## THE MILITARY CAMP AT DUFFERIN

At Which the Fourth Regiment Will Join.

The Camp will be Held From the First of August to the Twenty Second. The Officers

The annual instruction and competitive gun practice for the Canadian garrison artillery with light Q. E. guns will take place at Fort Dufferin from the first of August to the twenty-second of August. This will consist of light quick-firing practice at a moving target.

The following details are authorized to join the camp for carrying out this practice.  
 Royal Canadian Garrison Artillery—6 officers, 70 non-commissioned officers and men, including the subordinate staff and all other details extra to the gun detachments.

3rd Regt. C.A.—8 officers, 80 non-commissioned officers and men.  
 4th Regt. C.A., P.E. Island—12 officers, 120 men, N.C. and men.  
 The practice will be carried out under the supervision of the commandant and R.C.A. (Quebec), with details supplied by the R.C.G.A. and if necessary officers attached thereto.

The pay allowance for the staff and R.C.G.A. will be those provided by Regulations and Orders, 1898, part 3, paragraphs 9 and 247, and Militia Orders, 33, 1899, also an allowance of 25 cents a day in lieu of rations while at St. John's. For the active militia detachments an allowance of \$1.50 per day for officers and 75 cents per day for N.C. officers and men for each day they are necessarily absent from their headquarters.

The camp staff will be: Camp commandant and umpire in chief, Col. J. F. Wilson, R.C.A.; assistant umpire, Lieut. Col. T. Benson, R.C.A.; gunnery instructor, Capt. J. A. Benyon, R.C.A.; asst. gunnery instructor, Lieut. W. B. Almon, R.C.A.; camp adjt., Lieut. S. A. Howard, R.C.A.; statistical officer, Capt. A. T. Ogilvie, R.C.A.; range officer, Capt. C. S. White, R.C.A.; Lieut. H. C. White, 6th regt. C.I.A. (attached); medical officer, Surgeon Lieut. S. S. Skinner, A.M.C.; camp quartermaster, Capt. J. J. Sharples, 8th regiment R.R. (attached to R.C.G.A.).

Last year, owing to a misunderstanding there was some trouble about feeding the men in camp, but local officers say that no such difficulty will arise this year. The Quebec men are bringing down with them a caterer who will supply all men in attendance at camp at a contract price of thirty-five cents per day. This caterer will, it is understood, buy his supplies in St. John. Many of the officers last year, owing to the incomplete arrangements at the camp, took their meals at the Martello Hotel, but this year they will mess in camp, as the Quebec officers' mess will be brought down.

## HOW TO KEEP WELL

The best efforts of the great physicians are now expended in finding how to keep people well and prevent serious diseases. Dr. Chase's Nerve Food was prepared with this object in view. It is not only a cure for diseases of the nerve, but also a restorative to be used when vitality runs low and the weakened condition of the system invites attack by fevers or contagious diseases.

## S.S. CONVENTION O'LEARY DISTRICT

Held in Methodist Church at West Devon.

Field Secretary Rev. A. D. Archibald Present, also Six Ministers all Belonging to This District

The ninth Convention of the O'Leary district S. S. Association met in the Methodist Church at West Devon on July 8. Devotional services were led by Rev. E. J. Weber, O'Leary.

The President Rev. D. McLean then took the chair and called for minutes of last convention which were read and adopted. The roll was then called and reports of the different schools were given by delegates present. The following schools are evergreen:—

West Devon, M. (This school has been evergreen for 30 years, has a H. D. and Cradle Roll.  
 West Devon, B.  
 West Point, P.  
 O'Leary, P.

Springfield, M. (This school has a H. D., C. R. and the new temperance pledge cards.)  
 Cape Wolfe, P.

The F. S. gave a blackboard address on "The Teaching Method." This address was listened to with rapt attention by the convention.

He then gave an illustration on the lesson "The disciples plucking the ears of corn." The child should be taught what is right to do on the Sabbath not what is wrong as too many are taught. The finance committee reported what has been raised by the district and that they expected to raise the balance of the amount promised. A discussion followed on "How to make our Convention More Interesting," after which it was decided to have our next convention in the form of an institute. Session closed.

