

THE TEMPERATURE IS STILL RISING IN HOUSE OF COMMONS

INTERVIEW WITH LONDON VISITOR

Mr. Leo Scheff, F. R. C. I. of the Graphic, Herald and Lloyds.

Mr. Leo Scheff, Fellow of the Royal Colonial Institute, and Special Commissioner of The Graphic, London, and The Glasgow Herald, visited Charlottetown yesterday and leaves for Summerside to-day. Mr. Scheff is here for the purpose of writing up the Island and its Fox industry for the papers he represents. He placed himself in the hands of Mr. J. E. B. McCready, Publicity Agent, in whose company he visited the various places of interest, and from whom he learned as much about the Island, its past and its future, as will suit his purpose.

Interviewed by a representative of The Guardian, Mr. Scheff kindly submitted specimens of his journalistic work in the interest of Canada. This included the magnificently illustrated special number of The Graphic issued in October last year, every province of Canada visited by Mr. Scheff being described, the illustrations being from photographs taken by himself.

On the present occasion Mr. Scheff is also taking his own pictures, and yesterday photographed a number of interesting scenes, including fox ranches near the city.

Asked about his present tour, Mr. Scheff said:

"I am making my third journalistic tour through the Dominion. My stay will extend over about five months, during which time I hope to visit not only every one of the Provinces, but to spend a day or two in practically every important town in each Province, going from Charlottetown to Victoria and Prince Rupert. By the time I finish my present tour I hope to improve my knowledge of this magnificent and wonderful country. It is doubtful whether my enthusiasm for it can be greater than it already is, I hope, in fact I am sure, I have succeeded in imparting some of my enthusiasm to the people at home. Last October, as you see, the London Graphic, the most important illustrated paper published in Great Britain, issued as a special Supplement a description of my last tour through Canada. The Supplement occupied 32 pages and was profusely illustrated. In that Supplement I spoke of the buoyant spirit and tireless enterprise that pervade the people of Canada—the almost youthful eagerness and endless confidence and keenness that animate the men who are building up this great State. The Supplement was regarded as the best of its kind that has yet been published in the Old Country. I also published a series of articles in Lloyd's Weekly News. This paper has a weekly circulation of over a million copies, and as my series of articles was spread over seven or eight issues, I was able to tell something

SUPREME COURT YESTERDAY

The Supreme Court at Charlottetown was occupied all yesterday with the case of McKenna vs. Cumiskey an action for assault, tried at the last Hilary term, a verdict being then rendered in favor of the Plaintiff for \$100 damages. A rule nisi was granted and Mr. J. J. Johnston, K. C., is showing cause against the rule while Mr. C. G. Duffy is supporting it. The argument was not completed when the court adjourned last night at 5 o'clock and it will continue this morning at 11 o'clock.

CONDENSED ADDS TO LATE FOR CLASSIFICATION

HIS HOLINESS IS SLOWLY IMPROVING

Received in Audience Entire Delegation to Eucharistic Congress.

(Canadian Press)
ROME, May 9.—Pope Pius X. has recovered sufficient y to perform part of his routine duties. To-day he received in audience the entire apostolic delegation that attended the recent Eucharistic Congress at Malta. His Holiness is slowly gaining strength and his physicians say, if he obeys orders he will soon be able to resume his daily routine.

GANGSTERS MURDER A YOUNG CLERK

NEW YORK, May 8.—David Mizener, a young clerk, was the victim of a spectacular murder in a busy section of Brooklyn last night. Three gangsters, who had trailed him across the Williamsburg bridge, shot him down in sight of thousands on the bridge plaza firing several times into the body after the man fell. One of the men slipped away while his companions held up the crowd, firing into the air before making any attempt to escape. Two were arrested.

\$65,000 FIRE LOSS IN CITY OF BOSTON.

BOSTON, May 8.—The overturning of a kettle of hot fat in a restaurant kitchen on Warren street, early today, started a fire which destroyed ten buildings, tenement houses, with a loss of \$75,000. One hundred and twenty horses quartered in a livery stable were suffocated by smoke. Several tenement dwellers had narrow escapes, and one man was so seriously injured as to require hospital treatment.

The member from Red Deer thought that the new rules were to be enforced impartially but rigorously. He did not agree with Mr. Pugsley that there was no rule and said that the new rules were the legal guide of the House.

