Sun-shine Fur-nace

Common Furnace Fire Pot

Sunshine Furnace Fire Pot

The slanting fire-pots in common furnaces provide a rest-place for ashes and clinkers, and these clog the draft, prevent radiation, make the furnace hard to shake, and fill up the fire-pot.

The "Sunshine" pot is straight up and down, which gives an uninterrupted course to the draft, and prevents ashes and clinkers sticking to the sides.

The same skill and thought has been used on every feature of the "Sunshine" furnace—it is Canada's greatest heater.

Sold by all enterprising dealers. Booklet free.

SAYS TUCKER IS STILL HOPEFUL

BOSTON, June 9—A mass meeting will be held in Faneuil Hall tomorrow night for the purpose of making another public appeal to Governor Guild to save Tucker's life. One of the promoters of the meeting was quoted as saying today that if the governor declined to heed the request of the citizens an appeal would be sent to sent to President Roosevelt.

James H. Vahey, senior counsel for Tucker, stated tonight referring to the prisoner:

His courage is still wonderful. He is s ill bearing up with remarkable fortitude. The stories that he had broken down under the strain are false. He is still the same cool, courageous boy determined to conceal the fear that may be creeping over him, though it be almost his last minute. He believes even now with the eleventh hour passing over him that something will arise out of the darkness and spare his life. I assured him that all will be done that human power can do.

AN HONEST MAN

Wrote and told us that Ozone has not cured him of Stomach trouble. He did not say what kind of Ozone so we wrote and asked him if he was sure he had been taking Solution of Ozone, the kind that contains a coupon entitling the purchaser to one full sized 25c. package of Celery King free of cost. He replied that he had unknowingly taken some other brand, and was sorry that he had treated us unjustly. Then he commenced to use Ozone (the coupon kind) with Celery King—he is a well man to day. You can be cured just as easily if you are careful to ask your druggist for Ozone (the coupon kind) made by the THE PUBLIC DRUG CO., BRIDGEBURG, ONT.

THE ZULU CHIEFS ARE DISLOYAL

JOHANNESBURG, June 9.—The situation created by the successful escape of the rebel chief Bambaata from his own location near Gregtown in the Nkandhla district of Zululand is undoubtedly becoming one of increasing gravity owing to the action of the Zulus chief in that vicinity. There are minor differences of details between the various reports transmitted from Natal, but it is apparent that at least two chiefs of authority, Siganamdi and N'Dubi have flatly refused to co-operate with the authorities in their endeavors to capture Bambaata and his followers. Even more serious are the reports that these chiefs actively helped Bambaata in his flight after he crossed the Tugela, and that they have threatened Hashi, a minor but loyal chief with the wiping out of himself and his tribe unless he joins in their plans which according to Nashi include a deliberate attack upon Nkandhla and Eshowe.
