

100,000 NEW SAVERS -

CHOOSE THE B of M

The Canadian people have 1,531,658 deposit accounts in the Bank of Montreal. Most of these are savings accounts and more than one hundred thousand of them have been opened during the last year.

"This," said B. C. Gardner, general manager of the Bank, "is a tribute to the thrift and common sense of our people and is a strong bulwark against the inflationary potential of an increased money supply."

"We are deeply conscious of our responsibility to the great number of citizens in all walks of life whose savings are entrusted to our care."

"The facilities and services provided to savings depositors in Canada are, I believe, unequalled in any other country..."

This quotation is from the address of the General Manager of the Bank of Montreal, at the Bank's recent annual meeting. If you would like to receive, when published, a free copy of the complete annual report carrying this address, write to the Bank of Montreal, Place d'Armes, Montreal.

Martin Jackman and Vernon Bishart, accompanied by Arthur Buell and Mattie Acorn on the guitar with Miss Jackman at the piano. A delicious lunch was served by the ladies and a sing song brought the evening to a close. The following is the address: To Mr. and Mrs. Earl Buell. Dear Friends: "Give credit where credit is due" is a motto which we, as a neighborhood, feel inclined to use tonight as we assemble in your beautiful new home. Not so many years ago, you came to our village as strangers. We knew from your industry and hard work that you were determined to make good and as we watched with interest your steady progress beginning as you did, at the foot of the ladder, we saw you mount step by step until you stood at the top, having achieved the goal of your ambitions. We congratulate you, and trust you will long be spared to enjoy the fruits of your industry and the joys of good health and happiness for years. In conclusion, your friends and neighbors assembled ask you to please accept this little gift as a reminder of this joyful occasion.

P.W.C. MUSIC RECORD CLUB - A Record Club has been started at Prince of Wales College this year. The object of the club is to interest the students in music and to provide those who are interested with an opportunity to hear the music they like. The club meets every Friday afternoon for an hour. The programs vary widely in an attempt to satisfy all tastes and to cultivate new ones. Sometimes one of the students gives a short talk on the main work played. The members of the Record Club are buying records for the college library with their club fees. These records are to be treated as books and may be taken from the library under the same conditions as books. Record Club, that offer concerts during the dinner hour, in the evening, and record libraries, that make the works of the great musicians available to students, exist in many of the universities and junior colleges throughout Canada and the United States, but this is the first effort to be made in this direction at Prince Edward Island. The members of the P.W.C. Record Club are making a permanent contribution to their college as well as furthering their knowledge of and enjoying the music they hear.