## EVENING SESSION.

Devotional service led by Rev. W. R. Pepper. The president then took the chair, called for the minutes of last meeting which were read, then adopted. Rev. Mr. McDonald of Bloomfield gave an address on Sunday School work. He said international Sunday School work was the greatest work under the sun and much more could be accomplished by all working together. His address was very interesting. Rev. W. R. Pepper gave an address on "Children's Rights," first in the home, second in the schools, third in the church. Children should have Christian homes and taught Christian their youth. They must be educated in their youth then brought into the church for of such is the Kingdom of Heaven. The President then gave an address on "Temperance in Sunday Schools." Children should be taught temperance in their youth, should be shown the evil effect intemperance has and should be taught to shun it in every form. Rev. J. Webb of O'Leary gave a paper on "The Sunday School Teacher—a soul winner." The teacher should be a Christian and a Bible student, should believe in the divinity of Christ, and strive to bring his class to Christ in their youth. It is a great honor to work for Jesus. Rev. F. J. Linkletter being present gave a few words along the line of Sunday School work. The Field Secretary gave an address on "Child Study." The most active time of a child's life is from the years of 3 to 8. We should always set them a good example and teach them what is right not what is wrong. He also explained about the temperance pledge.

The singing and music was in charge of the choir of the church and was enjoyed by all present. Convention closed to meet again at the call of the executive.  
 W. E. Brooks Secy.

## RIVAL OF CARNEGIE.

NORTH ANDOVER, Mass., July 19—North Andover voted, at a special meeting tonight, not to accept a \$12,000 library from Andrew Carnegie, in view of the fact that ex-Congressman Moses T. Stevens made an offer to donate a library building to cost not less than \$20,000, and a site for it. The Town must raise \$1,200 annually for support of the library.

## PROSPECTS FOR AN IMPROVED STATE

Of Affairs in Sydney After the Strike

Patrick Blake Gives Some Impressions of the Situation The Atmosphere is Clearing After the Trouble

Patrick Blake the well known Charlottetown man now residing in Sydney is spending a few days in town. He leaves on return this morning.

To a Guardian representative Mr. Blake gave some interesting information on the strike to which the attention of the Maritime Provinces and Canada is now directed. Conditions are fast resuming their normal condition, says Mr. Blake, and in a few weeks business will, it is hoped, be in a former state and probably the condition of affairs will be improved. Sydney has passed through a series of thrilling experiences during the past year or two. The great fire had at first been a source of embarrassment to many, then came the smallpox which happily had been entirely stamped out and last the strike has for some time almost paralyzed business in the town.

The men are now returning to work and the company though making no concessions are taking them back on their old footing without holding any prejudicial against them.

Before the militia had been called out the men had assembled with weapons but had done no violence which could bring them under the ban of the law. There is considerable ill feeling because of sending for the militia before the resources of the house forces had been exhausted. Since the arrival of the soldiers there have been no demonstrations and nothing further of trouble is anticipated.

The company claims they are not in a position to give any better terms than at present. Be that as it may the men undoubtedly have some just grievances but were ill advised as to the strike.

Business was paralyzed and Mr. Blake, as was common with all the leading business men of the Steel City heavily felt the shock. He looked upon the future with optimistic eye, however, and is confident that out of the present trouble there will come good and the result will be a better financial condition than has existed for some time.

## \$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Pimples, or Falling of Womb which they should be unable to cure. All they ask is a fair and reasonable trial of their means of cure.

There are thousands of sick women dragging out a weary, miserable existence, who would be well and happy did they but have my experience with Dr. Pierce's Favorite Prescription," writes Mrs. Annie Leaman, of 106 Jackson St., Atlanta, Ga. "Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines internally and externally until I had made up my mind that there was no relief in sight for me. A friend of mine endorsed your 'Favorite Prescription,' and I determined then to give it a trial. It took patience and perseverance for I was in a bad condition, and had to use your medicine for nearly four months before I was cured. I would not change back for a thousand dollars. Your 'Prescription' is a grand medicine. I wish every sick woman would only try it and be convinced."  
 Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

## Porter's No. 5 Reversible and Adjustable Wood Track

## HAY CARRIER.

This is without exception the best wood track hay carrier on the market, for the reason that the carrier can be adjusted to work on any size track, from 2 x 4 to 4 x 4, by simply loosening the bolts and moving the four arms up or down on the body of the carrier. It is a perfect reversible carrier, working either way from the trip stop without changing the carrier on the track. It is made of malleable iron, has no spring to get out of repair and is very simple in construction. The locking arrangement has but two working parts and cannot fail to catch and lock the trip pulley in the carrier, holding the load entirely independent of the rope.

We also carry a complete line of single, double, and grapple Hay Forks, iron, wood and raw hide bunched Pulleys, steel grapples, floor hooks, rafter hooks, hay rope, churns, washing machines, wringers, harness and carriages of all kinds.
