SUMMERSIDE and PRINCE COUNTY

News, Subscriptions Advertising should be left with Mrs. Pond.

The Guardian may be bought daily at any of the following stores in Summerside:

Bell Bookstore, Water Street. Gourlies Drugstore, Water Street, Toronto Bakery, Water Street. Mark Gaudet, 67 Granville Street.

The Guardian will be delivered to any home in Summerside by Carrier Boy at 2c per day or 1ve per week. Phone 289 for this service or give your order to the boy responsible for deliveries on your route.

This column is reserved for news of local interest, but advertising of a newsy nature may be inserted at 2 cents a word, strictly payable in advance.

BOOK SEEDS EARLY, at Brace's. 4-14-21.

—COOPER'S Warble Fly Powder 5c at Taylor Drug Co., Kensington.

—BUY fishermen's rubber boots at Brace's. 4-14-21.

—WILL TRADE ½ ton light delivery or 1½ ton truck for later model; 1½ ton truck with low mileage. Write Brace's Summerside. 4-14-21.

—BUY Pig Starter and all fast growing feeds at Brace's. 4-14-21.

—ODD FELLOWS dance, Maple Leaf Gardens, Wednesday, April 15th. R. C. A. F. Orchestra. Admission 50c. 4-14-21

—FUNERAL THURSDAY MORNING— The funeral of Daniel MacDonald will be held from St. Paul's Church Summerside, Thursday morning at 10 o'clock.

—FARM FOR SALE at Carleton Siding. Farm consisting of 85 acres, all in high state of cultivation. Buildings in excellent repair. Electric lights and running water. Nathan Bell. 4-14-15-18.

—LEFT FOR HALIFAX — Corporal and Mrs. Clarence McFadden left this week for Halifax, where Corporal McFadden has been transferred from No. 9 S.F.T.S. School.

—FUNERAL OF PERCY MacCORMICK—The funeral of Percy MacCormick, son of Mr. and Mrs. Howard MacCormick, who lost his life on Friday when the derry he was in capsized, was held on Tuesday morning from St. Paul's Church. The service was very largely attended by sympathetic friends. The boys in his class at school attended in a body. Rev. Fr. MacDonald said the Requiem Mass, and Rt. Rev. Mgr. G. J. MacLellan officiated at the grave. Four chums of the deceased bore the casket to its last resting place.—S.

Appeal of Island Firm is allowed

FREDERICTON, April 14—(CP)—The New Brunswick Appeal Court today allowed an appeal of Simmons and MacFarlane, Freetown, P.E.I., versus the Canadian National Railways and F. W. Pirie Co., Ltd., Grand Falls, N. B. Justices W. C. H. Grimmer and J. H. A. L. Fairweather concurred with Chief Justice J. B. M. Baxter dissenting.

The court ordered judgment against the C. N. R. vacated and judgment entered against the Pirie Company for $2,580.25. In addition the C. N. R. was allowed costs in both the trial and appeal.

The appeal resulted from an action tried in the Westmorland Circuit Court, in which Simmons and MacFarlane asked damages from the C. N. R. and Pirie Company. The case arose from shipment of potatoes by the plaintiff to the F. W. Pirie Company, to be delivered at West Saint John on or before Oct. 18, 1939.

The shipment of 11 cars, valued at approximately $7,000, was delivered at East Saint John and it was contended it remained there until the delivery date. Delivery was refused by the Pirie Company and the shippers were forced to dispose of the potatoes at a loss of about $2,600.

NAZI COMMAND

(Continued from page 1)

vasion procedures.

That the Germans are making whatever preparations they can is apparent. Last week-end Nazi authorities ordered the occupied Atlantic port city of Brest to expect a state of siege without further notice.

Stockholm also said the Germans had chosen the Arctic Norwegian port of Narvik as another danger spot, intensifying work on its defences and proclaiming the whole area a forbidden zone.

Today's manoeuvres in Vichy, restoring the pro-Nazi Pierre Laval to a place of high power, fit readily into the same picture of German precautions.

Plan Action

A source with reliable connections on the continent said today the Germans recently made detailed plans for defence against invasion at a meeting of all district leaders in occupied France.

