ONE WEEK'S CRIME IN RUSSIA PROPER

St. Petersburg, Aug. 21.—Last week's statistics show that 38 officials were murdered and 43 were wounded in Russia proper; that fifty bombs were discovered, that six safes were rifled of money and that 63 persons were robbed. The official figures do not include the pillaging in the country, nor do they give the number of military executions, or arrests of agitators and revolutionists, and there are no figures showing the number of persons sent into exile. The St. Petersburg Gazette says that 2,300 persons were banished on Saturday from St. Petersburg alone, and that 700 were placed on trains for the interior. The police of this city are being trained in the handling of rapid firing guns at an arms factory outside of St. Petersburg.

WON'T FIND IT YET. Tom—What's the matter with him. Got wheels? Digk—Something like that. Thinks he's a scientist and he's looking for the trackless trolley track.

THEY ALL FAILED. Many have tried to devise a corn cure equal to Putnam's, but after fifty years nothing has come upon the market. Don't experiment, use the best, and that's Putnam's.

TO COLONIZE OLD COUNTRY

LONDON, August 21.—The government has taken a bold and practical step in the direction of increasing the number of small holders. There are 70,750 acres of agricultural land, the property of the state, under the care of the commissioners of woods and forests, and of these over 4,000 acres are now vacant for want of suitable tenants. This land is to be placed under the care of Lord Carrington, who intends to offer all the vacant land to small holders at once, and as the other crown land farms become vacant, to do the same with them wherever possible. A start has been made with a farm of 916 acres at Burwell, in Cambridgeshire, which is now being cut up into small parcels.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN Mrs. Mary Dimmick of Washington Tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs. Pinkham's Vegetable Compound is a truly well-earned name. Her first letter: Dear Mrs. Pinkham— I have been a sufferer for the past eight years with a trouble which first originated from painful periods—the pains were excruciating, with inflammation and ulceration of the female organs. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me. Mrs. Mary Dimmick, Washington, D.C. Her second letter: Dear Mrs. Pinkham— You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now enjoying a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and follow your advice. Mrs. Mary Dimmick, 90th and East Capitol Sts., Washington, D.C. How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass. and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life. As Mrs. Pinkham has on file thousands of just such letters as the above, and where all women helpful advice.

A Woman's Wish!

The deepest, most heartfelt wish of all women is happiness. Her Engagement Ring and her Wedding Ring are articles most dear to her, both for what they are and for what they represent. They should not be lightly chosen, nor bought from stores where a question of their quality can for a moment exist. The E. W. Taylor Store sells Engagement and Wedding Rings that will be as bright and beautiful a generation hence as they are today. No trash finds lodgement in any section of our stock; but above all else we are particular as to the quality of our Rings for women.
