TERRIBLE LOSS OF LIFE IN BRITISH STORM

ABERDEEN, Scotland, Jan. 18.—Fifty-three of the crew of the British steamer Wistow Hall were drowned this morning when the steamer foundered on the Mull of Buchan, off the coast of Aberdeenshire. Only Captain Stoddart and three of the crew reached shore.

The Wistow had a terrible experience in a gale. Captain Stoddart, who was resuscitated after a long period of unconsciousness, relates a story of extreme tempestuous weather from the time of leaving the Clyde on Monday. The vessel got into difficulties Wednesday, when two of the crew were mortally injured. The captain himself had his spine hurt and had his arm broken, confining him to his cabin. Finally the fires were extinguished and the vessel, was at the mercy of the sea.

A few minutes before she struck the steamer assisted the captain to dress. No sooner had he reached the bridge that the steamer crashed into the rocks. He was washed overboard and remembered nothing until he recovered consciousness in the cottage where he is now lying.

Captain Stoddart was making his first voyage as commander of the Wistow Hall owing to the illness of the regular master.

After Monday the crew had no food or drink, and all of them huddled in the engine room, not daring to venture to the fore-castle to procure supplies. The scene from the shore was harrowing. The vessel soon broke up and the crew clung desperately but every wave claimed its victim. Nothing could be done to help the men, and in a short time all disappeared except the four who were carried by the sea to shore.

CURLING, Nfld., Jan. 18.—While all the eighteen vessels of the Gloucester fishing fleet which were imprisoned by ice at the Bay of Islands are believed now to be clear of the icefields and well started on their run home, seven vessels of the fleet are still at Boone Bay. The latter have little chance of getting clear until the United States revenue cutters Gresham and Androscegin, which are on their way here, are able to smash a channel through the ice pack. As none of the vessels which left Bay of Islands yesterday have returned they are supposed to have been successful in their dash for liberty. A heavy northeast breeze has pushed the ice field off shore so that no ice was to be seen at Bay of Islands when the fishermen put out and they probably rounded Cape St. George by midnight, after which they would have little trouble from the ice.

LONDON, Jan. 18.—The gale which their trouble from the ice, still continues in some parts of the United Kingdom has been most severe in a long period. About 100 lives have been sacrificed by shipwrecks and accidents, and it is feared that the tale of disaster is not yet complete.

QUEBEC MAN UNDER CHARGE OF MURDER

QUEBEC, Jan. 18.—Willie Michaud, accused of the murder of C. Oulette in a drunken brawl in a lumber camp north of La Tuque last week, was arrested last evening at his mother's home in this city by the provincial police.

WILLIE WILTED AND SHE CAPTURED HIM.

SAN FRANCISCO, Jan. 18.—Grabbing time and the leap year privileges by the forelock, Miss G. Battle, a pretty blonde, has proposed to young and bashful, if broad shouldered William D. Caswell, automobile salesman here. And as she did it according to Hoyle, dropping to one knee, grasping William's hand and whispering: "Will, Willie?" "Will what?" "Be mine."

"This is no sudden, I tell you, she slipped the ring on his finger and the rest was mumbled.

Off the Aberdeen coast the weather has been particularly wild. A large steamer was seen to disappear today. It may have put out to sea, but it is feared that it has been wrecked. Two other wrecks are reported along that coast, of which no details can be obtained.

Another vessel was seen to founder yesterday, and it is supposed to have been an Aberdeen collier with four-teen hands.

Nothing has been heard of the steamskip which was seen in distress off the Yorkshire coast a day or two ago and a boat washed ashore at Ram-say, Isle of Man, appears to indicate the wreck of a large trawler. These disasters are in addition to many small wrecks on various coasts, involving a few lives lost.

**How many tasty dishes can you make with Rolled Oats?**

In some homes this best of foods is used for only one dish—porridge. In others, it is also used for making delicious oatmeal bread, or those tasty oatmeal cookies that the children are so fond of.

In these advertisements we are going to print from time to time recipes for old dishes and new dishes made from rolled oats.

Most of them have been worked out and all of them officially approved by Miss Helen Graham Johnston, who understands the appetizing and dietetic qualities of rolled oats better than any other woman we know. Try these recipes and don't forget that each recipe was built with Tillson's Oats as the basis.

As Tillson's are prepared differently from any other rolled oats, both in the rolling process and the pan drying process, do not expect to get the most satisfactory results unless you are using

**Oatmeal Macaroons**

Beat one tablespoonful of cream, add one cupful of sugar, stir to a cream, add one egg, beaten without separating, as needed. Add one teaspoonful of vanilla and two and one-half cups of Tillson's Oats mixed with two teaspoonfuls of baking powder. Mix, drop tea-spoonfuls on a baking sheet and bake until brown.

**Chicken Panada**

Cover one half-cupful of Tillson's Rolled Oats with one cupful of chicken meat very fine. After oatmeal has soaked in the milk 15 minutes, put in double boiler and cook 10 minutes. Press through sieve. Add chopped chicken and two cupfuls of chicken broth. Return to the double boiler, season, serve when hot.

"For efficient farm remedies our line is in a class all its own. We have everything you could possibly need for during diseases peculiar to horses and cattle. Our long experience in this business enables us to judge best what would be the right remedy. Look for the sign that says The Two Maces, 149 St. George St. drtf

"The big money raising sale now on at H. H. Brown's store is proving one of the biggest bargain events that has ever been conducted in this Province. Reasonable goods such as overcoats, suits, winter caps, heavy underwear etc, in fact articles that are needed right now are marked down in many cases at prices below actual cost and that these bargains are appreciated is easily judged by the crowds that daily throng the store. The sale lasts for just 5 days more and the values are going so fast that those who intend to benefit by them should shop early, for the stock is decreasing rapidly. The big ad in this issue gives further particulars. 1-22d31

"We have sold this last season more coats than ever since the store opened, forty years ago and we intend to round out the season by clearing out every winter coat in the house. That is the reason for this lot we have just placed on sale—worth to 18.00 for 6.50. Moore & McLeod. 1-20d31