The German-controlled Paris radio said today that British residents had been ordered to move from the French Riviera on the Mediterranean.

The correspondent of the Geneva paper La Suisse said there was "open talk" in Germany about possible British military action in western Europe.

This nervous condition has been readily transmitted to Italy. The Rome radio blustered last night that Candaian troops had been selected for an invasion of Italy but added: "The Axis powers have made all preparations for such a step, which was taken well into account as early as 1940. British propaganda therefore does not need to bother with threats to molest us in order to affect our nerves."

CAPITOL
SUMMERSIDE

—ALBERTON, April Seventeenth, Fred Scott in "Melody of the Plains" Western show. 4-15-21.

—FIRST FRESH HERRING — The first fresh herring of the season have been offered for sale at Summerside. The retail price was 30 cents per dozen. The fish were caught off Summerside Harbor.

—IS TRANSFERRED — Corporal Clarence McFadden of the Royal Canadian Air Force has been transferred from No. 9 Service Flying Training School at Summerside to the mainland. He left yesterday with Mrs. McFadden. The couple travelled by automobile.

—DEATH OF MRS. JOHN H. KILLBRIDE—The death occurred in the Prince County Hospital last Friday of Mrs. John H. Killbride of Inverness, P.E.I. Mrs. Killbride was 39 years of age. The funeral took place on Monday at 9 a. m. from St. Bridget's Church, Lot 11.—S.

—Miss Mildred Arsenault of Montreal is visiting her parents, Mr. and Mrs. E. L. Arsenault, S'Side.—S.

Salvage is Of increasing Importance

By JACK WILLIAMS
Canadian Staff Press Writer

OTTAWA, April 14—(CP)—Garbage trucks and wagons will have an increasingly important place in Canada's war program if a plan proposed by the National War Services Department for collection of salvage is adopted by municipalities.

As material shortages increase, the collection of salvage is becoming more important but tire restrictions have brought difficulties to many volunteer organizations which have been dependent on the borrowing of commercial trucks on a part-time basis for making collections.

New tires are no longer available for commercial trucks used for ordinary delivery purposes and many firms are reluctant to a low their trucks to be used for non-business purposes, salvage officials said today. To meet this difficulty the department is asking municipalities to make salvage collections through regular garbage collection facilities.

In the past 11 months Canada's salvage campaign has served the double purpose of making vast quantities of material available for essential war industries and at the same time providing some $1,940,000 for war purposes. This money has been raised by the sale of material more than 1,000 organizations have collected.

Now salvage workers are slipping behind in a race with war industries, officials say. Salvage is not being provided in sufficient quantities to meet urgent needs.

The bundle of newspapers a Boy Scout loads on a truck soon finds its way into a huge machine and emerges as cardboard for packing-tubes which fit over shells; broken glass may become a port light on a Corvette; bones and fats provide glycerine for explosives.

At the moment the material salvage workers want most is rubber; they need 25,000 tons of it by May 31 for gun mountings, tank linings and fire hose. With outside sources cut off, collection of used material is the only immediate source of rubber for those war needs and the salvage campaign has taken on new and greater importance.

BRITISH WAR

(Continued from page 1)

in today's weekly exchequer returns.

Sir Kingsley said United States lease-lend aid was coming at the rate of £100,000,000 a month. Through the end of March, he estimated, lease-lend aid totalled £600,000,000 ($2,670,000,000).

Lease-lend deliveries constitute "a vital factor in our effort," Sir Kingsley said, adding that henceforth a larger proportion of the total would be transferred to "India and the Dominions," presumably Australia and New Zealand.

The decision not to increase the income tax was tacit recognition by the government of what some economists have been arguing—that the income tax which already taxes, in the highest brackets, all but about 2 1-2 cents out of every dollar of income, cannot be boosted without diminishing returns.

But, said Sir Kingsley, "there must be a further curtailment of civilian consumption and the policy of stabilization will be continued and developed."

He stressed the necessity of keeping price levels from climbing further, declaring the price of certain food staples had gone up 23 per cent since the start of the war, before the government hammered the level back to 18 per cent.

Halt Inflation

Cost of living as a whole now is 29 per cent above the pre-war level, he added. But, he said, "during the last year we have definitely held our own against the onset of inflation."

