**Members and friends of The Orange Order are invited to a concert and lecture in Clyde Lodge Rooms, Nov. 14th, 8.30 p. m. Admission 25c.

DETROIT, Nov. 11—(AP)—General Motors announced today an increase of $100 in the list price of all its passenger car models produced and sold in the United States.

The Corporation said prices of all Chevrolet trucks also would be increased $100. The same increase, General Motors said, will be applied to all corresponding models produced by the G.M. truck and coach division.

The not unexpected announcement, coming after a day-long meeting of General Motors executives, said the increase would place G.M.'s prices "in a more reasonable relation to greatly increased costs of production."

Asked for comment on the G.M. action, the Ford Motor Company which earlier had announced no price increase was contemplated quoted from a letter sent to 3,200 major Ford suppliers which said in part:

"There is plenty of justification for our raising prices at this time. . . however, we feel that it is vitally necessary during this critical period of adjustment that all industry co-operate to avoid precipitous or unjustified increases in price."

From the third member of the auto industry's "big three', Chrysler Corporation, there has been no word on possible pricing ction.

There was no immediate comment from the United Automobile Workers (C.I.O.) on the G. M. announcement.

President C. E. Wilson of General Motors listed three reasons for the price increase:

1. G. M.'s dollar volume of business in the third quarter of 1946, although "about the same" as the previous peacetime quarterly peak of 1941, was "not on a satisfactory basis."

2. G. M.'s prices as set by the Office of Price Administration "discriminated against General Motors."

3. O.P.A. had "assumed" production would equal that of 1941 but because of basic materials shortages General Motors finds it "impossible" to achieve "any such rate of production at least during the next six months."

General Motors manufactures Cadillac, Pontiac, Chevrolet, Buick and Oldsmobile cars.

At Ottawa, Prices Board officials said it was "too early" to determine whether the General Motors increase would have any effect on Canadian car prices, which are independent of American rates and come under the Board's price ceiling policy.

MARY CHURCHILL ENGAGED

LONDON, Nov. 8 —(CP)— Winston Churchill announced tonight the engagement of his youngest daughter, Mary to Capt. Christopher Soames of the Coldstream Guards, whom she met only four weeks ago in Paris.

Miss Churchill said in Hastings that "we are hoping to get married some time in January."

WOOD FROM NEW GUINEA

SYDNEY, Australia — (CP) — A government-sponsored survey party is investigating the possibilities of transporting wood for furniture timber from New Guinea to Australia. The wood is in untouched natural pine forests in the Bulolo Valley, where the country is wild and accessible only by a military road.

Griffin Plant Destroyed In Morning Fire

A lumber mill at Montague, owned by Mr. Albert Griffin, was destroyed by fire early today. The blaze in the steam-operated plant was discovered about 12.30 a.m. by Mr. Athol MacKinnon. It had made considerable headway by that time and in an hour the plant was completely destroyed. Origin of the blaze is unknown.

There was no immediate estimate of the amount of the loss. It was reported that there was no insurance.

About 16 men are employed in the mill.

The plant was destroyed once before by fire, quite a number of years ago when it was owned by Mr. Isaac Ives.

For a time, buildings near the blaze were threatened, but firemen were aided in their battle to prevent the fire spreading by a calm night and by rain-soaked roofs.

Some lumber, piled outside but close to the destroyed mill, was saved.

Truman Makes Conciliatory Bid

WASHINGTON, Nov. 11—(AP)—President Truman today delivered a conciliatory bid for co-operation of the new Republican Congress and Republicans responded cordially although with qualifications.

Breaking his election silence with a policy statement to an Armistice Day press conference, Mr. Truman candidly acknowledged that "the present situation"—the legislative branch Republican and the executive branch Democratic for at least two years—"threatens serious difficulties.".

But he said both are equally devoted "to the welfare of our nation" and when differences arise there must be no attempt on either side "to tamper with the public interest in order to achieve personal or partisan advantage."

P. E. I. Native Dies At Halifax

HALIFAX, Nov 11 — (CP) — The death of Mrs Ella A. Schurman, a native of Prince Edward Island occurred here Sunday after a short illness.

Born at Cape Wolfe, P.E.I., Mrs. Schurman came to Halifax in 1919 after receiving her education at Prince of Wales College, Charlottetown. She was active in the Women's Christian Temperance Union and held the position of secretary on the board of management of the Halifax Infant's Home.

Among those surviving are her mother, Mrs. W.T Costain, O'Leary, P.E.I.; a sister, Mrs. Leslie MacLean, also of O'Leary, and a brother, Colin of Cape Wolfe.

After a funeral service here tomorrow, the remains will be taken to Bedeque, P.E.I. for burial.