He also acknowledged that the Premier had intended to extend a courtesy to the member for South Cape Breton.

Mr. Carroll, thereupon, explained that he merely wished to suggest the addition of another section to the bill to the effect that, whenever practical, contractors and builders of Canada's battleships should be compelled to accept steel produced in Canada, at current prices in Canada.

Chairman Blondin pointed out that the proposed amendment could not properly be moved during the consideration of clause 2 of the bill.

The Prime Minister moreover added that it might more properly be presented on the third reading.

"Now I understand my Right Hon friend's courtesy," said Sir Wilfrid Laurier. "He says you can do anything until 2 a. m. and then the axe will fall."

"My Right Hon friend will admit that this and other amendments might have been considered had we made progress as we should have done," replied Mr. Borden.

"I would like to know what time it is," called Mr. Wilson, Laval, when Dr. Edwards of Frontenac rose to (Continued on page eleven)

GERMAN MEDICOS ARE NOW INDIGNANT

FRANKFORT-ON-MAINE, May 9.—Prof. Paul Ehrlich, the discoverer of salvarsan, consented yesterday to give such comments as he was at liberty to make upon certain phases of Dr. Friedmann's turtle vaccine treatment for tuberculosis to a correspondent. Some of Dr. Friedmann's jealously guarded cultures have been in Prof. Ehrlich's possession for official testing since the middle of January.

Prof. Ehrlich's reluctance to discuss the merits of Dr. Friedmann's vaccine until experiments covering "many months" have been completed is not shared by the authorities of the great Frankfort municipal hospital, where a half dozen tubercular patients were treated by Dr. Friedmann at Prof. Ehrlich's request and under the latter's supervision four months ago. These authorities speak of Dr. Friedmann and his methods in terms of the utmost indignation.

"They assert that the condition of the patients he treated is identical the same as if nothing whatever had been done to them. That is the most charitable observation they make."

"All medical novelties," continues the "Little Excellence," as Dr. Ehrlich is known, "ought to be handled with the utmost reserve."

CLEANING NEW YORK POLICE SITUATION.

NEW YORK, May 8.—The results thus far of the ten months' war to end the police system's "carnival of graft" have included the conviction of, or plea of guilty by policemen and the conviction of several associates in crime.

The list begins with Lieut. Chas. Becker, who was convicted last October of the investigation of the murder of Herman Rosenthal in July because the latter threatened to expose police graft. In November four gunmen were convicted of the same crime and sentenced to Sing Sing. Where, with Becker, they are awaiting the execution of death sentences.

SIX MEMBERS OF THE PROV. SILVER SCHOONER'S CREW

Burned to Death as They Slept—Cause of Fire Unknown.

(Canadian Press)
VANCOUVER, May 9.—Hemmed in by flames started through an unknown cause, six members of the crew of the steamer Toppler which sailed from Vancouver last night, were burned to death in a fire which is still burning and will totally destroy the vessel.

The fire started at 3.30 this morning. There were 11 men in the crew. Five, including the captain, chief engineer, mate, cook and one deck hand, slept in the forepart of the vessel. These were saved owing to the mate being awakened by the smoke and he alarmed his comrades.

The steamer was of wood construction and was owned by the Lincoln S. S. Co., Vancouver.

OPENING OF NEW ZION

Following is the order of service for the opening ceremonies in the new Zion Church to-morrow:

Morning—Gloria—Choir and Congregation. Invocation. Singing—Psalm Selection 16—"Ye Gates Lift Up Your Heads." Old Testament Scriptures. Prayer. Anthem—"Send Out Thy Light"—Gottlieb. New Testament Scripture Singing—Hymn No. 464—"The Church's One Foundation." Sermon by Rev. Clarence McKinnon, D. D. Prayer. Announcements—Voluntary—Offering. Anthem. Singing—Hymn No. 449—"Zion's King Shall Reign Victorious." Benediction. Evening—Gloria. Invocation. Singing—Hymn No. 90—"All Hail the Power of Jesus' Name." Scripture Reading. Anthem—"Glorious Is Thy Name"—Mozart. Prayer. Singing—Hymn No. 13—"The spacious Firmament." Sermon by Rev. Clarence McKinnon, D. D. Prayer. Voluntary—Announcements—Offering. Anthem—"Praise Ye the Father."—Gottlieb. Singing—Hymn No. 261—"For All the Saints." Benediction.

