MRS. WILLIAM M. ROWE.

Mr. William M. Rowe, of the McDonald-Rowe Woodworking Company of this City will have the sincere sympathy of the community in the sore loss which he has sustained by the death of his wife who passed away in the P. E. Island Hospital at 3 o'clock yesterday afternoon. It is just two months since she became ill and entered the Hospital. In the early stage of her illness, she seemed to improve for a time, but later her condition assumed a very serious aspect and she grew gradually weaker. Throughout her painful illness she maintained that cheerfulness of spirit which always characterized her disposition and won for her many friends who will ever cherish her memory. During the past couple of days it became apparent that her life could not be saved and the end came peacefully yesterday afternoon as stated. Deceased before her marriage was Miss Katie L. McKenzie, daughter of the late Mr. Lauchlin McKenzie of Charlottetown, formerly of St. Catharines. She was a member of Alpha Rebekah Lodge, I. O. O. F., in which society she had been an active and very popular member both here and in Calgary. To her bereaved husband the Guardian extends sincere sympathy.

DEATH OF MRS. JOHN HEMPHILL

Very suddenly on Wednesday morning, the 19th inst., at 10 o'clock from heart failure there passed to her rest Mrs. John Hemphill of Burnt Point, Georgetown. Mrs. Hemphill had been ailing for the past two or three years and during the winter was confined to her bed for about two months, but in the last few days had been able to sit up a little. The end came, however, very suddenly thus in a moment passed out the soul of one, who had borne with cheerful resignation the burden of a long illness. She will be sorely missed in the home circle, as all who knew the deceased, found in her one whose spirit was light, always looking on the cheery side of life. At the early age of 50, she has been called to pass from this world of suffering to that land where dwelleth peace and rest forevermore. Mrs. Hemphill leaves to mourn, her husband, Capt. John Hemphill and ten of a family, five sons and five daughters: Milton, Guy, Ivan, Hammond and Lorne. The daughters are

Headache is not a disease in itself, but comes as a warning to tell you that there is something wrong with the system. Consequently when you stop a headache by the use of powerful narcotic drugs, you merely stifle the "danger signal" by which Nature tells you that there is trouble ahead.

A starved condition of the nervous system is by far the most frequent cause of headache. You may be going too fast a pace and burning the candle at both ends. The nervous system has no opportunity to renew its vigor, and the result is nervous headache, sleeplessness, indigestion and irritability.

Why not select a treatment that aims to remove the cause of trouble by enriching the blood and building up the starved and exhausted nerves. Such is Dr. Chase's Nerve Food, and the effectiveness of this food cure is so well known that we scarcely need tell you about it.

In almost every newspaper you will find some cure reported as a result of using Dr. Chase's Nerve Food. The mention of it among your friends will reveal the fact that nearly everybody knows it as the standard medicine for diseases of the nerves and other ailments arising from a watery condition of the blood.