JEWEL THIEVES ACTIVE

LONDON, Nov. 11 — (CP) — England's jewel thieves struck again last night, stealing $6,000 worth of gems from the Sussex residence of Mrs. Ethel Reid, a widow. The thieves used a ladder to gain access to an upstairs bedroom.

Impressive Ceremony At War Monument Yesterday

Members of the Charlottetown Branch of the Canadian Legion, several hundred strong, headed by the Band of the 17th Recce Regt. paraded yesterday in a drizzling downpour to do honor to fallen comrades in two World Wars.

The service at the War Memorial was simple but impressive and a large concourse of citizens representative of church and state joined the Legion members in solemn tribute to those who made the supreme sacrifice that freedom and justice should prevail.

It was a moving scene as the two minutes silence was observed and the clear, shrill notes of a bugle sounded Last Post. Flags draped in tribute and the Legion Chaplain the Rev. T. E. MacLennan then recited the fourth stanza of Laurence Binyon's immortal "For the Fallen":

"They shall grow not old as we
that are left grow old;
Age shall not weary them, nor the
years condemn;
At the going down of the sun and
in the morning
We will remember them."

After the sounding of Reveille, the Rev. T. E. MacLennan spoke briefly, calling attention to the supreme sacrifices paid by the countless fallen and beseeching that the hearts of all men turn to

Find Bodies Of Kidnapper, Victim

MT. HOLLY, N. Y., Nov. 11—(AP)—Searchers in the desolate woodlands of Lebanon State Park followed radioed instructions from a navy blimp circling overhead today and came upon the bodies of an ex-convict suitor and the soldier's wife he kidnapped from the bed of her husband 45 days ago.

The decomposed bodies were sprawled on the edge of a swamp about 400 yards from the roadway where duck hunters had found the kidnap automobile Sunday.

The woman, Mrs. Mary Pyle Kimmey, 26-year-old wife of Sgt. Glynn F. Kimmey of the United States Signal Corps at Fort Monmouth, N. J., wore the same red, black and yellow plaid skirt and red coat she hastily had donned the early morning of Sept. 27 when Chalmers Laubaugh, 35-year-old parolee from a prison near Washington, D.C., entered her bedroom and at gunpoint forced her to leave her husband's side and drive off with him.

Police said the case appeared to be a "clear one of murder and suicide," but added that the inquiry would be continued.

A 45-calibre revolver with two exploded cartridges was found near the bodies.

The two evidently had debated their fate for some time, officers said, as empty packs of cigarets were found near the bodies and the earth was littered with cigaret stubs.

Aid Vets Starting In Baking Trade

OTTAWA, Nov. 11 — (CP) — The Prices Board is oiling the way for veterans who want to start business in the baking or allied trades.

F.H. Lehberg, oils and fat administrator, announced during the week-end veterans will get the allotments of oils and fats they require to start operations.

"It doesn't matter what business they want to go into, whether it's selling potato chips or opening a bakeshop," he said.

Famed Toronto Newsman Dies

TORONTO, Nov. 11 — (CP)— Colin Clyde Campbell, 85, whom observers used to call "the best city editor on the North American Continent," died of a heart attack here Sunday, surrounded by newspapers.

Retired from his post as city editor of the Toronto Daily Star since 1929, Mr. Campbell was reading the newspapers, as was his continued custom, when he died suddenly, seated in an armchair.

"C.C.C." had long been known as one of the hardest taskmasters in the newspaper world—and one of the best trainers of young reporters in more than 35 years in the Star's city chair.

He "drifted" into newspaper work at the age of 14, he had told his family—he never bothered to give them the details. His first Canadian job—he was born in Forestville, N. Y.—was on the police and obituary beat of the Hamilton Spectator.

He came to the Star when it was founded Nov. 3, 1892. In the early days of its history, when the newspaper was fighting to survive, reporters and editors from rival papers used to hurl good-natured taunts at the Star. Mr Campbell took the jeers as personal insults and nothing gave him greater pleasure than to have his reporters on the scene of a crime or accident ahead of rival newspapermen.

As well as directing news assignments, he edited the bulk of the "city" copy, wrote the headlines for it and "talked it" into the newspaper. In the uproar of the busy city room his temper was unpredictable—no one could tell how angry he would be.

No Early Change Is Expected In Rental Controls

OTTAWA, Nov. 11—(CP) —No expectation of any change in controls over rentals and evictions was held out tonight by Donald Gordon, Prices Board chairman, as he spoke on these regulations in the fourth of a series of nation-wide broadcasts.

Mr. Gordon said in an address prepared for delivery over the CBC that under present circumstances dispensing with controls would skyrocket rents, and bring distress to thousands of Canadians.