D. D. FOR PREMIER BORDEN FROM OLD MCGILL.

MONTREAL, May 8.—Four distinguished men will receive the honorary degree of doctor of laws from McGill university in the course of the next few months. At a meeting of the corporation, today, it was decided to confer the L. L. D. degree upon the Right Hon. Richard Borden, Viscount Haldane, Lord High Chancellor of England, "in special recognition of his constant advocacy of the cause of higher education to which he has rendered such valuable service, and as a compliment, personal as well as official, on the occasion of his first visit to Canada, to one who has achieved marked distinction as a statesman and administrator, philosopher and jurist, and who has crowned a brilliant career by attaining to the highest judicial office in the gift of the sovereign."

BEAVER DAMS CAUSE FLOOD IN WISCONSIN.

PHILIPS, Wis., May 8.—A colony of beavers caused a flood in the upper part of this country and the State government was forced to help the farmers.

The State game laws forbid the destruction of beaver dams, and to stop the flood the Game Warden was forced to come down in person to supervise the destruction of the colony.

The flood covered one hundred square miles in an unsettled part of the country.

NO MORE OPIUM TO CHINA

LONDON, May 8.—The government announced that no more opium will be sent from India to China this year. It says it is probable that the traffic in opium between India and China will never be renewed.

Minard's Liniment Relieves Neuralgia

THE PROV. SILVER BLACK FOXES LTD

Big Prospects—Guarantee of 20 Per Cent on Investments.

The attention of Guardian readers is called to the splendid prospectus of the Provincial Silver Black Foxes Limited which appears elsewhere in this issue. This is one of the most attractive propositions that has yet been placed on the market. It would be a difficult matter to find a stronger or more honorable Board of Directors than the gentlemen composing the directorate of this Company. Mr. John Agnew the President of the Company and Manager of the ranch needs no recommendations to the public as he was formerly speaker in the House of Assembly of this Province; he is widely known throughout the Province as a man whose word is as good as his bond. Mr. Agnew is one of the successful pioneers of the Fox industry and possesses such qualifications as will enable him to fill the position successfully and to the entire satisfaction of the stockholders. Mr. John Hyndman of Hyndman & Co. Limited, the well known Insurance Brokers, is also highly thought of and the very name of Hyndman spells success. It is particularly adaptable in this case, as whatever Mr. John O. Hyndman has taken up he has put the necessary spirit and zeal in his work so as to bring about the desired success. He is a man whose ability and uprightness is recognized all through the Maritime Provinces, and elsewhere, especially by those who have been associated with him in any business transaction. Representing as he does such prominent financial institutions as Lloyds Ltd., (marine underwriters), North British and Mercantile Insurance Co., The Great West Life Insurance Co., Prudential Trust Co., and many other important Companies, is sufficient proof of the strong faith and confidence imposed in him. Mr. George D. DeBlois, Sec'y.-Treas. of the Company, is a most promising and rising young business man. He has for the past seven years held a position of trust and responsibility in the large wholesale and steam-

HON. JOHN AGNEW. President and Manager of the Provincial Silver Black Foxes, Ltd.

ors than the gentlemen composing the directorate of this Company. 600 WOMEN JOIN CATHOLIC ORDER.

NEW YORK, May 8.—Cardinal Farley has received six hundred women, all of prominent Roman Catholic families, in this city, into the Society of the Lady of Charity of St. Vincent de Paul. In this way the women become members of a Vatican lay order. This marked the introduction of the order in this country.

The women went to the altar and, kneeling, recited a pledge to perform deeds of half, and the cathedral was crowned. The adviser of the Association of Catholic Charities, to which all the women belong, placed a silver cross, the insignia of the order, suspended by a white ribbon, about their necks. Mr. McMahon was assisted by the Rev. John J. Byrne.

TEXAS GIRL'S PORTRAIT ON NEW U. S. CURRENCY.

NEW YORK, May 8.—It is one thing to have one's portrait in a museum, like George Washington and others, but the likeness of Miss Evelyn James, of San Antonio, Tex., bids soon to become immensely popular. It is safe to say her picture will be in every good American home, for Miss James' picture will appear exclusively on Uncle Sam's paper money.

A committee recently appointed by Congress selected Miss James' picture for the central feminine figure of a decorative group for the reverse side of the new currency. So you can see just how popular her picture is likely to become.

