MR. W. CHESTER S. McLURE
Conservative Candidate For Queen's

Mr. W. Chester S. McLure, Charlottetown, is a household name wherever foxes are bred or furs sold. He is as well known and popular in the fur trade of London, England, New York, Chicago, Philadelphia, Montreal and Toronto as he is in his native Province. "Chester," as he is popularly known, has risen to preeminence in business and public life by means of sheer ability, determination and enlightened vision. He always has been beyond the present and worked for the future. Educated at the famous Prince of Wales College, he taught school for a while and then entered business as a dry-goods clerk, speedily blossoming into an ambassador of trade on his own account, in which he developed a remunerative business. He was one of the first to see the great possibilities of domestic breeding of silver foxes, and entered upon that industry with zest and enterprise in 1912, at a time when most people were looking upon it as a bubble soon to be pricked. Today he is still in that business, known far and wide as the "dean of the fur trade."

In addition to being interested in the Viny Ranch along with his equally enterprising partner, Col. D. A. MacKinnon, D. S. O., and the Hudson's Bay Company, he is along with the Colonel representative of the Hudson's Bay Company for which Messrs. McLure and MacKinnon have built up a most lucrative and steadily growing business in the Maritimes. Mr. McLure is in public life not so much because he sought it but because it sought him. In 1917 when he was in New York on a business trip, the Conservative Party of Queen's County, wired him offering to submit his name for nomination at the then forthcoming convention. At that time he could not see his way clear to accept this flattering offer, but later consented to run for the Provincial Legislature for the city, and was elected. In 1927, when the Liberal sweep of the Province occurred, Mr. McLure was one of the few survivors retaining his seat along with Hon. Dr. W. J. MacMillan. At the last Queen's County Conservative Convention, he along with Hon. John H. Myers, was unanimously chosen to carry the party colors at this general election.

RECEPTION—Last Friday evening the annual convention of the Women's Institutes for this province was brought to a most enjoyable close when the delegates, between three hundred and four hundred, were the guests of His Honour Lieutenant Governor Heartz and Mrs. Heartz at Government House, Victoria Park. Mrs. Heartz was assisted in receiving by Miss MacPhail, Supervisor of the Institutes. Refreshments were served in the large dining hall and a most delightful time was spent, music being furnished by Dixon's Orchestra. A feature of the occasion was the moving of a vote of thanks to His Honour, proposed by Mrs. Mutch, the President. This is the sixth occasion on which His Honour royally entertained the members of the Institute. The mover paid a very high tribute to Hon. Mr. Heartz's hospitality in the past. His Honour in reply thanked the delegates for their token of appreciation and complimented them on the splendid work they were doing for this province on behalf of the home and the school. He had no doubt that this good work would be continued. A pleasant incident was the presentation to Miss MacPhail of a silver flower basket. The reception lasted from four to six p. m., and the delegates left for home carrying away the most pleasant recollections of their visit to Charlottetown and the reception at Government House.

To safeguard the child from danger that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it cannot be surpassed in effectiveness.
