

Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane. It is therefore impossible to cure the disease by local applications. It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alternative and tonic effect. M. J. McDonald, Trenton, Ont., writes: "I had catarrh, my system was weak, blood was bad, and my liver torpid and inactive. I tried many medicines without benefit until I began taking Hood's Sarsaparilla. This medicine has completely cured me and I highly recommend it to all sufferers."

Hood's Sarsaparilla Promises to cure and keeps the promise. It is better not to put off treatment—buy Hood's today.

YESTERDAY a report was current in the city that a case of smallpox had been located at French Creek, near Montague, and that the patient had recently arrived from Sydney. Yesterday evening THE GUARDIAN enquired at the nearest points by telephone and found that a man named Boudreau was ill with a cold but the house was not flagged as reported and the report that he had smallpox was entirely false.

EVERY reader of THE GUARDIAN, particularly those interested in the purchase of hardware, will take note of Mr. W. E. Dawson's advertisement in this issue. This advertiser believes that if a man has a good thing and knows that it is a good thing, he is perfectly justified in telling his friends and the general public about it. The stock carried by this well-known hardware house has never been more complete and well assorted than it is today. The firm will be pleased to receive enquiries at any time for carriage stocks, saddler's hardware, housebuilders' sundries, blacksmiths' sundries, palaters materials, and will still be more pleased to receive your orders. All favors entrusted will be attended to promptly and with the best of satisfaction to the buyer.

BY a number of meetings continue in the Upper Great George Street church every night this week except Saturday, conducted by Messrs. Greenman and Horsey. Both the 7 and 7 o'clock services on Lord's Day were attended by attentive audiences. Mr. Horsey spoke at 4 o'clock from the four things, little but exceeding wise, and four things comely in going, of Prov. XXX showing first how a lost man could be saved through trusting alone in Christ, and then how the saved should live in the power of the life received. Mr. Greenman spoke at 7 o'clock on the wells of Isaac, showing how faith is wrought in the soul by the word of God, the living water and then the faith, which God's people are called to earnestly contend for. The clear exposition of the word of God given in these meetings is proving a blessing to many. Mr. Horsey's subject tonight will be Christian Ministry.

ANY CHILD WILL TAKE McLean's Vegetable Worm Syrup. It is always the same safe, pleasant and effective remedy; but be sure to get McLean's Vegetable Worm Syrup.
