The Borden train left yesterday morning at 6.30 with two engines, plough and flange, arriving at 10.40. She left on return at 6.40 p. m. but was 2 hours making Emerald as the cuttings along the line were being filled by drifts and falling snow. She reached the City at midnight. A train with two engines, two passenger cars plough and flange, left Summerside at 11.55 a. m., took on some freight at Emerald, and arrived in the City at 6.55 p. m. LIGHTS OUT.—The lights on several of the city streets were out last night for a considerable time, due to a break in one of the main cables. Workmen were out locating the trouble, which was eventually remedied.

RUNAWAY YESTERDAY.—A small commotion was caused yesterday afternoon on Grafton Street by the runaway of a country horse hitched to a wood sleigh. After several efforts to stop him had failed, a young lad jumped aboard the sleigh which approached Hughes' corner, caught the reins and soon had the horse under control.

THE WEATHER.—Yesterday the weather was in a more cheerful mood and the mercury's spirits rose accordingly. The coldest recorded in the City was five above and the coldest recorded at the Experimental Farm was 3 below, a mark reached in the early morning. The lowest recorded near the City for the present week was 14 below, registered at the Experimental Farm Wednesday morning.

WARD TWO.—The election card of Mr. D. J. Riley, one of the candidates for Ward Two, will appear in tomorrow's Guardian. Mr. Riley is no stranger to civic matters he having already served at the Council Board. As Chairman of the Finance Committee he administered that department in a manner that brought him unstinted praise from the business interests of the City. His successful conduct of his own business is an assurance that, if elected, his advice in the civic administration should be valuable. Electors of Ward Two are asked to look for his card tomorrow morning.

A SHORT MONTH.—Regarding the present situation and the ordinary short month of February, the New York Herald of recent date says: The month of February, which opened on Friday, will be the shortest ever known to workmen and business men. There will be four Sundays in the month, four workless Mondays, four Saturdays and Washington's Birthday. This leaves only eighteen unbroken business days in the month. This is putting some curb on the activities and energies of a people prone to ascribe poverty of some of its neighbors to "too many holidays."

A MOST ENJOYABLE ENTERTAINMENT.—The concert in St. Peter's School room last night was a splendid success. The programme as announced in The Guardian yesterday was carried out most enjoyably. The Comedy "My Uncle's Will" and the drama "The Littlest Girl" were rendered in a manner that would have done credit to professionals. The musical numbers by Mr. Charles Earle and Miss Mamie Smith were fully up to the high standard always expected from these popular soloists, while the rendition of "Les Vieux Temps" by Mr. D. Edgar Shaw left nothing to be desired in the way of humorous interpretation. The proceeds which were in aid of the prisoners of War Fund were, it is understood, quite satisfactory the attendance being sufficiently large to tax the capacity of the hall.

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood.

If the blood is very impure, the bones become diseased, the muscles become unyielding, the stop loses its elasticity, and there is inability to perform the usual amount of labor. The skin loses its clearness, and pimples, blotches and other eruptions appear.

Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula and other humors, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. Be sure to get Hood's and get it today. A. druggists.

SUCCESSFUL TEA.—The tea and sale in St. Paul's Hall yesterday afternoon was one of the most successful ever held, large crowds taking advantage of the excellent weather to attend this annual feature. The proceeds, which were most gratifying, go towards the missions fund. A feature of the tea was the Red Cross Table with young girl members of the Junior Red Cross of St. Paul's Church dressed as nurses. A large sum was obtained at this table, which goes towards the Red Cross. The women's auxiliary of St. Paul's deserves much credit and praise for the excellence of the exhibits and the success obtained.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush kidneys and neutralize irritating acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes.

It is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Attention is called to the excellent statement of the Great-West Life Assurance Company, which appears in this issue. The new business transacted was the largest in the Company's history. The progress shown in every department is in keeping with the excellent record of this splendid institution.

The claims including war losses amounted to only 74 per cent of the "expected."

PROPERTY OF NICHOLAS SEIZED IN NEW YORK

NEW YORK, Feb. 6.—Property in a Brooklyn warehouse, said to belong to Nicholas Romanoff, former emperor of Russia, was seized yesterday by deputy-sheriff's writ of attachment issued by the supreme court of Brooklyn. The court decided last Friday that as long as Mr. Romanoff was emperor no action could be brought against him in New York, but since he had lost the position he could be sued as any other private citizen. The attachment was to protect the claim of the Marine Transportation Service Company on a claim of \$2,615,762 for alleged breach of contract for the shipment of supplies to Russia.

The property, which is said to be worth \$20,000,000, consists of automobiles, rifles, barbed wire and other war material.

GERMAN WOMEN IN U. S. MAY BE ENROLLED AS DANGEROUS ALIENS.

WASHINGTON, Feb. 6.—Thousanda of unaturalized Germans living in the United States registered today with police officers or post masters of smaller communities, under the rules of the department of justice providing for a complete census of German alien enemies. The registration will continue all week, and about 500,000 are expected to enroll.

Later a census of German women may be taken, as a bill to include women in the definition of alien enemies was introduced today in the house by Chairman Webb, of the judiciary committee, on recommendation of the department of justice. If the bill is passed, women will be subject to internment or other restraints now imposed on dangerous enemy aliens.