"If controls were abandoned, not only would rents rise substantially but there would be many thousands of evictions and painful distress in the process."

The twin problem of rental and eviction control had given the Prices Board "more worry than all the other controls put together."

"I say frankly there is no solution which can be applied to meet the great variety of complaints which arise in landlord and tenant relationships," he added.

Some of these might be handled by special courts set up all over the country, but this step would be impossible "because practically every landlord today would want to have his case heard."

HIGH TIDE TROUBLESOME

QUINCY, Mass., Nov. 11—(AP)—A score of families were marooned in their homes in the Hough's Neck section for several hours today when a tide that reached a high of 11 feet seven inches flooded several streets with two to three feet of water.

More Shortening Next Six Weeks

OTTAWA, Nov. 11 — (CP) — Supplies of shortening, which have been drastically short in Canada for months, are expected to improve markedly during the next six weeks, Prices Board officials said today.

Manufacturers have been asked to produce on a basis of 100 per cent of their 1941 performance during the months of November, December and January. Previously, only about 71 per cent of 1941 supplies were being produced, and strikes have further darkened the situation.

In addition, a large shipment of shortening from Argentina, which Canada obtained during October and which was held up at New York due to a longshoremen's strike, started to arrive in Canada about the first of this month

Tax Agreements Are Concluded

OTTAWA, Nov. 11—(CP)—Premier Garson of Manitoba and Provincial Treasurer F. M. Fines of Saskatchewan, were on their way back to their respective capitals tonight with negotiations concluded for new tax agreements with the Dominion Government which, when finally approved, will extend for five years.

Submarine Sailfish Had Brilliant Record

PORTSMOUTH, N. H., Nov. 11 —(AP)— The spectacular wartime record of the U. S. S. Sailfish, formerly the submarine Squalus, was disclosed today by the Under-Secretary of the United States Navy, John L. Sullivan, as the conning tower and superstructure of the vessel was dedicated as a permanent memorial to men of the underwater service.

As the Squalus, the submarine attracted world-wide attention when she sank off the Isles of Shoals May 23, 1939, during a trial drive.

Twenty-six of her crew perished, but the other 33 were saved from 40 fathoms of water in the first diving bell rescue and the deepest ever attempted to that date.

The Squalus subsequently was raised, reconditioned and renamed the Sailfish. As such, Mr. Sullivan disclosed, she wrought havoc with the Japanese fleet, accounting for a cruiser, a destroyer, a 22,500-ton carrier and other vessels.

Pilot, Co-Pilot Die In Transport Crash

CLEVELAND, Nov. 11—(CP)—A United Air Lines transport crashed in a rainstorm north of Cleveland airport early today. Two of 20 persons aboard were killed.

The dead were pilot Fenton L. Brown, 44, Chicago, and Co-pilot Robert L. Arnold, 25, Hammond, Ind.

The plane, en route from Chicago to Boston, was three minutes overdue when it crashed only 2,000 feet from the airport.

EMPLOYMENT IN U. S.

WASHINGTON, Nov. 8—(AP)—Employment in the United States remained above the 57,000,000 mark during October for the fourth straight month, the Census Bureau reported today.

The Bureau listed 57,360,000 persons employed in October, 10,000 below the previous month.

Party Has Largest Group In Election

Role Uncertain

Gen. DeGaulle, whose role in the new government of France, following Sunday's election, is difficult to discern. Whether he intends to run for president, and whether he could muster the required clear majority of the membership of both houses, remained in doubt. However, it seemed clear that Gen. DeGaulle's appeal to the voters to back constitution "reform" candidates had cost the M.R.P. its position as the country's largest party. The Gaullist Union, led by Rene Capitant, captured more than 560,000 votes which might otherwise have gone to the M. R. P., and elected 11 deputies. However, Capitant said the Union would not participate in the government.

(By Robert C. Wilson)

PARIS, Nov. 11—(AP) — The Communists emerged today as France's largest political party, on the basis of nearly complete returns from Sunday's elections, and thus paved the way for the possible naming of the first Communist Premier in the country's history.

The voting was for deputies in the new National Assembly of the Fourth Republic.

The Communist advance however, was accompanied by Socialist losses, and the combined leftist strength appeared weaker than at the time of the last national elections.

Maurice Thorez, Communist leader, was mentioned frequently in speculation over a new Premier. The Communists were silent about their specific plans, but they were expected to reiterate previous de-

(Continued on Page 5 Col. 8)

British Parliament To Be Opened Today

LONDON, Nov 11 — (CP) — Military and civilian police mobilized tonight to guard the King from any conceivable terrorist attacks when he rides in pre-war pomp and splendor tomorrow to open the second session of Parliament since the Labor Party came to power.