The new budget contemplates sending Britain's total wartime spending around the $65,000,000,000 mark. It increases last year's spending by £810,000,000 ($2,229,500,000).

These are the principal tax increases on luxuries, effective tomorrow:—

Beer—From one penny a pint to three pence a pint. This will mean an increase in the retail price of beer to 12 1-2 pence. Sir Kingsley estimated the increase would produce £48,000,000 in a full year and £42,000,000 this year.

Whisky increased—by 4s 8d a bottle. The present tax is 11s 2d. Whisky has been selling for 17s 6d. An addition of £2 a gallon on proof whisky was estimated to yield £15,000,000 in a full year to £14,000,000 this year.

Wines—The basic levy of eight shillings a gallon on foreign wine and six shillings on Empire light wines will be increased by another six shillings a gallon each type. Duties of 16 shillings on foreign and 12 shillings on Empire heavy wines will be increased by an additional 12 shillings a gallon on each type.

Tobacco—The levy on imported cigars will be increased from 28s 1d to 38s 1d a pound. Tax on tobacco will be increased by 10 shillings a pound, the equivalent of an increase of three pence on each package of 10 cigarets. Gross revenue gain from tobacco increases was estimated at £90,000,000.

Luxury items on which the sales or purchase tax will be doubled include silk dresses, silk or brocade fabrics, fur coats, ornaments such as vases and china figures, cut glass, hair-waving and hair-drying appliances, electric shavers, trunks and bags, musical instruments, phonograph records, clocks and watches if made of platinum, gold, silver or gold plate, jewelry and imitation jewelry, toilet articles such as vanity cases, perfumery and cosmetics.

Double Entertainment Tax

Sir Kingsley proposed doubling the entertainment tax, effective May 10. These increases were estimated to produce £14,000,000 in a full year and £12,000,000 this year.

The income tax changes for lower brackets were thought likely to boost war production, since there have been reports that many low paid workers were declining to work overtime because the extra money would go out in taxes.

The new limits will exclude single men earning less than £2 weekly and married men earning less than £3 weekly. A married man with two children now must earn £5 weekly before he is liable to income tax.

Married women earning up to £80 annually instead of £45 also are exempt from tax.

Sir Kingsley announced that the budget provided for post-war credits for 20 per cent of war-time excess profits taxes paid, saying this was expected to contribute substantially to post-war industrial and commercial reconstruction.

An eminent British economic expert said this post-war credit for a part of the excess profit taxes would provide an incentive previously lacking.

This expert estimated that under the new budget the government would take through direct and indirect taxation 50 per cent of the total national income, compared with 40 per cent in 1941 and 26 per cent before the war.

He said that reckoning total expenditures against national income the percentage would be 87 1-2, but that "is quite absurd because not all the payment of such expenditures comes out of national income."

GIANT PLANES CRASH

LIVERMORE, Calif., April 12 — (AP) — Two giant planes the Navy said evidently were of its Catalina patrol bomber type crashed in the lonely range country south of Livermore today. Ten of the 14 men believed aboard the ships were killed. Three are missing.

The crashes occured in quick succession, and there were reports they resulted from mid-air collision.

Minard's kills pain.

Strike at Japs On New Guinea, Timor Islands

MELBOURNE, April 14 (C P) — Continued Australian-American bombings of Japanese positions on Timor and New Guinea set one Japanese ship afire, destroyed one intercepting plane and probably destroyed two others. Prime Minister John Curtin announced today.

The ship was hit at Kupang, Netherlands Timor, Mr Curtin's communique said, and a near miss was registered on one vessel and a possible hit on another. A Japanese plane was shot down into the sea.

A raid on Lae, on the northeast coast of New Guinea, accounted for the other Japanese planes, while bomb hits also were scored on air fields and anti-aircraft gun positions.

On the home front, Mr. Curtin added the defence Ministry to his other duties in order to make a more effective link between Gen. Douglas MacArthur and the Australian government.

Well known Man passes

Friends learned with much regret of the passing on Monday night at his home in Traveller's Rest of Daniel MacDonald a well known citizen of the district. Mr. MacDonald was in his 60th year and was only ill five days. He had contracted pneumonia and also suffered a heart attack.

