ATLANTIC COAST SWEPT BY GREAT STORM--MUCH DAMAGE FEARED

TURKS YIELD TO ALLIES' DEMANDS

Minister Ridicules Report that Roumania is Mobilizing. Turks Cede all European Dominions Except Adrianople and Constantinople.

(Canadian Press)

LONDON, Jan. 3.—The reports that Roumania is mobilizing her army are characterized by the Minister of the Interior as nonsense.

Roumania, he says, will never employ mobilization as a bluff or a threat. When official mobilization is announced it will mean that Roumania has decided to go to war immediately.

(Canadian Press)

LONDON, Jan. 3—The Balkan allies presented Turkey today with an ultimatum that by Monday Turkey must cede the Islands in the Aegean Sea, renouncing their rights over Crete and rectify the frontier of European Turkey.

LONDON, Jan. 2—After protracted diplomatic skirmishing, the Turks finally capitulated to a majority of the demands of the Balkan allies at today's session of the peace conference in St. James Palace.

Through Rechad Pasha they agreed to cede practically the whole of the Ottoman empire's European dominions except Adrianopole and the territory between it and Constantinople to their victorious but traditionally despised neighbors.

The terms the Turkish delegates presented the conference as a counter proposal to the demands of the allies were:

First—The ratification of the Turko Bulgarian frontier by making the boundary west of the line now occupied by the troops of the allies in the vilayet of Adrianople.

Second—The question of the status of Adrianople to be settled by Turkey and Bulgaria direct.

Third—The cession of the remainder of European Turkey, including Jannia and Scutari, to the allies.

Fourth—The Albanian and Cretan questions to be solved by the powers.

Fifth—The Aegean Islands to remain Turkish.

The announcement of these terms were wrung from the Ottoman delegates with the greatest difficulty. They came only after Rechad Pasha had reiterated Turkey's desire to shift the responsibility for adjudicating all the vital questions to the great powers and the representatives of the allies had registered their unchangeable objections to such a course and plainly had given the Turks to understand that the failure of the Ottoman delegates to embark upon serious negotiations would mean a resumption of hostilities in south-eastern Europe.

WALLACE ON THE PROGRESS PATH

WALLACE, Jan. 1.—The most important event of 1912 was the formal opening of the large bridge built by the Local Government across the Harbor. On September 4th a great demonstration was held participated in by government representatives and other prominent men. Since then the traffic across the bridge far exceeds all expectations. A branch line of railway has been located by the Dominion government, into the town, and it is expected that this will be built during the coming summer. This branch is for the purpose of enabling the Dominion Coal Company to ship their coal from Springhill up the St. Lawrence.

TRIO OF VIENNESE, IN LOVE WITH ONE GIRL, DIE IN PACT

VIENNA, Jan. 1.—Three youths entered a cafe, seated themselves in a secluded corner, and ordered tea. Soon afterward the noise of falling bodies was heard, and a waiter hastened to see what had happened. He found all three lying on the floor, evidently dying.

Assistance was called, and it was discovered that the youths had taken poison with fatal results.

The father of one identified his son, and the identity of the others was established by means of an envelope found on one. It was addressed to a girl and contained a photograph of all three youths taken together with the girl, who is a mere child and to whom they were all ardently attached.

Asked by the police to go to the room where the bodies lay, the girl appeared little affected. She said that the youths had all threatened to commit suicide on her account.

GUNMEN IGNORED

ALBANY, N. J., Jan. 1—Charles Becker, formerly lieutenant of police, now in Sing Sing under sentence of death for having instigated the murder of Herman Rosenthal, insists that he does not know the four gun men who shot Rosenthal, according to Colonel Joseph F. Scott, superintendent of State prisons. The four men are occupants of cells near Becker in the death house. "I have talked with Becker on several occasions," said Colonel Scott today, "and he insists that his conviction was a 'frame-up.' whether he knows the gun men, but I do not care to undertake to say the closest watch has failed to discover him engaging in conversation with them."

U. S. HAS $88,000,000 WORKING BALANCE

WASHINGTON, Jan. 1.—Uncle Sam is feeling happy on this New New Year's day for he has a cool $88,000,000 tucked away in the pocket of his jeans.

His balance sheet of receipts and expenditures bespeaks prosperity of the nation and the United States Treasury has the working balance just mentioned. The general fund of the government to-day contained upward of $140,000,000 while a year ago it held only $126,,926,000. The Treasury holds about $1,258,665,000 in gold. TAXICAB STRIKE

LONDON, Jan. 1.—Five thousand taxicab drivers decided to-night to strike and this will result in London beginning the New Year with less than half the usual service of taxicabs. The trouble originated in the action of a combination of oil companies in advancing the price of petrol wholesale to eighteen pence per gallon.

Under the agreement between the taxicab owners and the drivers, the latter have paid eightpence per gallon. When the advance was made they were notified that beginning the New Year, they must pay thirteen pence. They offered to pay ten and a half pence which the owners refused.

Intervention by the Board of Trade with a view to settling the dispute failed.

STOLE CANDY TO PLAY SANTA

SUMMIT, N. J., Jan. 1.—The arrest today of ten-year-old Fitti Colo on a charge of breaking into a Lackawanna freight car ten days ago brought out an interesting story.

Young Colo stole ten pounds of candy from the freight car and hid it until Christmas eve, when he went to the home of a neighbor and gave most of the stolen sweets to a widow with five children, so that she might put it in the youngsters' stockings. He distributed the other five pounds among poor young friends.

The boy is held for the action of the grand jury.

FRASER RIVER NOT FROZEN

Provision is Scarce and Many Camps Curtail Their Forces

(Canadian Press)

EDMONTON, Jan. 3—Men coming from far down the Fraser River say provisions are so scarce that some camps have already reduced their forces. The Fraser is not yet frozen this season and consequently there is no freighting down the river on the ice.

Experienced trappers who have been in this region for years say that as the season is so far advanced the river will not freeze at all. If this be true the Grand Trunk contractors will have their winter stock curtailed.

BOSTON, Jan. 2—Two new wings for the State House, east and west, in the rear of the Bulfinch front, at a cost of $800,000, are recommended by the State House Commission, which the last Legislature instructed to make a study of the question of providing accommodations for state departments.

As the Commonwealth is paying rent for outside quarters at over $70,000 a year, it is estimated the rental saving will pay the retirement of the serial bonds falling due and for the payment for the interest on the loan, so that no increase in the State tax will be needed.

It is proposed to paint the exterior of the State House white, similar to the capitol at Washington, rather than to continue the present color, yellow.

This caused much surprise among the Republicans.

Speaker Cushing said it was imperative that the Republicans get together on this matter at once. After hearing what the Speaker had to say the caucus voted unanimously to hold a conference on the senatorship Monday.

In spite of this action on the part of the Republican members of the House, Congressman A. P. Gardner, who is handling the Guild campaign for Senator, and William B. Plunkett, the independent Republican candidate, both came out strongly today with statements that no conference should be held by the members. They declared that it was an attempt on the part of the leaders of the party to elect a stand-pat Republican as Senator.

With the Volturno held back by storms, Dr, Fine was near frantic, until he was called to attend Chulia Sapenka for appendicitis. An operation was necessary, but the ship was tossing too much. Capt. Agassiz, instead of continuing to slow down for the gales, headed directly into the waves. Halifax was made in time to rush the patient to the Victoria General Hospital.
