In Memoriam

ELDON E. McKAY

The passing of Mr. Eldon E. McKay, whose death occurred in the Prince Edward Island Hospital on Sunday morning, July 4th, came as a great shock to relatives and friends.

Mr. McKay was 67 years of age and entered the hospital a few weeks previously for treatment, where at first hopes were held for his recovery, but at a later date complications set in and he passed away at the above mentioned date. He was a man of excellent character, and possessed a lovely tenor voice, a valued member of the New Glasgow Christian Church and always willing to use his talent in church and community affairs when the opportunity occurred. He was the son of the late Alexander and Mrs. McKay, and was born at Wheatley River. When only 2 years of age he was brought by his parents to New Glasgow to make it their home, and has been a resident of this place ever since.

In 1894 he married Janie Florence Smith, of New Glasgow, who survives him. Two children, a son, Arnold, and daughter, Alda who predeceased their father a number of years ago. He also leaves two brothers, Col. C. L. McKay, Charlottetown, and Mr. William McKay, Edmonton, to whom deepest sympathy is extended.

The funeral which was largely attended was held the following Tuesday from the New Glasgow United Church. The service was conducted by Rev. W. G. Quigley, assisted by Rev. S. C. Cooper of the Charlottetown Christian Church. Mr. Richard Dickieson rendered very effectively the sacred solo, "Shadows". Other favorite hymns of the deceased were used during the service. The pallbearers were Messrs. Horace Ling, Cecil Laird, Daniel Nesbitt, John Semple, Brenton Dickieson and Watson Semple. Many beautiful floral tributes were received.

Asbestos Production Gains

Asbestos production in Canada during the first four months of 1937 totalled 124,768 tons compared with 69,884 tons in the corresponding period a year ago. Exports during the first three months of the current year amounted to 78,030 tons, or 52.2 per cent above the tonnage exported in the first quarter of 1936

Canada is the world's chief producer of asbestos, and the output of Canadian asbestos mines now find a world-wide market. Though asbestos is known to occur in a number of places in Canada, the productive areas are practically confined to the Eastern Townships in the Province of Quebec. Active mining operations began in this district about 1880, and explorations and developments on the properties of operating companies have disclosed reserves of ore sufficient for many years to come.

Canadian asbestos is of the chrysolite or serpentine variety of the finest quality, and on account of its softness, silkiness, and tensile strength, is in great demand for all kinds of asbestos products, particularly for asbestos textiles.

U. S. Increase Church Members

NEW YORK, July 17—(CP) — Church membership in the United States gained by 8,989,866 between 1926 and 1936, reports Mrs. Maude H. Kieffer, after completing the work begun by her husband, the late Dr. George Kieffer, statistician and reference librarian of the National Lutheran Council. (Total membership was given as 54,576,346 in 1936)

"The religious bodies of the United States, as a whole, are not declining, but steadily growing," comments The Christian Herald. "This is a direct contradiction of the pessimistic reports which still so often fill the pages of the secular press, and even of some religious publications.

"The Church, judging from membership statistics, and from reports of contributions for all religious purposes, has grown throughout all the depression years, and continues to forge ahead."

The Catholic Church, with a membership of 20,831,139, remains the largest single denomination in the United States. The Baptist church still continues to lead all Protestant denominations with a 1936 increase of 140,308 and a total membership of 10,332,005.

A TACTFUL FELLOW

Seated before a grizzled group of directors who believed him to be the man they wanted to hire as sales manager, the candidate was asked by one of the group: "Who is the boss in your home?"

"I am," was the reply, "but I keep my wife thinking she is."

That was one of the answers that won a $25,000 job for him.

RELIGIOUS SERVICES

ST. JAMES CHURCH

Service at St. James Church yesterday morning was conducted by the Rev. William Orr Mulligan. The Minister took as the text of his sermon Romans 7:19, "For the good that I would I do not: but the evil which I would not, that I do". A duet, "The Lord Is My Light" was sung by Mrs. Frances Holl Trainor and Mr. Percy Williams.

CENTRAL CHRISTIAN

The subject of the morning service at the Central Christian Church was "The Safe". The text was taken from Proverbs 29; 25. Whoso putteth his trust in the Lord shall be safe. A drawing of a safe was used for illustrative purposes and was useful in conveying the message to the young minds of the congregation. A safe is used to protect valuables from fire and theft. Jesus on the cross endured the fires of judgment to make man safe. Man's soul is the most precious possession we have and if we wish to be safe we ought to commit ourselves to him. Man has many valuable things, moments of time, thoughts, deeds, words, all to be used for Jesus. We should bring our earnings also to Jesus. What we spend on ourselves is lost but what we give to missions and church will be waiting for us in heaven.

The evening sermon was on "Fickle Disciples", based on Luke 9, 57-62. In the introduction of the sermon Jesus was presented as leaving Capernaum for the other side of the lake when these men came to Jesus and declared themselves for Him.