The precautions overshadowed the traditional speech from the throne, expected to blaze new trails of nationalization and endorse what the Labor Party has heretofore opposed — peacetime conscription.

From the time the King leaves Buckingham Palace at 10.30 A.M. (6:30 A.M. A.S.T.) in the state coach until he reaches the Houses of Parliament as the centre of attraction in a procession of pre-war pageantry, guards in and out of uniform will patrol the crowds with more than wartime vigilance.

Scotland Yard, commenting on reports that the Stern Gang or other Jewish underground oganizations from Palestine had threatened the lives of leading British personalities, gave this reason for the added precautions

"We would look silly if we acted after some threat had been carried out."

Scotland Yard had disclosed earlier that an anonymous threat had been made to assassinate Field Marshal Viscount Montgomery "unless British policy in Palestine is immediately changed." Official government spokesmen, however, deprecated suggestions in the British press that a campaign of violence was in the offing.

HALIFAX, Nov. 11 — (CP) — Weather synopsis and official inland forecasts issued by the Dominion Public Weather Office at Halifax at 11.15 p.m., Monday, Nov. 11.

Synopsis at 9 p.m.:

Conditions are becoming stagnant over the eastern part of the continent today. Warm, moist air is flowing up the Atlantic seaboard towards the southern Maritimes. Cooler air that extends as far east as the St. Lawrence is expected to spread southeast only slowly, covering New Brunswick by Tuesday night. Intermittent rain is falling over most of the Maritimes. Temperatures are generally in the forties.

Forecasts valid until Tuesday midnight:

Prince Edward Island: Overcast with intermittent rain. Somewhat milder. Light winds High Tuesday at Charlottetown 52.

TORONTO, Nov. 11 —(CP) — Minimum and maximum temperatures:

Vancouver	38	46
Edmonton	24	39
Regina	22	34
Winnipeg	25	42

Leave Borden at 9.05 A.M., 1 P.M. and 4.30 P. M.

Leave Tormentine 10.30 A. M. 3 P. M. 7.30 P. M.

Extra trips are made between on which automobiles are carried.

SUNDAY SERVICE

From Borden, 1 P.M., 6.45 P.M.

From Tormentine 3 P.M., 8 P.M.

WOOD ISLANDS--CARIBOU

Leave Wood Islands, daily 8 A. M. 11 A. M., 1 P. M., 3 P. M. and Caribou at same hours.

Severe Earthquake Reported From Peru

LIMA, Peru, Nov. 11 —(AP)— The interior ministry announced tonight that an earthquake which struck Peru shortly after noon yesterday had destroyed the town of Sihuas, 250 miles north of Lima, and killed at least 30 persons.

An Associated Press reporter at Trujillo said the earthquake also struck Santiago de Chuco and Moyebamba in the Libertad department as well as Cabana in the Ancash department. Both departments are north of Lima.

Moyebomba, which apparently was near the epicentre, was reported destroyed. Details of conditions there were lacking because the shock had severed land wire communications.

Polish Immigrants Arrive In Halifax

HALIFAX, Nov. 12 —(Tuesday) —(CP) — A moon broke wanly through a muggy drizzle here early today as Canada's first post-war immigrants — 1,700 murmuring Poles — arrived aboard the grey transport Sea Robin.

Completing a voyage from Italy, they were first of a selected quota of 4,000 agricultural veterans of General Anders' tough Polish corps which fought with Canadians in the Mediterranean theatre.

Remembrance Day Observed In Canada

(By The Canadian Press)

From Ottawa's Parliament Hill, where the Governor-General, the Prime Minister and representatives of 20 foreign countries placed their wreaths on a temporary white cenotaph to tiny fishing and farming communities where bereaved parents bowed their heads in lonely prayer, Canada yesterday observed Remembrance Day.

Gray skies were general across much of the Dominion and in many places chilling rain fell as thousands stood with bared heads to honor Canada's sons and daughters who fell in the First and Second Great Wars.

The day was generally observed as a holiday except in Ontario and Quebec where in some municipalities stores and factories stayed open. Schools, banks, and post office were closed everywhere.

Viscount Alexander placed a great black circle of eulogy on the Ottawa cenotaph today following a brief ceremony, and was followed by Prime Minister Mackenzie King, other Canadian dignitaries' tributes and diplomats from a score of foreign countries.

Traffic ground to a halt in Montreal, Toronto and Hamilton streets as "The Last Post" sounded at 10:58 A.M. and work halted in stores and factories in the large cities. Universities cancelled lectures and students joined in campus ceremonies as carillons tolled.

Parades of war veterans featured observances in most eastern Canada communities. At the Brockville, Ont., march-past, the salute was taken by Maj.-Gen.