He was born at Traveller's Rest on the homestead where he resided all his life. He was the son of the late Ronald MacDonald one of the Pioneers. He was a good farmer and took a lively interest in community affairs. He was a justice of the peace and a trustee of the school at Traveller's Rest. He was a staunch member of St. Paul's Church, S'Side and received the consolation of his religion from the hands of his pastor before his death. He was a member of the Knights of Columbus and a strong supporter of the Conservative party. He had a genial personality and was a good neighbour and friend.

He leaves to mourn his widow and aged mother. Five sons and five daughters namely:— Ronald on the homestead, Hubert and Alexander employed with R. T. Holman, Ltd., S'Side; Bennett and Alan at home. Mary, Mrs. Les Chuck, S'Side; Jean of Roxbury, Mass.; Margaret, Flossie, Marjorie at home. Also the following brothers:— Herbert with the Boston Elevators in Boston, Fred a merchant in Alberta; Dr. Hubert in Michigan; Frank in Borden, Major and Colin of Sherbrooke; and two sister, Mrs. MacNeill of New York and Mrs. N. J. MacNeill, New Annan, to all of whom much sympathy is extended.—S.

Warn French re Radio Station

OTTAWA, April 14—(CP)—The Canadian Broadcasting Corporation's listening post here today picked up a broadcast from a "freedom" radio station in France warning Frenchmen to keep away from headquarters of "Radio Toulouse" because it would be blown up.

The "freedom" station called itself "Radio Inconnu". The broadcast said the Toulouse station, which handles considerable domestic news within occupied France, has been occupied by the Germans.

It added that the cinema industry and every other means of communication in the unoccupied area now is under the supervision and direction of the Germans.

Premier King Leaves For Washington

OTTAWA, April 14—(CP)—Prime Minister MacKenzie King left late today for Washington where he will attend a meeting of the Pacific Council and be the guest of President Roosevelt at the White House.

Mr. King travelled in his private car accompanied by Norman Robertson, Undersecretary of State for external affairs. He expects to be away for several days and in his absence resources Minister Crerar is acting Prime Minister.

Finance Minister Ilsley left on the same train, bound for Nova Scotia where he intends to visit his constituency and speak on behalf of an affirmative answer in the plebiscite April 27.

Mr. King's Washington visit will mark the first time he has represented Canada on one of the permanent inter-government boards set up to deal with matters of war policy.

Gov't to depend On press, radio For publicity

OTTAWA, April 14 —(CP)—Plans to issue an "informative pamphlet" on the manpower plebiscite to every householder in Canada were abandoned by a government committee today and decision made to make use of newspapers and the radio in obtaining the necessary publicity.

Postmaster-general Mulock, acting Secretary of State during the absence from Ottawa of Hon. Norman McLarty, said the decision to abandon the proposed pamphlet was taken because of three factors.

"Owing to the tremendous wartime demands on the public printing and stationery department, the short period left before voting day on April 27 and the cost involved in its preparation, it has been decided that the idea of producing a pamphlet originally planned for distribution to every householder in Canada had best be abandoned," he said.

"The quickest and most effective way to acquaint the public with the essential facts of voting on the plebiscite would be, it is believed, a statement by Jules Castonguay, Chief plebiscite officer, in the daily and weekly newspapers and over the radio."

Slowdowns in 8 plants with Naval contracts

WASHINGTON, April 14—(AP)—Development of "slowdowns" in eight plants with important navy contracts was reported today by Senator Harry Byrd (Dem.-Va.) on the basis of information from the office of assistant secretary of the navy.

The navy's compilation, as made public by Byrd, indicated that in five of the plants the reported slowdown was attributed entirely to labor and that in the other three labor was partly responsible. In one of these plants alleged "inefficient management" was cited, in another some available machinery was said to be unused and in the third the difficulty was attributed partly to "continual changes in specifictaions by prime contractors." Production losses ranged from 25 to 90 per cent.

"I am startled and dismayed by a navy department report on slowdowns in industries engaged in vital naval production,' Byrd declared in a statement. "If anything is more reprehensible than a complete halt of work on war production, it must be a deliberate slowdown."

