Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, Nov. 24—Dow Jones reports the Eden speech yesterday in Parliament was reassuring and the London stock market this morning is better. Carnegie Illinois Steel, a subsidiary of the U. S. Steel Corporation, has advanced finished and semi-finished steel products from \$2 to \$4 a ton. Loews earnings make the stock low about as attractive as anything on the board. Dividend meetings scheduled for today are American Safety Razor, Gillette Safety, Hercules Powder, National Lead, Norfolk and Western Remington Rand, Rubberoid, Yale and Towne and Weston Oil. In view of the fact that the London market is better this morning, we believe there is a good chance that the New York market

will do better.
TORONTO, Nov. 26—McMillan Gold—G. A. Foot, president of McMillan Gold Mines, reports a vein width of 25 feet with high grade ore at the fifth level of the mine. Good ore has been opened in the seventh and eight levels as well, according to Mr. Foot.

Red Lake Gold Shore—Local officials of Red Lake Gold Shore Mines have been advised that the gold brick shipped to the mint on November 16 was valued at \$26,000. The management state the customary troubles connected with going into production have been gradually ironed out.

San Antonio—Reports from Winnipeg say that San Antonio Mine is opening an important new ore body on the 100 foot level.