DUKE OF CONNAUGHT DEFENDS SCOUTS

LONDON, May 8.—The Duke of Connaught, who has been appointed by the King, President of the Boy Scouts' Association, took the chair for the first time at the general meeting of the Council yesterday. Speaking as the Chief Scout of Canada, he said: "I have been among nearly all the boys of that country. Now either serving or having served there are 30,000 Boy Scouts. In the Dominion of Canada, as in England, we have had our deprecators. There were people who did not believe in it, who imagined that there was militarism at the back of it. I have done my utmost to point out that if militarism means making boys respectful, moral and manly, then there is militarism at the back of it, and a very good thing that is. But that is not my idea of militarism. I do not think I need to give you my definition of it, because probably all of you who know foreign countries where they have large armies know that the whole administration of the country is subservient to military conditions. You will recognize that there neither is nor will be anything on those lines here."

INDIAN BOY SAID TO HAVE BEEN CURED

LONDON, May 8.—One cure is claimed here for the Friedmann treatment by friends of the doctor. The case is that of an Indian lad named Waukosh, who, while not in a very advanced state, had commenced to weaken. He has been in the hospital here ever since he was treated by Friedmann, and his father states that he is so well that he is going to take him home this week.

Dr. Friedmann's visit to London has again caused dozens of the most pathetic messages to come to the hospital authorities. Long distance messages, offering large sums for the treatment, are being constantly received.

THE WEATHER THE TEMPERATURE TIDE, MOON ETC

(Special to The Guardian.)
TORONTO, Ont., May 10.—A few light scattered showers at first in the eastern portion, then clearing and cool.

The temperature at three o'clock this morning by the Rexall Store Tested Thermometer with a northern exposure was thirty-six degrees above and with a southern thirty-eight above.

THE WEATHER.—Yesterday was sunshine and cloudy alternately with rain. Cloudy at night.

The tide will be high this afternoon at 12.29, tomorrow at 1.09 and Monday at 2.01; it will be high tomorrow morning at 2.43, Monday at 3.36.

Minard's Liniment Cures Colds, etc.

N. B. SECTION OF TRANSCONTINENTAL

To be Temporarily Operated by the I. C. R. Under Mr. Gutelius.

(Canadian Press.)
(Special to The Guardian.)
OTTAWA, May 9.—The completed section of the Transcontinental Railway from Moncton to Edmundston, N. B., is to be operated temporarily by the Intercolonial.

F. P. Gutelius, the new General Manager of the I. C. R., has left for his headquarters in Moncton and will arrange for the operation of the new line.

The section in N. B. has been operated for some months by the Transcontinental Railway Commission.

Ship business of Carvell Bros. Possessing a keen intellect and splendid ability, those interested feel confident that he will achieve success in whatever he undertakes. His high standard of honor and integrity so rightly attributed and associated with the old family name of DeBlois, for many generations passed, is justly and ably upheld by him. The ranch will be situated on the Brackley Point Road about two and a half miles from Charlottetown. Everything is being done to fit the ranch and equip it in the most up-to-date manner. The five pairs of Silver Black Foxes to be placed in the ranch are all proved breeders, and with the guarantee of 20 per cent on the investment with every prospect of earning 75 per cent to 100 per cent together with the advantage of having the ranch in charge of a capable and experienced man, (Mr. Agnew) at the low cost of 15 per cent of earning 75 per cent to 100 per cent the stockholders are subject to no expense or obligation, whatever. Their prospectus affords an opportunity to secure stock in one of the safest and most lucrative investments offered in the history of the fox business.

NAVY BILL PASSED SECOND READING

Liberal Members Yielded Gracefully to the Rule in the Last Stages.

(Special to The Guardian.)
At 2 o'clock in the morning the consideration of the Naval Aid Bill in committee in the Commons came automatically to an end.

The termination of the long struggle was awaited by crowds in the gallery and was welcomed with enthusiastic cheers by ministerial members.

At last the hour was reached, the votes were taken and the measure, framed for the purpose of leading Canada's assistance to the Empire in the task of naval defence, now stands for this reading probably on Tuesday next.

The discussion in the committee was devoid of these spectacular incidents which had been confidently predicted. The new rule confining discussion to twenty minutes was applied and worked satisfactorily. Liberal members accepted the regulation requiring the condensation of speeches and some of them snubbed Hon. Wm. Pugsley when he seemed inclined to appear in the character which he filled on the famous Saturday, March 15.