Meanwhile Navy Secretary Frank Knox told the House of Representatives naval committee that he wouldn't be surprised" if President Roosevelt issued an executive order defining a national war labor policy.

He predicted that such a policy would be evolved—either by executive order or congressional action—as a result of "this present confusion" over the labor situation but did not elaborate on the possibility of an executive order.

Dominion Coal Company year Was disappointing

MONTREAL, April 14—(CP)—Operations of Dominion Coal Company Limited in 1941 had been "disappointing" owing to the "slow down" strike among some union members in the mines Arthur Cross, President, told shareholders at their annual meeting today.

Mr. Cross said that as a result of the serious loss in earnings and also to conserve the company's financial position the directors deferred action on the preferred stock dividend for the last half of 1941. As soon as the financial position of the company warranted it payments would be resumed.

Mr. Cross reported that the shipping situation had not improved during the past year but a number of vessels have been chartered and the company's management hoped to be able to obtain the tonnage it required.

Directors were re-elected and reports adopted.

Glass Of All Kinds Urgently Required

MONTREAL, April 14—(CP) — The salvage of glass bottles and containers of every description is the patriotic duty of every Canadian, F. Godfrey of Toronto, administrator of used goods for the Wartime Prices and Trade Board, said here today in an interview.

Mr. Godfrey, in Montreal to confer with F.E. Walker, Deputy Administrator, said that not only glass but other containers such as burlap bags, steel drums, barrels, boxes and baskets are important to Canada's wartime economy.

Taking the instance of bags to illustrate the importance of second-hand containers, Mr. Godfrey said that with jute shipments from Calcutta cut off there will be nothing but second-hand bags left in Canada within six months.

"The British Food Ministry has advised that it will be impossible to supply next year's sugar from the British West Indies unless this year's bags are returned," he said. "Accordingly we are returning between three and five million bags to the British West Indies at a fixed premium price."

ONE BANANA — $10

MIDDLESBROUGH, England (CP) — A banana brought by a seaman from Freetown Sierra Leone, was auctioned by the local Warship Week Committee for the equivalent of $10.

BISLEY MAN DEAD

LONDON — (C P) Major A. J. Andrews, famous Bisley shot who was in the King's final competition nine times, has been killed in action

R. A. F. STAGES

(Continued from page 3)

a young "lady" preparing for a bath.

Sgt. Houthousen then gave the audience an idea of what a first-class clarinet sounds like. Accompanying this number was Sid Astley, piano, and Bobby Roberts, drums. The stage was then set for a series of short sketches in which William Drury figured "largely" as the feminine member of the cast with Cyril Large, Bob Renaut, "Woodie" Woodruffe and Flt. Lt. Over as "her" varied masculine associates.

"Woodie" Woodruffe, Jack Armour and Bobby Roberts then gave the audience a lesson on courtesy as demonstrated by Sir Walter Raleigh. This number was also very well received. The band was next introduced by the master of ceremonies and played several popular numbers with Bob Renaut and Sgt. Houthousen as soloists.

With the conclusion of this show, the third in the "Garrison Theatre" series, there ended a popular occurence in the theatrical life of Charlottetown which has grown since the R.A.F. boys "invaded" this province.

The concert will be repeated tonight in Prince of Wales College auditorium.

Conservative Senator passes

MONTREAL, April 14 — (CP) — Senator Joseph Hormisdas Rainville, who sat in the Dominion's Upper House for 10 years as a Conservative, died suddenly at his home in suburban St. Lambert early tonight. He was 67.

Appointed to the Senate in 1923 as representative for the Quebec district of Repentigny, Senator Rainville was reconized as one of French Canada's most prominent figures.

He was a lawyer by profession.

Born of French-Canadian parents in the village of Ste. Angele, Rouville County, Senator Rainville was educated at the Seminary Ste. Marie Du Mannoir where he was graduated with an arts degree.

He first entered politics in the provincial field in 1908 when he contested the Vercheres seat in the general provincial election of that year. He was defeated by 98 votes.

His first venture into the Federal field brought success in 1911, when he contested the Federal riding of Chambly-Rouville. He was defeated in the general elections of 1917.

