Williamson County Now Has Own "Town Guards" MARION, Ill., Nov. 3.—Williamson County, scene of numerous gang wars, klan and anti-klan strife and bootlegger's battles, boasts marksmen even among her professional and business men. The banks in the county, realizing the danger of daylight holdups, have organized what they term "town guards". The group is composed of prominent business and profession men whose stores or offices are near or overlook the bank buildings. Each of the "guards" keeps a loaded high-power rifle secreted in his place of business—and he knows how to use it in the event of an attempted robbery.

Monthly rifle practice is held. At a recent session, each of the sharpshooters turned in marks of better than 90 per cent.

Arthur DeZuh, Italian heavyweight, of New York, stopped Clem Johnson, New York negro, in a single round. The weights were DeZuh, 206; Johnson, 210. Think Comedy Parts An Item In Screen Success

LOS ANGELES, Nov. 3.—Cecil De Mille, motion picture producer, is a believer in actors and actresses beginning at the bottom and working up. He thinks "three years in comedies" necessary to fit aspirants for parts in screen dramas.

"If I could have my way every actor or actress entering motion pictures would be forced to spend three years in comedy before attempting a straight dramatic photoplay," said De Mille.

"Little things they learn in comedies go a long way toward success."

"I was greatly Distressed With Pains in the Back"

Mr. Alfred McNeill, Chapel Rock, Alta., writes: "During the winter of 1920-21, I was greatly distressed with pains in my back and felt tired and depressed most of the time. Particularly during the night I was troubled with frequent urination, some nights having to rise almost every hour. I tried several different treatments without success, until finally I began using Dr. Chase's Kidney-Liver Pills, and they relieved my condition before I had finished the first box. I am feeling better this summer than I have for years, and although in my 67th year, can work all day without any undue fatigue."

INSIDIOUS EYE STRAIN

We use this adjective advisedly. Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body, and produce ill health.

Terrible Backache

Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my back. I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go un-attended at the time, because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first week and have not had any trouble like it since."—Mrs. T. MARBLE, 115 Ferguson Avenue South, Hamilton, Ontario.
