must look upon the children as we have never done before. Our future Church lies with the children.

Half an hour was devoted to questions relative to Sunday School work. The music rendered by the Presbyterian and Methodist choirs united, is highly spoken of.

At the close a collection amounting to \$3, was taken.

A SURPRISE TO EVERYBODY.

The promptness with which Dr. Chase's Kidney-Liver Pills regulate and invigorate the action of the kidneys, liver and bowels, is a surprise to everybody. They are the people's favorite cure for kidney disease, liver complaint, indigestion, and constipation. The sale of this great prescription is simply enormous. One pill a dose 25 cents a box, all dealers.