Senator Rainville held the rank of Lieutenant in the 85th Regiment for about 10 years. In 1930 he was appointed chairman of the Montreal Harbor Commissioners, holding the position until he was appointed to the Senate.

RETURN OF LAVAL

(Continued from page 1)

"In addition the French government is obliged to take notice that the immediate divulging in unusual conditions of this strange document well shows that it was made for the ends of propaganda and in an effort to trouble spirits. Otherwise it does not answer the question asked."

Urges Withdrawal

Then, less than half an hour later, the government urgently requested correspondents to withdraw the note from publication.

The French declaration was first handed out shortly before 8 p. m., a few hours after the triumvirate of Petain, Laval and Admiral Jean Darlan, Vice Premier, had decided to form a government on "new foundations" and after the Riom trial of wartime French leaders had been officially suspended.

At the same time a law published in the official journal broadened the powers of the Riom court in order to "put an end to the pernicious campaign which, magnifying or distorting the allegations of the defendants, has attempted to divide our public opinion again and ... compromise our international relations."

The Vichy declaration was in answer to the note handed Monday to Henry-Haye by Sumner Welles, acting United States secretary of state, which itself replied to the Vichy protest on establishment of the consulate.

Welles referred to "that handful of Frenchmen who....have sordidly and abjectly, under the guise of 'collaboration,' attempted to prostitute their country to that very regime in Germany which is bent upon nothing less than the permanent enslavement of France."

He said flatly that Vichy was not in control of French Equatorial Africa but that it was being administered by those "who are fighting actively on the side of the forces of freedom."

GRIM TRAGEDY OF DRAMA

LONDON — Soviet War News reported that 3,000 persons were put to death when Bulgarian troops and German bombers quelled an uprising which broke out in 15 villages around Drama, Bulgaria.

Large R.C.A.F. Casualty list

OTTAWA, April 14—(CP)—In one of its largest casualty lists of recent weeks, the 238th since the war began the Royal Canadian Air Force today reported five men killed on active service overseas, eight previously listed as missing overseas now for official purposes presumed dead, and 16 missing after air operations overseas.

One man previously listed as missing overseas was reported killed on active service, one was reported killed on active service in Canada and one was killed in an automobile accident in Canada.

One man was listed as seriously injured on active service and one dangerously ill, both overseas. One was reported seriously injured in an automobile accident in Canada and one seriously ill in Canada.

The latest list of casualties with official numbers and next of kin included:—

OVERSEAS

Killed on active service

Hardy, Keith Lockhart, Sgt., R72509, Mrs. L. A. Callbeck (sister) Sherbrooke, P.E.I.

LARGELY ATTENDED FUNERAL AT KENSINGTON

UNITED CHURCH TO PAY LAST TRIBUTE OF RESPECT TO THE LATE GARNET W. PROFITT

On Thursday morning April 9th ult. the community of Spring Valley and the whole Province were saddened and shocked when they learned of the sudden and unexpected death of the late Garnet W. Profitt. For several months previous, the deceased suffered a serious illness, from which, his physician gave little hope of recovery. His robust physique, rapidly declined, causing him mental anxiety.

On Saturday afternoon a brief service was held at his late residence when the remains was then conveyed to the Kensington United Church where a large concourse of friends and relatives throughout the Province assembled to pay their last tribute of respect to the deceased. The funeral service which followde, was conducted by his pastor, Rev. A. D. Stirling, assisted by Rev. Mr. Hodinott, Bedeque, Rev. John Stirling ,Margate and Rev. B. R. Fream, Kensington. The pastor delivered a most comforting message from the incident recorded in Mark 4 verse 39—"there arose a great storm, when the Master arose and rebuked the wind, and said unto the sea "Peace, be still." In referring to the deceased, he said his acquaintance with him began when his late father was an elder in his congregation back in 1905 and the tie of friendship that was formed has never ceased. Garnet possessed a jovial disposition and spread sunshine and cheer wherever he went. His occupation had made for him a large acquaintance throughout the Province, and life would be the poorer because of his removal. The deceased was an employee of the well known firm of A. Horne & Company for a period extending over thirty years, and this is their testimony:— "Garnet was a most faithful, trustworthy and reliable employee!"

