ALL NEWS OF LOCAL INTEREST

CARNIVAL, to-night.

The Minto and Stanley each made a trip yesterday. The Stanley crossed to Pictou today.

TELEPHONE subscribers will please add to their directory cards No. 63 Humphrey Clothing Store.

In the report of the London fur sales for January there is a decline in raw furs of from 15% to 25%.

The P. E. I. R. is distributing literature in connection with the St. Louis Exposition. Circulars, booklets, etc. can be procured by application at the Railway.

Owing to typographical omission of a line it was not stated in yesterday's paper that Allan Ferguson whose death took place in Pictou on the 10th was the father of Chief Engineer Ferguson of the Stanley. By the omission a wrong meaning was given.

REV. A. B. McLeod of Springton, P. E. I. preached in St. Andrew's church, St. John on Sunday. Mr. McLeod is on his way from the Old Country where he has been studying to the Island. It is probable that Mr. McLeod, who it will be remembered was shot in London last fall by a Hooligan, will occupy the pulpit of Zion Church shortly.

On Thursday evening beginning at 7.30 o'clock there will be a camp talk, illustrated with many stereoscopic views showing how boys spend the time at the Y. M. C. A. boys camps held each summer under the auspices of the Y. M. C. A. Boys' Branch in the basement of the First Methodist Church. There is no admission fee and the public is invited.

As a result of the shortage of the wheat crop in the Dominion and the demand created by the war the price of flour has increased from 75c to \$1 on each barrel and further increases are looked for. There is also a large increase in the price of rice, beans and almost everything necessary for eating except confectionary.

John Agnew Esq., President of the Board of Trade, Alberton, protested by wire on Friday against the inexcusable delay in forwarding the Minto's delayed mail by afternoon train. The Post Office authorities will have to look out. The Board also telegraphed Hon. Wm. Patterson, Minister of Customs to straighten out Canadian States customs exactions on smelt shipments at Vanceboro. The Alberton Board is alive.

A. McNeill, Senior Fruit Inspector for Canada, whose services were so much appreciated at the recent F. G. A. meetings writes the President under cover of Ottawa, Feb. 10th., in these flattering terms:

"Dear Father Burke:—I cannot refrain from complimenting you, upon my return to Ottawa, on the excellent meeting at Charlottetown—an excellence, be it understood, quite independent and apart from anything which may have been contributed outside the I-land. The audience was all that could be desired, the program timely in every respect and the interest certainly very gratifying to those who took part in the program."

Mr. McNeill himself Vice President of the Great F. G. A. of Ontario and fresh from its general meeting and that of the F. G. A. of N. S., ought to know what he is talking about and our F. G. A. can therefore enjoy a real compliment.

Rev. T. J. Deinstadt, so widely and favorably known in and beyond this province, is comfortably located for the time being at Millbridge, Me., whither he removed from St. John a few months since. At the Methodist conference in this city last June he was, at his own request, allowed a year's leave of absence. As a result of freedom for some weeks from the heavy burdens he had been bearing, he was greatly invigorated and felt equal to the work of resuming the duties of a pastorate. His attention being called to the field of his present activities, he gave therein his favorable consideration, and in due time entered into the work. The regular services of his charge he has sustained with increasing interest, and for the three weeks last past, has been engaged continuously in revival work with much success. As one result of his efforts upwards of forty persons have recently signified their purpose to hereafter lead the Christian life. This gracious work is still in progress and is being prosecuted by the reverend gentleman without any human assistance from beyond his own church and congregation.—St. John Sun. Mr. Deinstadt is well known in Charlottetown.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Croscian's Tablets, ten cents per box. All druggists.

A WIRE received by Carvell Bros. yesterday announced that their handsome 150 ton tern schooner James W. (built at Montague seven years ago by George W. Wightman) Capt Murchison from Halifax to Port of Spain, Trinidad and crew landed all well at Baltimore.

The February term of the Supreme Court opens at Georgetown to-day, the Chief Justice presiding. There are no Crown cases. Following are the jury cases:—Coombs vs. McCarron. Action of false arrest. Weeks for plaintiff, Mathieson for defendant. MacDonald vs. MacPac. Attorney General Peters for plaintiff, A. J. B. Mellich for defendant. Edmonds vs Edmonds. Motion for plaintiff, Mathieson for defendant.

FIFTEEN commercial travellers reached the mainland from P. E. I. about noon Thursday, and happy men they were to at last escape. H. S. Arnold of the New York Silk Waist Manufacturing Company of Montreal was one of the party. At the Royal last night Mr. Arnold told a Sun reporter a most interesting story concerning his experiences and those of the people who came over with him. Mr. Arnold says he left Pictou on the island boat three weeks ago. The run over to Georgetown was made in 3 1/2 hours.

After spending three days on the Island he started for the mainland again on the str. Stanley. Three unsuccessful attempts were made to get from Georgetown to Pictou. On the first occasion the steamer got within six miles of Pictou Island and had to go back. The next time she got almost as close to the desired point, but again the ship was forced to retire. The next break landed the Stanley near Cape Bear. But the fourth attempt was successful after the difficulty of getting down the harbor to Georgetown had been overcome. The run to Pictou was made in 5 hours. The ice was the heaviest Capt. Brown of the Stanley ever saw in all his 30 years of navigation.—St. John Sun.

THE EVILS OF CONSTIPATION.

This dangerous condition causes sick headache, abdominal pains, piles, and in severe cases insanity and apoplexy. The most agreeable and satisfactory remedy is Ferrozene, which makes the bowels so well ordered that natural and unassisted action is established. It is mild and certain in action and never causes distress or inconvenience, and may be taken as long as required. Pains in the stomach and intestines, piles, biliousness and headache disappear at once when Ferrozene is used. Recommended and sold by Druggists, price 50c. By mail from N. C. Tolson & Co., Kingston, Ont.
