DOES YOUR SIDE ACHE?

When the first symptoms appear, rub with Nerviline—rub it in deeply. It penetrates to the muscles and chords that are sore—takes away stiffness—removes all strain and inflammation. If the condition is chronic, put a Nerviline Porous Plaster on the affected spot. This draws out any virus or neuralgic irritation, restores the tissue of their wasted healthiness, permanently cures any weakness or tendency to pain. Nerviline Plasters absorb all the deleterious secretions through the relaxed pores and when used along with Nerviline itself, every muscular pain or ache must go.