At the close of his address the members of the Masonic Order, Mount Zion Lodge, A. F. and A. M. Kensington, led in a most impressive service. Bro. W. H. Darrach capably officiated as Chaplain. The Hymns sung were: — "Peace, perfect Peace" and "Abide with me." Mr. J. B. Lewis, Freetown, sang with sympathetic feeling, "He wipes the tear, from every eye!"

Messrs. A. Horne & Company of Summerside and Charlottetown represented by Messrs. A. B. L. Horne, Hooper Horne and H. R. Hilson and their entire staff of employees attended the funeral service.

The deceased is survived by his sorrowing widow, formerly Mary A. MacLeod, of New London and daughters, Mrs. George McCoubrey, Cavendish, Mrs. W. O. Gendron, Montreal, Miss Lottie Profitt, R. N. Charlottetown and one son, William Frederick, in the homestead; also two sisters, Mrs. P. L. Thompson and Mrs. W. C. MacLeod, Kensington, and two brothers, John N., Freetown and James F., Kensington. One sister, the late Mrs. Janie Simpson, having predeceased him.

Many and beautiful floral tributes expressed kind sympathy to his family in their bereavement.

The funeral was under the direction of undertaker J. L. Davison, Kensington, when the following neighbors of the deceased acted as pall-bearers —W. J. Harrington, Kenneth Champion, Joseph Caseley, Ira Champion, Wesley Coles and James Campbell.

The Guardian joins in extending deepest sympathy to the bereaved family.

Steel plant at Full capacity

MONTREAL, April 14—(CP)—Dominion Steel and Coal Corporation Limited's steel plant worked at full capacity during 1941 Arthur Cross, President, told shareholders at the annual meeting of the company today.

Mr. Cross stated that the rehabilitation of the 110 inch plate mill had been completed two months earlier than had been estimated and since March 17 had been producing plates vitally needed for Canada's shipbuilding program. Other extensions were progressing favorably.

Mr. Cross reported that an average of 26,000 employees were engaged in the operation of the company and its subsidiaries in 1941 and at the present time there were 28,000 employees on the pay rolls.

Dealing with suggestions that a dividend should be paid on the "B" stock Mr. Cross said this would receive the consideration of the directors at the earliest possible date. In the meantime, he said, the situation was that the expansion of wartime activities necessitated a greatly increased amount of working capital and money had to be borrowed from the banks. He did not think any shareholder would consider it good business to borrow additional sums to pay dividends.

Reports were adopted and directors re-elected.

While most people recognize the call of the whip-poor-will, few have seen the bird as it rarely flies in daytime.

DAILY MENUS Sugar-Saving

(FOR TUESDAY, APRIL 14)

(Dessertless Day)
BREAKFAST

Sliced Bananas Cereal
Toast Marmalade
Tea Coffee

LUNCH OR SUPPER

*Beef Soup with Noodles
Jellied Vegetable Salad
*Peanut Butter Bread
Tea Coffee

DINNER

Beef from Soup with Fresh Horseradish Scalloped Potatoes Shredded Cabbage
Fresh Fruit
Tea Coffee

SOUP WITH NOODLES

3 lbs. brisket, 2 tablespoons salt, 2 quarts water, cook slowly 1 hour. Add 1 carrot, 1 onion, 4 stalks celery and cook until meat is tender. Remove the meat and strain. Boil the noodles, home-made preferred in salted water, drain and put into soup. Add fine chopped green parsley for flavor.

Meat is served for dinner with fresh grated horseradish.

PEANUT BUTTER BREAD

(Suggested by Elizabeth Hammond Montreal Herald and Weekly Star)

2 cups flour
3 tablespoons baking powder
1 teaspoon salt
1 cup milk
1 cup corn syrup
1-2 cup peanut butter

Sift dry ingredients together. Mix corn syrup and milk and gradually stir into peanut butter until you have a smooth, thin paste. Add this mixture slowly to dry ingredients, mixing well. Peanut butter must be thoroughly blended with the batter, else your bread will be streaky and heavy. Pour batter into well greased loaf tin, bake in moderate oven (350 F.) about 1 hour. (This bread is really better the second day).