Mr. Carroll the Liberal member for South Cape Breton, the first speaker, had not quite concluded his remarks when his time expired and the Prime Minister courteously informed him that, with the consent of the committee, he might continue for a few minutes longer.

At once Mr. Pugsley advised the Cape Breton member to occupy as much time as he pleased, because there was nothing in the rule to prevent him from doing so.

Dr. Clarke of Red Deer administered a direct rebuke by asserting that the new rules were now the legal guide of the House and suggested that they be enforced impartially but rigorously. Mr. Chisholm of Antigonish took the ground that the twenty-minute regulation should be observed because favor to one member might work injustice to another who wished to speak.

Mr. Nesbitt of North Oxford, moreover, closed his speech with the pointed declaration that he was not one of those who wished to infringe the rules.

It may be that the commendable compliance of the Opposition members with the rules was due to a confident belief that the Liberal majority in the senate could be relied upon to destroy the bill and prevent for the time any grant of naval aid to Britain. Whatever was the reason, however, the course taken certainly produced a superior brand of debating to that heretofore heard during the days of unlimited talk and obstruction.

ANOTHER ROW OVER NAVAL AID BILL

Liberal Members Find it Difficult to Say Little Enough.

(Special to The Guardian.)
OTTAWA, May 9.—The moment the Naval Aid Bill was called and the House went into committee the Prime Minister moved that clauses 3, 4, 5 and 6 be considered and not further postponed.

There were cries of "Carried" and "No" and the question was put and carried by a standing vote of 71 to 44, Mr. Bellemare voting with the Opposition.

When chairman Blondin rose to put the motion Mr. Carroll, Cape Breton, rose but he resumed his seat. The incident however was sufficient to bring Hon. Wm. Pugsley to his feet, exclaiming "I object to your putting the question when the member for south Cape Breton had the floor."

Sir Wilfrid Laurier rose to ask for an interpretation of the new rule. He wished to know if a member could speak only once during the sitting or if a member could speak once on each clause.

Mr. Borden replied that a member could speak on every issue if time permitted.

Sir Wilfrid Laurier: "And if we have not finished at two o'clock?"

Mr. Borden: "Then we take a vote."

Mr. Carroll, Cape Breton, was the first to essay a speech under the new rules. He commenced at 3.21 declaring that the government should not send thirty-five million dollars out of the country to build up a British shipbuilding industry. It should use it for the benefit of the steel and shipbuilding industry of Canada. He said he could debate upon this theme until two o'clock in the morning if the rules permitted him to do so. He indulged in a brief patriotic flight for the effect that every Canadian would fight if there were an emergency in this country.

Mr. Carroll had not concluded when Chairman Blondin informed him that his time had expired.

The Prime Minister said that with the consent of the committee Mr. Carroll might be allowed to proceed for a few more minutes.

At once Mr. Chisholm, Antigonish, jumped up to ask whether if Mr. Carroll were permitted to exceed his twenty minutes other members would suffer.

As there is no rule of the House bearing on the subject added Mr. Pugsley, I would suggest that the Hon. member continue his remarks as long as he likes.

"I understand that there is a distinct rule of the House," responded Mr. Borden curtly, and I don't think my hon friend's mode of meeting what I intended to be a courteous suggestion is very desirable."

Mr. Pugsley asserted that there was no binding rule. There was simply a tyrannical rule passed by the majority.

He got little encouragement in this attitude from Dr. Michael Clarke who (Continued on page 10.)

FLOATED TWO SCHOONERS

PICTOU, May 8.—The steamer Lady Sybil arrived in Pictou last night at twelve o'clock from the Magdalen Islands with the LaHave schooner Annie M. N., 90 tons register, which vessel went ashore in a gale of wind, losing her anchors and chains. This vessel goes on the Marine Slip at Pictou for repairs. The Sybil also towed the American schooner Pearl Nelson, 127 tons of Lubeck, which went ashore at Magdalen in the same gale, losing her anchors and chains off the sand beach.

MR. GARFIELD GASS

The residents of Darnly were shocked on Thursday last to hear that Mr. Garfield Gass had passed away at the home of Mr. William H. Crozier where he had been working for about a week. The deceased had been subject to sick spells of two or three days' duration and seemed to be no worse this time than usual. He passed away suddenly at noon.—J.
