THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Dandruff costs only 25 cents a bottle. One application stops itching and falling hair, and in a few moments you have doubled the beauty of your hair. It will appear as mass, so soft, so lustrous and easy to comb up. But what will please you most will be after a few weeks' use, when you see new hair fine and downy at first, but really new hair growing all over the scalp. 'Dandruff' is to the hair what fresh showers of rain goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant."