There was a sense of self complacency about both these individuals and no sense of sin. Discipleship to them was built on mere emotionalism without reckoning of their resources. Jesus never turned anyone away but He never left anyone deluded. While both were probably sincere yet they did not put Jesus first in their lives and so turned away from Him.

The appeal was given for men to reckon their forces and view the rigours of the road of Christian service as well as the enemies and influences that waylay the soul. If by Gods grace you can follow Jesus dedicate yourselves to Him.

At the morning service a duet, "Life's Railroad To Heaven" was sung by Mrs. Herbert Platts and Miss Nan McKay. A solo entitled "Alone" was rendered by Miss Claire McMillan at the evening worship.

TRINITY UNITED CHURCH

At the morning service yesterday the congregation welcomed as guests the Signallers who have been in camp for some time now at Brighton Shore under the leadership of Major Conrad and Brigadier H. F. H. Hertzberg.

In the absence of Rev. Hugh Miller, the Assistant Minister, Rev. A. E. MacKenzie preached. The theme was the question: "Why Does the Kingdom Tarry?" the text being found in Matthew 25:45. "Inasmuch as ye did it not unto the least of them ye did it not unto me." After indicating that there was much evidence to indicate that the Kingdom is tarrying the speaker suggested that the reason was largely our indifference and the ease with which we cry "Lord, Lord" and do not the things which He says. Further we need to realize that God is living and active. He loves as much as ever. He reveals Himself now as in the past. He is the God of the living, not of the dead. Because of this fact, the man of faith believes that with God, all things are possible. He believes therefore that the Kingdom will come, and that he must do his part to hasten the day.

In the evening, the Preacher was Rev. H.O.T. Burkwall, representative of the British and Foreign Bible Society in Canton, China. He gave a very interesting and informative address about the conditions and needs of the Chinese Church. "Never was the time more ripe for the full presentation of the Gospel than now. The missionaries have faced great difficulties and some remain, but these are being overcome. In no part of China is there any opposition to the preaching of the Word."

In the musical part of the morning service Miss Berna Huestis gave a fine rendering of Gounod's "There Is A Green Hill Far Away." Miss Sally Wood sang Effinger's—"I Shall Not Pass Again This Way" in a most pleasing manner. At the evening service Professor Kendall played a short organ recital.

CHURCH OF THE MOST HOLY REDEEMER

Masses were celebrated at the usual hours at the Church of the Most Holy Redeemer yesterday. Rev. Father McKenna was the celebrant at the 9 o'clock Mass while Rev. Father Fleming celebrated High Mass at 10.30. Rev. Father Howard delivered the sermon at both Masses.

In the evening Benediction of the Most Blessed Sacrament was sung by Rev. Father McKenna.

SALVATION ARMY

Adjutants Edith Chandler and Lillian Clark, who have spent a number of years at the Toronto Headquarters of the Salvation Army, were welcomed yesterday morning at the local Army Citadel and were heard in interesting addresses. At the evening meeting a large congregation heard an earnest and effective appeal to serve God by Adj. Chandler.

At Kingston the Army band paraded members of the Orange Lodges to open air services.

Announcement has been made from International Headquarters that General Evangeline Booth will visit Canada during the coming fall. Commissioner and Mrs. Carpenter are expected to arrive next week in Canada from South America to take over command of the Salvation Army.

ST. DUNSTAN'S BASILICA

Masses were celebrated at the usual hours at St. Dunstan's Basilica yesterday. Rev. F. Cass was the celebrant at the 9.30 Mass and also delivered the sermon at the 11 o'clock High Mass. Rev. Fr. Keefe was the celebrant at the 11 o'clock Mass.

In the evening a Novena in preparation for the Feast of St. Anne commenced with Rev. Father Dougan delivering the opening sermon. During the Novena morning masses will be at 6.30, 7.30 and 8.15. In the evening at 7.30 a short instruction will be followed by Benediction of the Most Blessed Sacrament.

The Novena will close July 26, the date of the Feast of St. Anne.

Says Maritimes Objected To Prairie Relief

(C. P. by Guardian's Special Wire)

TORONTO, July 16—Hon. Norman Rogers, Dominion Labor Minister, told a civic luncheon in his honor today that misunderstandings arose because the Dominion's constitution was not clarified in respect to relief and unemployment problems.

He stressed that recovery in Western Canada was vital to prosperity throughout the country. Maritime Provinces, he added, objected because the Government gave too much assistance to the Prairie Provinces but the severity of the drought necessitated drastic steps.

Understanding of each other's problems, the Minister said would produce a road to agreement. The Minister expressed pleasure at the reductions of the relief lists in Toronto.

In an interview before the luncheon, Mr. Rogers announced the Government did not comment directly on Premier Mitchell Hepburn's remark concerning expected reductions in the grants. Mr. Rogers said the grant figure was not fixed "but it would be safe to say that it won't be any larger than for the last three."
